READ OF HIS DEATH.

Jacob Stultz Found a Surprise in the Morning Papers.

HIS ADDRESS WAS THE MORGUE

But All the Time He Was at Home Enjoying a Good Sleep.

IDENTIFIED BY HIS FEET.

His Friends Shed Tears Over His Alleged Remains.

Jacob Stultz, a young butcher, retired to rest at the lodging house of Mrs. C O Park, corner Seventh and Grove streets, last evening, little dreaming that some of his friends were at the morgue identifying a body there as his corpse. It was not until this morning when Jacob was awakened by the irate landlady, did he ascertain that he was supposed to be on a morgue slab. A morning newspaper which was handed to him contained an account of the death of young Stultz, the butcher, on the trestle at Twenty-third avenue and told how his friends had called at the morgue and identified his body.

Stultz, after thoroughly assuring himself that he was alive, started out to clear up the mystery. He discovered that a man was killed early yesterday afternoon and when taken to the morgue was immediately identified by Deputy Coroner Quellen as young Stultz.

"I can tell him by the shape of his feet and those two small tumors on each side of his head," remarked the deputy coroner as he pointed out the peculiarities of the dead man's person.

In came Henry Beckhert, the proprietor of the California restaurant on Washington street.

"Poor Jake," he soliloquized, "I knew him well."

Billy Kohler, the well-known saloon keeper, also identified the body as that of Stultz.

"He was a good boy," said Billy as he dropped a tear, "I never thought he would come to such an end."

One by one the friends of the living Stultz called and identified the dead body. Early this morning Deputy Coroner Quellen learned that the supposed dead man had an uncle, a barber, living on Seventh street, near Madison. He called at the residence and in his most sympathetic tones informed Mr. Stultz of the sad ending of his supposed nephew.

"Why, that's impossible," remarked Mr. Stultz. "Jake dined here last evening, and I understand this accident happened early in the afternoon."

Mr. Quellen returned to the morgue and took another look at the feet and tumors of the dead man and concluded that he might be mistaken. He called in Beckert, and the latter after a careful examination concluded that it was not his friend Jake after all. One by one the friends of Stultz, who had identified him in the morgue the night previous, and hearing this morning that he was alive, called, made another examination and concluded that it was a man unknown to them.

Engineer Reynolds, who was in charge of the locomotive that killed the man says the latter was on the trestle several times during the day, but each time except the last when the whistle was blown he jumped off the track. Tatooed on the right arm of the dead man is a German coat of arms, a mounted cannon, the figures 1874 and the name "R. E. Metz."

A MURDEROUS BOY.

He Shot a Peddler Who Would Not Sell on Credit.

By Associated Press to The Tribune.

HENDRICKS, W. Va., Aug. 12.—Yesterday at Beverley Victor Captena, a picture frame peddler was shot in the head while trying to make a sale at the home of Mrs. W. T. McClintock by Mr. McClintock's 15-year-old son, Clyde.

The bullet struck Captena in the right temple and entered the brain. He dropped.

The bullet had entered the brain fully two inches but after it was removed Captena became conscious and told his name and residence and said young McClintock had shot him purposely, in pursuance of a threat that he would shoot him if he refused to sell a picture frame on credit.

Captena's skull was trephined and he is doing much better than could be expected. Young McClintock has been arrested and held without bail.

CHINESE SUPERSTITION.

They Fight a Post-Mortem on Account of Religious Traditions.

By Associated Press to The Tribune.

CHICAGO, Aug. 12.—All Chinatown is worked up over the death of Gee Seng, which occurred at the county hospital Saturday and the announcement that it will be necessary for the coroner to hold a post mortem examination before the body can be buried.

Prominent Chinese say that if the post mortem is held it will forever debar the dead man from associating with his fellows in the next world and they propose to invoke the aid of the Chinese consul at San Francisco to prevent the operation.

It also developed that during Seng's last illness and at his request his queue was cut off and the Chinese of the city fear that he renounced his religion at the same time this operation was performed.

Before Seng's kinsmen will see the dissecting knife upon the body they declare they will call for government protection.

SIEDENTOPF'S TRIAL.

It Is Set for Tomorrow in Judge Ellsworth's Court.

The trial of Walter Siedentopf, ex-county license tax collector, on four charges of misappropriating public funds is set for tomorrow in Judge Ellsworth's court. Siedentopf believes he will be acquitted. He was indicted by a grand jury which returned nine indictments. Siedentopf's case is the last one of the lot. He was charged with the embezzlement of $1,300, which his bondsmen have settled.

RETAIL TRADE IMPROVING

The Best Criterion Possible of a Return to Prosperity.

A Chicago Financier Talks of the Situation in the West.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—Comptroller W. K. Akerman, who is recognized as one of the leading financiers of Chicago, retired from office in that city on the election of a Republican mayor.

"Confidence has been restored," he said last night, "and so far as I can see nothing will happen soon to disturb it. We sold some bonds recently to a firm of New York at a higher price than we ever before received.

"The criterion of prosperity is a brisk retail trade. All through the West the country merchants are stocking their stores and buying for a big trade this fall.

"Another thing, too, shows that business men generally feel that the depression has ended and that is the reason for the voluntary advance in wages which has been made.

"Then, too, the crops are going to turn out as they never have before. I should not be surprised if we harvested 2,500,000,000,000 bushels of corn.

"Chicago Democrats and the West would like to see Whitney at the head of the ticket. The Republicans will nominate Allison."

WHISKY DID IT.

Charles Raymond Will Spend Two Years in Folsom.

Charles Raymond, a carpenter, who pleaded guilty to a charge of burglary, was sent to Folsom penitentiary for two years by Judge Frick today.

Raymond had stolen a kit of tools from a house on Pacific avenue in Alameda to sell and secure money for liquor. He was caught, however and held for trial. Raymond decided to plead guilty and suffer the consequences of his crime.

Will Rogers testified this morning that Raymond had given his fellow-craftsmen a great deal of trouble by borrowing tools from them and selling the articles.

Raymond says whisky caused his ruin.

NOT FRIENDLESS.

Frank Ferro Will Join His Brother at Whittier.

Frank Ferro, a fifteen-year-old boy, escaped a term in the penitentiary by agreeing today to spend the next six years of his life at the Whittier Reform School. Ferro was before Judge Frick today and a plea was entered that the boy be permitted to go to Whittier. He was held for trial at Haywards on a charge of burglary, and things looked pretty blue for the young man. He meditated in the County Jail over his fortune and concluded to try to go to the Reform School. His father, who has had bad luck with his boys, testified to his son's age, and Judge Frick made the necessary order, upon the consent of the District Attorney. Ferro has a brother at Whittier, who was taken there from this county about six months ago.

A PLEA OF NOT GUILTY.

Paolo Centini Arraigned for a Deadly Assault.

Paolo Centini, charged with an assault to murder G. B. Turre some months ago, was arraigned today in the Superior court and pleaded not guilty. Centini will be tried on Sept. 10th. His crime consisted of stabbing Turre during a fight in the former's shop over the price of repairing a pair of shoes. Centini cut his antagonist with a shoemaker's knife. Attorney Sam Hall is conducting the case for Centini.

THE HATFIELD CONTEST.

[illegible] Not Ready for a Hearing Yet.

The contest between Mrs. Hatfield Graham and her former husband, W. M. Hatfield over the possession of an eight-year-old son did not materialize this morning in Judge Ogden's court. There was a general desire to delay the hearing, and upon consent of the counsel the contest was continued for two weeks.

THE SUPERVISORS' WORK

The Estuary Bridge Matter Comes Before the Board.

A Medley of County Business Is Soon Put Into Shape.

At a meeting of the Board of Supervisors today applications for permission to sell liquor were filed as follows: James Sullivan, southwest corner of Forty-eighth street and Telegraph avenue; Ludwig Siege, Shellmound park; C. J. Newell, Dalton and San Pablo avenues; Antonio Lee, Alvarado; C. W. Avery, Four-Mile House, San Leandro road; Louis Lenz and J. S. Weatherworth, Half Way House, San Leandro road, Carl Rasmussen, Irvington. The applications were referred to the judiciary committee.

The application of J. T. Chatel for a saloon permit on San Leandro road brought out a protest from J. W. Hitchcock, M. Stone, Mrs. Franklin Moss and other residents in that neighborhood. The protest set forth that there is a saloon in the neighborhood already and that another is not necessary. The application and protest were referred to the judiciary committee.

The report of Dr. Young, health officer of Washington township, showed that there had been four deaths in that district during the month of July, filed.

The clerk read a communication from the State Board of Equalization, setting forth that it is the intention of that body to raise the assessment of Alameda county. The communication has already been published in the Tribune. Clerk Jordan said that he had just received a message from the secretary of the board to the effect that the communication was not alone an invitation, but also a citation and that the Board of Supervisors would be expected to be present at the meeting of the State Board of Equalization next Thursday, August 15th.

THE GEORGIA EXPOSITION.

Two petitions were read, one from people residing in this city and the other from residents of San Leandro. Both were numerously signed and recommended that the Supervisors appropriate $500 to aid the State Board of Trade in making a display at the Atlanta exposition.

Supervisor Johnston moved that the sum of $300 be appropriated.

There was no second to the motion for some time.

At length J. A. Filcher, secretary of the State Board of Trade, was allowed the floor. He said that the advisory committee intends to meet this afternoon to determine whether or not the exhibit will be made. The board had expected to raise about $10,000 to aid in making a first-class display but thus far had been able to secure only about $6,000. It now depends, he said, upon the action of the counties of Napa and Alameda as to whether or not the display at Atlanta will be made at all.

Superintendent Church asked what amount had been appropriated for the purpose by Santa Clara and Los Angeles counties.

Secretary Filcher said that Santa Clara county had appropriated $500 and that $1250 had been guaranteed by Los Angeles county, $1000 of which had been voted by the Chamber of Commerce of the city of Los Angeles.

Supervisor Church then seconded the motion of Supervisor Johnston, appropriating $300 for the purpose. A vote was taken in the matter and the appropriation was ordered, all the members of the Board save Supervisor Talcott voting in the affirmative.

The projectors of the Mount Eden Electric railway, F. Chapellet, H. L. Petermann, Daniel Chisholm, G. S. Langan, J. R. Kendall, filed a new bond in the sum of $10,000 with James H. Farrell and Louis Schaffer as sureties.

G. S. Langan said that Farrell is a partner of Chisholm and owns quite an amount of property in Haywards. The bond was approved.

The question of declaring Yoakum avenue a county road was raised by a petition from J. Tyrrell, R. B. Myers and others and was referred to the county surveyors. The same disposition was made with a similar request regarding Dover street in Peralta district.

The request of the City Council for the use of ballot boxes to be used at the special election on August 31st was granted.

THE BRIDGE ISSUE.

A communication was read from Col. G. W. Mendell of the corps of engineers touching the substitution of one bridge at Webster street for two bridges now at that thoroughfare and Alice street. He set forth that the bridges in question interfere with navigation.

Supervisor Johnston made a motion that the clerk be instructed to ask Col. Mendell as to what plan he would suggest as the best for the purpose of enabling one bridge to do the work now done by the two bridges referred to.

Supervisor Pelouze said the county does not own the railroad bridge and it would be advisable for the board to ascertain in whom the title to the structure vested.

Supervisor Talcott agreed with Supervisor Pelouze and the question of title was referred to the District Attorney.

The clerk was instructed to ascertain from Col. Mendell his opinions as to the plans in question.

Supervisor Talcott was instructed to have the bridges over Keyser creek and Kimball creek replaced without delay.

A communication was received from Secretary Eugene Hough transmitting resolutions of the American Federal Labor Union to the effect that the action of the Supervisors as a Board of Equalization is inimical to the interests of the common people. On motion of Supervisor Church the communication was filed.

Annie Preston of Niles asked for a free liquor license for August 18th at the picnic grounds in Niles canyon, on condition of closing her saloon in Niles on that day.

The request was denied on motion of Supervisor Church, who said he desired to place himself on record as opposed to a free license for any saloon for a month for a day or for any time.

The Committee of the Whole will examine into the necessity of a bridge over San Lorenzo creek.

The Board decided to go to Sacramento on next Wednesday evening to attend the meeting of the State Board of Equalization which is to be held Thursday next.

County Surveyor Nusbaumer presented plans and specifications for the proposed bridge over Sausal creek on Fourteenth street near Fruit Vale avenue. The clerk was authorized to advertise for bids for the erection of the structure which is to be constructed under the supervision of the county surveyor and Supervisor Talcott.

The clerk announced that the Contra Costa Water Company had consented to put in a water hydrant at the corner of Claremont avenue and Summer street.

Requisitions from the tax collector for supplies were granted; from the court house gardener for files, shears and other articles were referred to the Building committee.

HE GOT HER THE POISON.

A Chicago Man Helped a Young Girl to Commit Suicide.

As a Result, He Is Now in Jail as an Accessory of the Crime.

By Associated Press to The Tribune.

CHICAGO, Aug. 12.—Pauline Randall said she wanted to frighten Herbert Hale. By doing so she induced Thomas Kane to procure for her a quantity of morphine.

Last night she died from the effect of poison. Hale and Kane are locked up as accessories to the suicide.

Saturday night Pauline Randall, who was 17 years old, appeared to Patrolman Garrity of the Cottage Grove avenue station to be intoxicated.

He arrested her, and charged her with disorderly conduct.

Hale, who was her friend, she thought, did not secure bail for her.

When she secured bondsmen she complained to Hale of his dilatoriness. A quarrel followed.

The girl said she would kill herself. She could get no poison.

When she met Kane she said: "Get me some morphine, I want to scare Hale."

The poison was procured and she went to where Hale was working and swallowed the poison before him.

She died last night at the boarding house. She came here from Decatur, Ill., ten months ago.

TO PROTECT CYCLISTS.

Those Who Try to Puncture Tires Will Now Be Punished.

An Ordinance Against Broken Glass, Nails and All Such Material.

The Board of Supervisors this morning passed an ordinance which will occasion a great deal of satisfaction to bicyclists who make use of the county roads in their spins on Sunday and at other times during the week.

This ordinance makes it a misdemeanor for any person to place or throw upon any of the roads, lanes, by-ways, sidewalks or bridges of the county, any broken glass, tacks, nails, or other material which may, in any way, tend to damage or injure personal property of any kind or tend to injure life or limb. Violators of the ordinance will be fined $100 for each offense and when the fine is collected, 25 per cent of the same goes to the officer making the arrest. Failure to pay the fine will be followed by imprisonement at the rate of one day for each $2 of the fine.

This ordinance was inspired by the many bicyclists whose wheel tires have suffered from the maliciousness of those who do not own wheels. This venom is noticeable in many places throughout the county, but, more especially in and near San Leandro.

Supervisor Church said the ordinance had the approval of the district attorney.

CRUELTY TO CONVICTS.

Savagery That Makes Even the Siberian Horrors Tame.

Leased Out to Brutal Contractors and Treated Like Animals.

By Associated Press to The Tribune.

ATLANTA, Ga., Aug. 12.—Harvey Merritt, recently pardoned out of the penitentiary, has entered suit for heavy damages against the penitentiary company.

Merritt recites a horrible story of inhuman and cruel treatment as the basis of his action.

He was in for twelve years, but was pardoned after serving nine years because he was no longer useful to the lessees.

While working for the Chattahoochie Brick Company and in the coal mines of the lessees in Walker county, he alleges that he was at frequent times beaten with inhuman savageness.

At one time he was given 175 lashes, the blood spurting forth at each blow.

After this particular beating he attempted to escape, was recaptured, and he recites the horrible details of the beating he received. Six men held him while Woodruff, the whipping boss, plied the knot, which was split by the force of the blows.

One of his eyes was put out by the terrible strap.

A SPLENDID SHOWING.

Auditor Whidden Submits His Report to the State Board.

A Few Facts Showing the Prosperity of Alameda County.

County Auditor Whidden has completed the tabulation which the State Board of Equalization requires him to procure and forward to them on or before the second Monday in August. The figures will be sent to Sacramento today. They will be used by the State Board in making the changes they propose in the Alameda County assessment.

No further effort was made today to prevent the auditor from forwarding the statement based on the figures furnished him after the County Board had reduced the roll. Whidden secured a legal opinion that it was his duty to pay no heed to the suit now pending but to go ahead with his work in accordance with the State law. The answer on the part of the district attorney in behalf of the auditor and the supervisors will be made within a short time. The district attorney's office is burdened with work just now and there has been some unavoidable delay in preparing the case.

The figures compiled by the auditor are as follows.

Value of real estate other than city and town lots, $[illegible].

Value of city and town lots, $40,321,243.

Value of all real estate, $57,747,287.

Value of improvements on real estate other than city and town lots, $3,338,576.

Value of improvements on city and town lots, $22,327,150.

Value of improvements on real estate assessed to persons other than owners of real estate, $46,595.

Value of all improvements, $25,712,316.

Total value of real estate lots and improvements, $83,459,603.

Total value of all the above property after equalization by the County Board of Equalization, $92 272,944.

The number of acres of land assessed is 444,454 5.

The assessed value of mortgages is $20,921,725.

The assessed value of property heretofore sold to the state for taxes is $681,950.

The value of University mortgages not taxable is $352,900.

Oakland Directory.

The canvas for Husted's Directory of Oakland commences today. Every house in the city and suburbs will be visited by a canvasser and the publisher requests that full information be given. The names of all persons, male or female, over the age of seventeen will be taken, whether they are in business or not, the object being to give a complete list of all persons old enough to receive mail. The directory is used by the city, county and United States postal authorities and we wish to make it as complete and reliable as possible. We respectfully request that all removals or changes occurring after the canvasser's visit be reported to the office, 958 Broadway, so that our information may be corrected before printing.

A PROTOCOL OF PEACE.

All Strife Is Ended at Last in Rio Grande do Sul.

Uruguay Stands In With England Over the Trinidad Affair.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—The Herald correspondent in Rio Janeiro telegraphs that peace has been restored in Rio Grande do Sul.

A military officer is now on his way from Rio Grande do Sul to Rio Janeiro.

He bears the protocol containing the peace terms which it has been agreed shall be offered to Congress for approval as a final settlement of the difficulties in that State.

The government of Brazil, in furtherance of the Trinidad episode, has asked the government of Uruguay for a copy of the bill of health of the warship Barracouta, which arrived in port from the Montevideo islands last January.

It is reported in Brazil that when the Barracouta reached her anchorage the health officer received documents signed by the doctor on board the warship, who has been named as the health officer of the Island of Trinidad by the captain of the Barracouta, who looked upon the island as British territory.

No notice was taken by the authorities of Uruguay of the fact that Brazil claims Trinidad as her own possession.

The action of Uruguay is regarded by Brazil as savoring of subterfuge.

A NEW MARINE MONSTER.

Oakland Is Giving Birth to a Wonderful Idea.

An Electric Torpedo That Will Burst the Stoutest Ships.

For some time past the neighbors of Chas. F. McDermott have been in a turmoil of excitement. Daily they have seen six or seven men enter the spacious grounds which surround his residence at Eighth and Center streets and through the day have heard hammering issuing from the carriage house. They have seen the owner accompanied by men of military cast and bearing enter the mystical apartment and have noticed them leave in earnest conversation. They have attempted to learn from the workmen the cause of the extraordinary proceedings, but have found them dumb. They have attempted to penetrate into the mysterious regions, but have been met at the door with a refusal of admittance.

Until by 'bits the story of the wonderful doings within the McDermott carriage house has come to light.

MacDermott has an invention. Not his own, but with capital and influence he is supporting the creature of the brain of Dr. Gross, a Chicago inventor. The new machine is an electric submarine torpedo, an entirely new invention but an improvement on those already registered in the patent office which will completely revolutionize modern marine warfare and make the thick iron hulls of the now formidable warships as easily penetrable as though made of the thinnest wood. The workings of this sub-marine monster are known to but a chosen few and they refuse to part with any of their knowledge.

The machinery is being made at different shops and foundries here and in San Francisco and nothing can be told by them that will unveil the secret workings.

It is known, however that Colonel Mendell, the Government engineer on this coast, has seen the affair, and with the inventor has carefully studied it plans and workings. He has made no report as yet to the government, but his idea of the success of the new invention is extremely gratifying to its creator. The practical tests have not been made, but about the 15th of the present month the machine will be complete. It is then the intention of those interested to take it to Goat Island where a secret experiment will be made. If this is successful a public exhibition will be given about the first of September, where all may see and discuss what proposes to be one of the greatest inventions of the century.

Dr. Gross, its inventor, is not unknown in the scientific world. Some time ago he made an explosive, but has never brought it before the public, although he attempted to take it to China to be used by that country in the war with Japan. Dr. Gross' patent was sent across the Pacific, but before leaving Chicago the secret of his mission had leaked out and when he landed on the other side he was taken and rather roughly handled by the Japs. Their government informed the United States the authorities interfered and the plans of the doctor were never put into execution.

M'EWEN UNDER FIRE.

A Correspondent Tackles Him and Defends the Churches.

Editor Tribune. Sir—I spent a little more time than usual over my Saturday's Tribune and read the letter of your San Francisco correspondent, in which he rehashes for the eleventh time his arid attack against ministers [illegible] but three motives that could prompt the writing of that harangue.

The first is a desire to fill a certain amount of space with so many words for so much money. The second is a genuine desire to point out the error of their ways to churches with a view to improvement. The third is taking advantage of an opportunity to say something unkind and cutting.

The first motive could not have actuated any man with a thimble-full of brains in these restless, thoughtful days, so I dismiss it. The second is hardly in accord with the writings and professions of Arthur McEwen. The third, then, I conceive to be the laudable motive which welled up in the breast of your brave and generous correspondent.

Our kind and forbearing journalist evidently does not like the churches and ministers, and, judging by the knowledge of their work, worship and attendance displayed by him I do not wonder that he writes as he does. It's a genuine case of Dr. Fell over again. This is the sum and substance of Mr. McEwen's light effusion regarding churches and church people:

"I do not like thee, Dr. Fell,
The reason why I cannot tell."

God pity the man who is content to take his information of churches, conventions and assemblies, as well as of individuals second-hand from the vealiest of vealy people, the reportorial sophomores of the San Francisco daily press! He will surely be mentally buncoed if he does. Mr McEwen has aptly described these literary perverts so necessary to San Francisco journalism, and, as he himself avers, he has not attended church for many years (thirty, I believe is the number) we have the delightful and inspiring spectacle of a journalist depending for a certain line of information upon persons whom he denounces as thoroughly unreliable.

My own experience with churches of various denominations in San Francisco differ from those of people who find them warring half-filled and stupid. The churches I have visited appear to be filled with earnest, happy people and until we receive information about matters religious from a source more reliable than the San Francisco news gatherer, many of us will still hold opinions directly opposite to that given by Mr. McEwen.

Human beings being trinities of mental, bodily and spiritual forces it naturally follows that all of these forces in order to develop and sustain a full and symmetrical manhood and womanhood, must themselves be sustained. Many of us are not content to allow ourselves to become spiritually dwarfed, so we look after the spiritual as well as the material and mental development of our being. I don't know where the spiritual part of our nature can receive better pabulum on Sunday than in our devotions of whatever name or nature in church. If Mr. McEwen has a better system he might favor us with an exposition of its beauties and excellence. Judging however, by the lives and acts of most of the people who rave, scowl and snap at churches and church people theirs is not a happy lot. They are divided and sub-divided into cliques, clubs and isms, and some are even wondering "where they are at," while the churches are drawing nearer together in fellowship and work. In order to get at the facts of the conditions of the narrow little isms opposed to churches as well as facts regarding the churches themselves I have gone to the fountain-head and seen with my own eyes and heard with my own ears, and judged with an open, unprejudiced mind. I recommend that method to Arthur McEwen should he desire to search after truth, than which there is nothing more inspiring.

AS OTHERS SEE US.

Things are in a demoralized condition around some of the county offices. A big shortage has been discovered in the tax collector's office, involving the tax collector, county auditor and ex-tax collector. A grand jury composed of the right sort of men might be able to do a deal of good at this time.—Haywards Review.

We have previously commended Librarian Peterson for the many improvements that he has inaugurated in the management of the public library. He has rendered the books accessible to the public, has recatalogued the entire library, and has by every means in his power sought to make the library a greater benefit to the people. For this exceptional credit is due Mr. Peterson. We wish that the same degree of approbation could be given to the trustees. They have, unfortunately, been a detriment instead of a benefit to the library. Each trustee that has a literary fad has sought to impose it upon the people. As an illustration of this it is sufficient to cite one instance. In one reading room a certain trustee caused six additional religious papers to be added to the files where they repose unread week after week. A local weekly, published two doors distant from that reading room is not subscribed for. There are two reading rooms in East Oakland. Both receive papers from the north, south and east, but in neither can an East Oakland citizen find his home paper, the Mail. The trustees, as is apparent from their selection of subordinates, prefer periodicals as well as persons from abroad.—East Oakland Mail.

The shortage in the accounts of the county tax collector seems to be getting larger. Auditor Whidder states that he collected $185, but that he turned it over to Leo Parks, Mr. Roseborough's deputy. Mr. Parks denies that Whidden ever gave him any money, and there the matter stands. The district attorney states that he is going to sift the matter to the very bottom, and will bring the matter before the grand jury which meets in about two weeks. He says that he will not allow friendship to interfere with his duties toward the county. As the matter now stands it is a question of veracity between Whidden and Parks. Whoever got the money is the same person that mutilated the books, and if he is discovered he will be very liable to be sent to San Quentin for a term of years.—Berkeley Gazette.

Deputy Sheriff Sam Nellar of Oakland used to know Mrs. Catherine O'Neill in Haywards years ago and of course he was quite pleased to see her in a court room in the former city not long ago. Mrs. O'Neill was also pleased to see Mr. Nellar—very pleased. A case had been called, but she didn't mind a little thing like that. As soon as she saw her old friend she made a rush for him, threw her arms about his neck and kissed him. The spectators laughed, Mr. Nellar blushed, Mrs. O'Neill looked tender but firm and the judge rapped for order. Order was restored, and the modest victim of the assault went out into the clear, cool night where he could sit and think and think. He says there are moments when one wants to be alone.—Fresno Republican.

The Supervisors of Alameda county have declared Assessor Dalton's valuation of certain properties excessive and have reduced it by millions. Oakland's City Council has declared Mr. Dalton's assessments just and equitable and accepted them as the basis for taxation in this city. Has property two valuations in Oakland? Either the City Council or the Board of Supervisors has been false to the people. The people are with the Council.—East Oakland Mail.

Somebody has been "monkeying" with the county's assessment rolls by making false entries and pocketing money paid for taxes, and a lively newspaper controversy is now going on in consequence thereof, between Alexander Rosborough, ex-county tax collector, J Leo Parks, one of his clerks while in office and County Auditor Whidden, with J. E. Barber, present tax collector, incidentally brought into the muddle, at a loss to him of $600, brought about by somebody's trickery. The matter will go into court for elucidation. Meanwhile Auditor Whidden thinks that nothing will be gained by discussing it in advance of its reaching the legal tribunal.—Encinal.

Oakland's subscription to the Valley railroad has expired by limitation, and some of the people there are wondering what's the matter with starting in on their own account.—Fresno Expositor.

It was a source of pleasure in calling at the office of the Good Roads Association in Oakland to meet in the person of the secretary E. L. Knowlton. Our first acquaintance with the gentleman was made about a dozen years ago, when he was the principal of the Eonie public school and we were one of his pupils, and the bonds of friendship then formed have become stronger as time has passed. We are glad to know he has taken up his residence in Alameda county, and that he is now engaged in advancing the interests of so important an organization as the Good Roads Association. This body is to be congratulated on having secured for this position one so well qualified to fill the office, and we feel sure that his efforts in behalf of the organization will accomplish satisfactory results.—Haywards Review.

BENNETT RIGHT IN IT.

He Is Now to Be Ejected From His Home in Alameda.

C. R. Bennett, the ex-secretary of the Society for the Suppression of Vice, is in more hot water, says the Alameda Telegram. This it not exactly a novel experience for him, for he has been in a torried souse pretty much ever since he severed his connection with the San Francisco society named.

He came very prominently before the public on this side of the bay on account of a shooting affray in a crowded local train in Oakland. Ever since he has been in the courts defending the charges growing out of the affair and in which his name and that of a young women are mixed up with no credit to him. Twice has he been convicted and still the matter is pending on a motion for a new trial with a probable petition for a change of venue to some county, where as he claims the prejudice of the public is not so intense against him.

Bennett's latest connection with the courts will result in the eviction of himself and family from the house which has sheltered them in this city at 1207 Eagle avenue. It appears that he owes rent in the sum of $260 and the San Francisco Savings Union, which owns the property, brought suit against him in the recorder's court and recovered judgment with $8 costs. The writ of restitution was issued yesterday and given in the hands of Constable Von Kapff for service.

It was the constable's first official experience of this character and he was anything but pleased with the prospect of placing the plaintiff in peaceful possession after throwing two children out into the street with the furniture of the house, the mother being out at work during the day to help keep the pot boiling. The sequel proved that the constable lost nothing by being humane and delaying the execution of the writ.

Marcuse & Remmel, who are the agents for the bank, telephoned to their principal and a happy man was Von Kapff when he received the order to delay executing the writ until the 19th inst., during which time some other solution of the problem may possibly be arrived at.

A NEW PARLOR.

Talk of Organizing Another Branch in This City.

There is talk of organizing another parlor of Native Sons in this city, but as the membership of the new parlor would mostly come from the two parlors now in existence, many hope that the proposition will not be carried into effect. The membership of the two local parlors is 335, of which Piedmont has 175 and Oakland 160. The meeting place of both parlors at present is in California hall on Clay street, but as soon as the two buildings of Reed & Miller, at the southeast corner of Eleventh and Clay streets are completed, both parlors will move their headquarters into it. In this event it will probably be called Native Sons hall.

COUNTY CULLINGS.

Topics That Engage Attention in the Outside Towns.

The Acme Salt Works of Mt Eden have just completed setting up a thirty-five horse power tubular boiler at their new plant now in course of erection.

The golden wedding of Mr. and Mrs. Thos. R. Roller, of Castro Valley took place Saturday. A most enjoyable time was passed and all the members of the family, comprising eight sons and daughters and eight grandsons and granddaughters were present.

Antone Roberts of Crow Canyon was severely burned last Thursday by the blasting powder. For a number of years he has been connected with the Meek estate. While blasting wood his fuse reached the powder, the explosion disfiguring him in the face.

Arrangements have been completed for a joint meeting of the Y. M. I. councils of Livermore, Haywards San Lorenzo and Centerville at Haywards Sunday Aug. 25th. The grand officers expected to be present. A banquet will be one of the features.

The hauling of potatoes from Alvarado has commenced. The most extensive buyer is the Farmers Produce Company of Oakland.

All the grain now threshed around Mt. Eden has been hauled to the Eden warehouse. There are only a couple of farmers who have not as yet threshed their grain.

Arrangements have been made for the transfer of the Hayward hotel to Mrs. Kelsey of Oakland. The new management will take charge on the 15th inst.

Eden Parlor, N. S. G. W. will celebrate the eighth anniversary of its organization by a grand ball next Thursday at its hall in Haywards.

The San Lorenzo Water Company's works at Mt. Eden comprise two artesian wells which have been supplying the town with water for about three months. The wells maintain their flow, there having been no diminution since they were started.

Miss Weston, of Oakland, has succeeded Miss Dora Uhlhoff in the telephone office at Haywards.

COUNTY

BOARD OF EQUALIZATION.

Proceedings of Regular Meeting, Held Saturday, July 20, 1895.

SATURDAY, July 20, 1895.

The Board of Equalization met at 9 o'clock A. M. Roll was called and all members found to be present. The minutes of July 19th were read and approved without alteration.

The following applications were received:

No. 51, Johanna Harcke, asking that certain property on the tidal canal be assessed to her.

Upon motion of Supervisor Talcott the action of the Board of Equalization in granting the request of H. A. Hebbard to have certain property on the tidal canal placed upon the assessment roll in his name was reconsidered by unanimous vote. Thereupon Tuesday at 2 o'clock was fixed as the time when the Board would consider all applications concerning property on the tidal canal.

A recess was then taken until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

The application of C. W. Dearborn in behalf of L. B. Dearborn was then taken up. Mr. Dearborn was sworn and gave testimony after which no objection being made by the assessor, the Board reduced the assessment to $1.

The following applications were then introduced:

No. 55, Central Pacific R. R. Company, asking for reduction from $677,000 to $10 and three and one-half miles of railroad rolling stock, franchise and wharf. Attached to the application was a certificate from Charles M. Coglan, Clerk of the State Board of Equalization showing that the property mentioned in the application was assessed by the State Board. Mr. Ryan in reply to question by the Clerk stated that he would waive three days' notice not only as to this application but to all other to be presented this day. In support of his request that it be not assessed by the County Board he cited 35 Pacific Reporter, page 90, paragraph 1 and section 3607 Political Code, and section 3885. L. C. Morehouse was then sworn and testified that the Central Pacific R. R. had been assessed by the State Board for many years past.

No. 56, Contra Costa Water Company, asking that the franchise be reduced from $225,000 to $5000 or be stricken from the assessment rolls. The application was set down for hearing on Tuesday at 2 o'clock.

No. 57, Central Pacific R. R. Company, asking for reduction from $306,200 to $196,400 on tract of marsh land in plots 405 to 416 and 419 and 420, Witcher map of Oakland City, etc.

No. 58, Helena Morgenstern, asking that certain property on the line of the tidal canal be placed upon the assessment roll in her name.

No. 59, South Pacific Coast R. R. Company, asking for reduction from $18,500 to $26,000 on wharf and Narrow Gauge Depot also Horse R. R. at Newark. Mr. L. Fillmore was sworn and testified that the value of the depot did not exceed $25,000.

No. 60, Central Pacific R. R. Company, asking for reduction from $165,000 to $92,000 on depot at the end of the mole and the improvements on long wharf.

W. S. Palmer was sworn and testified concerning the condition of the property, that the depot cost from $240,000 to $250,000, that it could be duplicated for 25 per cent less, that repairs upon it amounted to $2500 a year, that the coal bunkers and restaurant were thirteen years old, that the value was about $3000, that it would cost about $1800 to replace the restaurant.

No. 61, Central Pacific R. R. Company, asking that certain steamers of the company be reduced from $152,000 to $69,950.

No. 62, South Pacific Coast R. R. Company, asking for reduction from $110,000 to $12,900 on steamers.

No. 63, Pacific Improvement Company, asking for reduction from $134,000 to $100 on tide land. Mr. Ryan then read section 3651 and asked the Board to correct assessment in vol. 6, page 102, Alameda township assessment by having assessment described by meets and bounds.

No. 64, Central Pacific R. R. Company, asking that 180 acres of marsh land be assessed $1800 instead of $18,000.

No. 65, Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township. Mr. Ryan read a decision relative to railroad operations, 10 Nevada, page 74.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that will be in proportion to the assessed value of other real estate in Oakland.

It was decided to set all applications filed by Mr. Ryan for hearing on Wednesday at 10 o'clock.

There being no further busines to transact the Board adjourned to meet Monday at 2 o'clock.

HIRAM BAILEY,
Chairman Board of Equalization.

COUNTY BOARD OF EQUALIZATION.

TUESDAY, July 23, 1895.

The Board of Equalization met at 2 o'clock pursuant to adjournment.

The roll was called and all members found to be present.

The following applications were received:

No. 69, A. Marks asking for reduction from $28,375 to $18,850 on property in block 172, City of Oakland.

No. 70. The Board then took up the application of Julia Bouquet, who being present was sworn and gave testimony, after which the matter was taken under advisement pending an examination by the assessor.

No. 71, Henry P. Dalton, asking that certain property known as tidal lands, Alameda, vol. 6, page 101 and 103, be corrected as to description. Upon motion the same was granted.

No. 72, W. F. Rudolph, asking for reduction on property Oakland City, vol. 4, page 17, from $150 to $1.

The Electric R. R. and Cable Co. applications for reduction in assessment Nos. 42, 43, 44, 45, 46-67, 51 and 52 were then taken up for consideration.

Mr. W. R. Davis appeared for the assessor and W. H. Chickering, George W. Reed and C. H. Tebbs for the companies.

No. 43, The Alameda, Oakland and Piedmont R. R. Company, was taken up first. W. M. Rank and W. H. Chickering were sworn and gave testimony in behalf of the applicant. Ross Morgan and H. P. Dalton gave testimony in support of his assessments, after which the same was taken under advisement.

No. 44, The Highland Park R. R. Company was next considered. Frank J. Woodward was sworn and gave testimony in behalf of the assessor. Ross Morgan was also sworn and gave testimony in behalf of the assessor's valuation.

No. 42, Central Avenue R. R. Company application was then considered. W. F. Rudolph, secretary of the company, was sworn and testified concerning the property of the company. Statements were made by the assessor and it was also taken under advisement.

Nos. 45-67, Consolidated Oakland Street R. R. Company's application was then taken up. A. K. Grim was sworn and testified concerning the value of the property. Ross Morgan was sworn and testified supporting the valuations of the assessor, after which it was taken under advisement.

East Oakland Street R. R. Company was next considered. E. P. Vandercook, president, was sworn and testified. The assessor made statements supporting his valuations after which the application was taken under advisement.

No. 52, Oakland, San Leandro & Haywards Electric R. R. Company's application was next considered. A. L. Stone was sworn and testified concerning the cost of the plant, its present value, its earnigs, and its expenses. The assessor made a statement and it was then taken under advisement.

The application of the Contra Costa Water Company was set for 9 o'clock Wednesday morning.

The Board then adjourned to meet Wednesday at 9 o'clock A. M.

COUNTY BOARD OF EQUALIZATION.

WEDNESDAY, July 24, 1895.

The Board of Equalization met at 9 o'clock pursuant to adjournment. The roll was called and all members found to be present. The reading of the minutes was postponed.

The matter of the hearing of the application of the Contra Costa Water Company was then taken up. J. H. T. Watkinson was sworn and gave testimony. He claimed that the place of business was in San Francisco and that the franchise should not be assessed in this county. After statement by the assessor the matter was continued until the afternoon so that Mr. Watkinson might bring evidence of the change of the principal place of business of the company to San Francisco.

W. H. Chickering and George W. Reed for the Street R. R. Companies and Wm. R. Davis for the assessor appeared before the Board after which applications Nos. 42, 43, 44, 45-67, 51, and 52 were taken under advisement.

Applications Nos. 55, 57, 60, 61, 62, 63, 64, 65, and 66 were then taken up for consideration. Mr. A. A. Moore and G. W. Baker represented the companies and Wm. R. Davis the assessor.

No. 55, application of the Central Pacific R. R. Company asking for reduction on three and one-half miles of railroad, rolling stock, franchise and wharf, was first taken up and testimony was taken. H. P. Dalton and Ross Morgan were sworn and testified in support of the assessments. W. S. Palmer, E. B. Ryan and Charles Morris were sworn and testified in behalf of the Central Pacific Company showing the value of the Seventh street line, franchise and the earnings of the line from March 1, 1894, to March 1, 1895.

Nos. 61 and 62, applications of the Central Pacific R. R. Company and the South Pacific Coast R. R. Company, asking that the assessment on certain steamers be reduced from $152,500 to $69,950 and from $110,000 to $12,900. M. R. Roberts was sworn and gave expert testimony as to the value of the steamers mentioned in the applications. Wm. McKenzie and Mr. L. Fillmore were also sworn and testified in behalf of the applicants.

No. 60, application of the Centrtal Pacific R. R. Company for reduction from $165,000 to $92,000 on depot at the end of the mole and the improvements on the long wharf was next considered. W. G. Reese was sworn and testified for the assessor as expert and W. S. Palmer for the company.

No. 57, application of Central Pacific R. R. Company for reduction from $306,200 to $196,800 on tract of marsh land in plots 408 to 409 and 419 to 420 which is map of Oakland City was next considered. E. B. Ryan and Henry P. Dalton were sworn and testified concerning the assessment.

No. 59 application of South Pacific Coast R. R. Company for reduction from $18,500 to $26,400 on wharf at Narrow Guage depot, also horse R. R. at Newark, was next considered. H. P. Dalton, L. Fillmore and E. B. Ryan testified.

No. 63 application of Pacific Improvement Company for reduction from $134,000 to $100 on tide lands was then considered. It was shown that through a mistake made in the assessor's office all the Alameda marsh lands were described as tide lands and that the same being imperfect description made the assessment void. It was also brought out that on July 22d the Board of Equalization had granted the application of the assessor for permission to change the description the assessment so that it would read marsh lands. Mr. Moore for applicant objected to this action of the Board and the assessor claiming that ten days notice should be given before the board took action upon such an application. Mr. Moore stated that the company would, however, waive all technicalities and consent to a chance being made on the assessment rolls so that the assessment should appear as $65,000 instead of $134,000 and thereupon the following agreement was arrived at:

"It is agreed by all parties that the assessment in vol 6 page 102 to the Pacific Improvement Company be corrected and now entered at $65,000 and upon an undivided interest in a tract of marsh land owned by the Pacific Improvement Company and that all notice as required by law is waived. It is consent that the consent and agreement that the assessment roll giving correction as to the assessment against the Pacific Improvement Company in marsh lands is not to be construed so that the correction shall or might effect any other system.

"And Whereas, It appears that the above property has escaped assessment and that it is necessary for the Board to make an assessment,

"It is Therefore Ordered, That such property be assessed at $65,000 to the Pacific Improvement Company."

Supervisor Church thereupon moved that the agreement above set out be concurred in and that the assessor be ordered to make the correction and that the Clerk make entry of all the proceedings concerning the change in full upon the minutes. The motion was seconded, the roll was called and the motion carried by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Supervisor Talcott moved that in order that the minutes might make proper showing that the action of the Board in granting the application of the assessor filed July 22d be rescinded, seconded. The roll was called and the motion carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

No. 64 application wherein Central Pacific R. R. Company asks that 180 acres of marsh land be assessed at $1800 instead of $18,000 was next considered. H. P. Dalton and E. B. Ryan giving testimony.

No. 65, Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township was then considered. H. P. Dalton, Ross Morgan, E. B. Ryan and H. Harper were sworn and gave testimony.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that would be in proportion to the assessed value of other real estate in Oakland was next considered. Statements were made by Mr. Dalton and Mr. Ryan concerning the same. Attorneys for the respective parties then addressed the Board, after which the applications considered were taken under advisement.

The Board adjourned to meet Thursday, July 25th at 9 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Equalization.
Attest: Frank C. Jordan, Clerk.

COUNTY BOARD OF EQUALIZATION.

THURSDAY, July 25, 1895.

The Board of Equalization met at 9 o'clock A. M. The roll was called and all members found to be present. The minutes of July 18th, 19th and 22d were read and approved without alteration.

The Clerk then stated that the Military Roll had been received from the assessor and it was the duty of the Board to proceed in the same manner as is prescribed by law for the correction of the assessment roll.

The Board then examined the Military roll after which the following resolution was introduced by Supervisor Talcott:

"Resolved, That the Military Roll this day examined by the Board of Equalization in accordance with the provisions of section 1899 Political Code appears to be correct and to comply with the provisions of law."

A. Marks, whose application had been presented at a previous meeting, being present, waived notice by the Clerk, was sworn and gave testimony and after sworn statements by the assessor the matter was taken under advisement.

The chair then declared a recess until 1 o'clock.

AFTERNOON SESSION.

The Board reassembled at 1 o'clock. The roll was called and all members were found to be present. The minutes of July 20th, 23d and 24th were read and approved without alteration.

The Clerk then read the application of W. H. Smythe for reduction on property assessed to J. E. Nutting.

Mr. Smythe being present waived notice, was sworn and stated that it was assessed higher than surrounding property. He asked that the assessment be reduced. After statement by the assessor the matter was taken under advisement.

Mrs. Kate M. Derby, No. 73, asked that lots in block 10, San Antonio be reduced from $2400 to $1800. Waiving notice she was sworn and testified.

Mrs. M. A. Cummins, No. 74, was then brought up for action. Mrs. Cummins waived notice by the Clerk, was sworn and testified as to the value of land. The two applications were then taken under advisement.

Mr. G. W. Baker appeared before the Board and stated that although the assessment against the Oakland Water Front Company was imperfect, that the company would waive notice and irregularities. He read a telegram from E. B. Ryan agreeing such a course being taken and thereupon the following resolution was introduced:

"Whereas, It appears to the Board of Equalization that the following described taxable property within the County of Alameda has escaped assessment for purposes of taxation for the fiscal year 1894-95, to wit: An undivided interest in a tract of marsh land in Alameda township, County of Alameda, bounded north and east by Oakland harbor, south by high land of Alameda, and west by bay of San Francisco, said interest consisting of and being equal to 69.27 acres of land; and whereas it appears to said Board that said marsh land is owned and claimed and was owned and claimed on the 1st Monday of March, 1895, by the Oakland Water Front Company, a corporation, and whereas the said Oakland Water Front Company has this day appeared before this Board and asked and applied to said Board for an order directing the county assessor to assess said above described marsh land immediately and has duly waived statutory notice prescribed by section 3681 of the Political Code of this State,

"Now, Therefore, Be It Resolved, That the assessor of said county be and he is hereby directed to assess said marsh land above described at the sum of $60,000 to the said Oakland Water Front Company, a corporation, as taxable property under section 3681 of Political Code of California."

The roll was ordered called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Joseph Harris in behalf of the First Hebrew Congregation asked for reduction on church on 13th and Clay streets from $8000 to $4000. He waived notice, was sworn and testified that the building was eleven years old, that it cost $9000 to build and that it had deteriorated in value. After statements by the assessor the matter was taken under advisement.

The Board then took a recess and went into executive session as a Committee of the Whole to consider applications for reduction taken under advisement.

At 11:30 P. M. the committee presented the following report which was adopted and ordered inserted in the minutes by a unanimous vote as the action of the Board, after the same had been read by the Clerk, and the Clerk was directed to enter the changes and enter the corrections in the assessments mentioned in said report in the assessment roll. The Board having duly considered the same the following applications were denied:

No. 74, Assessor Dalton.
No. 70, Julia Bouquet.
No. 69, A. Marks.
No. 66, Pacific Improvement Company.
No. 63, Pacific Improvement Company, owing to agreement made as shown by minutes of July 24, 1895.

BOARD OF SUPERVISORS.

Proceedings of Adjourned Regular Meeting, Held Thursday, August 1, 1895.

Thursday, August 1, 1895.

The Board of Supervisors met at 2 o'clock. Roll was called and all members found to be present.

BID FOR SAUSAL CREEK REPAIRS RECALLED.

J. C. Estey, in a communication, asked leave to withdraw bid on Sausal Creek culvert. There being no objection, the Clerk was directed to return him his check, and the bid was dropped from further consideration.

COMMUNICATION OF FRANK SOULE.

A communication was received from Frank Soule, as follows:

Oakland, August 1, 1895.

The Honorable, the Board of Supervisors of Alameda County, Cal

Gentlemen: In accordance with your request, I have inspected Sausal Creek at the crossing of the San Leandro road, where it is proposed by your Honorable Board to construct a culvert to carry the waters of said creek, and I have also carefully examined the plans and specifications for such culvert offered by the several bidders for the contract to con-struct the culvert: and after duly considering the many merits of the several plans proposed, I respectfully report to your Honorable Body that, considering the amount of water to be carried by the culvert, the danger of undermining or washing around the sides of the concrete masonry, the pressure of the earth upon the sides and the top, the effect of travel and heavy loads, and several other less important questions involved, in my opinion, considering the cost, the bid of Messrs. Johnson & Peterson, numbered 1, in their plans, is the best for the uses of the county and the purposes of your Honorable Board.

Very respectfully yours,
FRANK SOULE,
Consulting Engineer.

The communication was ordered placed on file.

CONSIDERATION OF BIDS FOR SAUSAL CREEK CULVERT.

The matter of considering the bids on the Sausal Creek culvert was then taken up. Plans were examined, after which the matter was laid over until next Monday at 2 o'clock.

ATLANTA EXPOSITION.

A communication was received from J. A. Filcher, Secretary State Board of Trade, concerning the Atlanta Exposition, which was read by the Clerk, after which action was postponed.

ADJOURNMENT.

There being no further business to transact, the Board adjourned to meet Monday, August 5th, at 10 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Supervisors.

BOARD OF SUPERVISORS.

Proceedings of Adjourned Regular Meeting, Held Thursday, August 5, 1895.

MONDAY, August 5, 1895.

The Board of Supervisors met at 10 o'clock A. M. Roll was called and all members found to be present. The minutes of July 29th and August 1st were read and approved without alteration.

RELIEF TO INDIGENTS.

The following persons made application for relief, viz.:

S. E. Maupin, 810 Webster Street, aged 60, native of Ohio, three children. Referred to Supervisor Church.

B. Robinson, 940 Adeline Street, aged 50, native of England. Referred to Supervisor Pelouze.

Joseph Miller, American Brewery, West Berkeley, aged 44, native of Germany. Sent to Hospital.

APPLICATIONS FOR PERMIT TO OBTAIN LICENSE

Were received from Mrs. A. E. Sherry, Stockyards; A. Johnson, Russel Station, Eden Township; and W. S. Santos, Centerville.

Each of the applications was accompanied by a bond in proper form and correct amount, and upon motion were approved and referred to the Judiciary Committee.

THE JUDICIARY COMMITTEE

Reported favorably upon the application of P. C. Nielsen, Con Donovan, Wm. Graesslin, S. G. Scott, O. Oliver, and J. W. Sheafer, Mrs. Annie Preston, and Jas. Park. Appropriate resolutions were thereupon introduced and adopted, granting to each a permit to obtain a license for the sale of liquors.

Supervisor Talcott stated that Chas. Schuler desired to withdraw his application, but knowing that that could not be done, he moved that action be indefinitely postponed. So ordered.

REPORTS OF COUNTY OFFICERS

W. S. Pelouze, Supervisor District No. 5, presented report for the month of July, showing aid allowed indigents, $201; number assisted, 116.

J. E. Johnston, Supervisor District No. 4, presented report for the month of July, showing aid allowed indigents, $192, number assisted, 170.

J. R. Talcott, District No. 2, presented report showing number of indigents assisted 99, amount allowed $116.50.

The following officers presented reports for the month of July.

W. A. Clark superintendent County Infirmary, showing patients in Infirmary 222, receipts $46.35, payments $135, balance due for June $20.10, balance due July 31st, $98.75.

G. M. Fisher, physician and surgeon county jail report showing 98 services during the month.

J. T. Carey, gardener report showing 10,260 pounds of coal received.

J. W. Ballard, license collector, licenses collected amounting to $1475.

B. T. Mouser, health officer Oakland Township, reports for month of June.

E. H. Frick, road overseer Pleasanton Road District, report for April 1st to June 30th.

E. P. VANDERCOOK FRANCHISE.

The matter of the application of E. P. Vandercook for a franchise was then brought up for further consideration. The Clerk reported the receipt of $25 on August 1st. He was authorized to deposit the same with the treasurer. Supervisor Church stated that further action would have to be postponed owing to a writ of mandamus having been issued and August 12th having been fixed as the time for hearing before the court as to the power of the board in the matter. He moved that the whole matter be referred to the district attorney. So ordered.

ATLANTA EXPOSITION.

C. L. Taylor and Wm. R. Davis addressed the Board concerning an appropriation toward defraying the expenses of the California exhibit at Atlanta. The matter was taken under advisement until the next meeting.

ALVARADO ROAD.

W. Wills and forty-five others petitioned the Board to have one-half mile of road between Centerville and Alvarado given another coating of broken rock at a cost not to exceed $500. Mr. Wills made certain statements to the Board after which the matter was referred to the Committee of the Whole.

Further consideration of the complaint against McNamee was then had. Mr. Burris made statements in behalf of defendant and Mrs. Sanford for the complainant, after which the matter was referred to the district attorney and Monday the 26th day of August, was fixed as the time when further hearing would be had and the Clerk was directed to notify all parties to that effect.

ROADS IN EDEN TOWNSHIP.

P. H. Hoare appeared before the Board and called their attention to the bridges over Kayser Creek and Kemble Creek. After some discussion upon motion of Supervisor Talcott the matter was referred to the Committee of the Whole and Thursday at 9 o'clock was fixed as the time when a visit would be made.

WATER WAGON NILES ROAD DISTRICT.

T. J. Sullivan in a communication stated that he had found it necessary to buy a water wagon for Niles road district and requested that his action be approved and the bill allowed and ordered paid. The request was granted by unanimous vote.

EXPENSE VANDERCOOK FRANCHISE.

The Clerk was directed to notify E. P. Vandercook that the sum of $51.37 was due for advertising the notice in the Oakland Enquirer and to direct him to forthwith pay the same into the county treasury.

TRANSFER OF FUNDS.

The following resolution was introduced:

"Whereas, It appears to the Board that the Palomares road district would be unreasonably burdened by the expense of constructing the north and south bridges in Crow Canon, which said expenses was incurred by the unanimous consent of the Board in a case of great emergency under sub-division 4 of section 25 of the county government act of 1893 on motion of Supervisor Talcott seconded by Supervisor Johnston it was ordered by the following called vote, to wit: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, and Chairman Bailey. Noes—None, that the claims of Cotton Bros. & Co. for $700, filed August 3, 1895, for constructing the above named bridges, be allowed and paid out of the general road fund, county general fund and the Palomares fund, in the proportion hereinafter stated: General road $2, county general $696, Palomares district road $2."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

STORM SEWER.

Councilmen Marshall and Buckland appeared before the Board as a committee from the Oakland City Council and made statements in relation to the construction of a storm sewer which would cost in the neighborhood of $42,000 and stated that the City Council desired to know whether the county would share a portion of the expense in the same. The matter was re-ferred to the district attorney for his opinion.

BILLS ALLOWED.

The following bills having been favorably reported upon by a majority of the Auditing committee, were read by the Clerk and upon motion of Supervisor Church, seconded by Supervisor Talcott were unanimously ordered paid to the following named persons for the sum set opposite their respective names, out of the funds hereinafter mentioned:

The Board then took a recess until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

SAUSAL CREEK CULVERT.

The following communication was read by the Clerk:

"To H. D. Talcott: Dear Sir: In answer to your request for my opinion of the plan for the culvert on East 14th st. at Sausal creek as submitted by Johnson and Peterson, I beg leave to report as follows:

1st. The design of the culvert does not fully comply in theory with the commonly established and accepted rules for the construction of culvert arches, in that the haunches of the arch over the abutments should be heavier; the abutments are also lighter than ordinarily used.

For the particular location at Sausal creek, the character of the creek bed is such that with very careful workmanship and exceedingly careful construction together with thorough filling and tamping behind the abutments after removal of all old timber and perishable matter the projected plan would suffice.

While the specifications given by the contractors a first-class job is guaranteed there is not sufficient detail mentioned to enable one to determine whether the first-class job is a question of judgment or fact.

My opinion is that the specifications should be more explicit not only as to character of materials but as to manner of putting them together.

In concrete construction it is absolutely necessary that these details should be definitely and distinctly understood to avoid misunderstanding.

Yours respectfully,
T. W. Morgan."

The communication was ordered filed.

Supervisor Talcott moved that all bids be rejected, seconded by Supervisor Church. The motion was carried by the following votes: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The following resolution was introduced:

"Whereas, It duly appears to this Board that the bridge over Sausal creek, where said creek crosses the San Leandro road in Brooklyn township, is in a dangerous condition and should be replaced by a concrete culvert, and

"Whereas, It is the purpose and intention of this Board to replace said bridge by a concrete culvert at a cost not to exceed $3000,

"Therefore, Be It Resolved, That said bridge be replaced by a concrete culvert with a waterway of ninety square feet, the length to be the full width of the street, at a cost not to exceed $3000;

And Be It further Resolved, That the county surveyor of the County of Alameda be, and he is hereby directed to prepare and submit to this Board immediately plans and specifications, strain sheets and working details for said culvert, and that upon the adoption of said plans and specification, strain sheets and working details, bids for the construction of said culvert be advertised for upon said plans and specifications, strain sheets and working details aforesaid."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The Clerk was directed to return the plans and specifications and certified checks to all parties.

EMPLOYMENT OF COUNTY DETECTIVE.

Assistant District Attorney Church stated that upon the advice of the district attorney the Board had passed a resolution employing H. V. Herbert as detective, that since the appointment legal questions had been raised and objection had been made to the creation of what appeared to be a new office; that the authorities seemed to indicate that serious objection could be raised to the employment of such an officer and that he would advise the Board to rescind the resolution at this time. Thereupon Supervisor Church moved that the resolution authorizing the employment of H. V. Herbert be rescinded, seconded by Supervisor Talcott. The roll was ordered called and the motion to rescind carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

APPLICATION OF E. R. ROWLAND.

Was then taken up for further consideration. The county surveyor presented report showing who were the nearest residents and after statements by Mr. Reed for the protestants, the application was denied.

ACCEPTANCE OF 39TH STREET SEWER.

Supervisor Pelouze called the attention of the Board to the petition filed on the 28th day of January and also to the report of the surveyor set out in the minutes of February 11th. Upon motion of Supervisor Pelouze, seconded by Supervisor Church, 39th street and that portion thereof described in the petition of F. E. Peaslee and others was declared a county road to be 60 and 50 feet wide as mentioned in the report of the county surveyor.

REQUISITION OF DISTRICT ATTORNEY.

The requisition of the district attorney for three volumes of Deering's New California Digest was granted.

INFIRMARY SEWER.

Supervisor Church reported progress in the matter of obtaining right of way for sewer from the County Infirmary. The committee was given further time and the county surveyor was directed to act with them in regard to the acquisition of rights of way.

ADJOURNMENT.

There being no further business to transact the Board adjourned to meet Monday, August 12th at 10 o'clock A. M.

Last night there was a gathering of bicyclists in front of the Central Bank building on Fourteenth street so large that it looked to a stranger as if a big country run had just been brought to a close. The gathering, however, is almost a nightly occurrence. It comprised leading male and female riders who are patrons of the Central Cyclery, which is located immediately opposite the entrance to the Macdonough Theater, in the Central Bank building, with the entrance on Fourteenth street. The Central Cyclery is managed and owned by B. C. Lund, who is an expert in his line. He has Cleveland, Ben Hur and Tribune wheels on hand and sells them at the lowest rates.

READ OF HIS DEATH.

Jacob Stultz Found a Surprise in the Morning Papers.

HIS ADDRESS WAS THE MORGUE

But All the Time He Was at Home Enjoying a Good Sleep.

IDENTIFIED BY HIS FEET.

His Friends Shed Tears Over His Alleged Remains.

Jacob Stultz, a young butcher, retired to rest at the lodging house of Mrs. C. O. Park, corner Seventh and Grove streets, last evening, little dreaming that some of his friends were at the morgue identifying a body there as his corpse. It was not until this morning when Jacob was awakened by the tearful landlady, did he ascertain that he was supposed to be on a morgue slab. A morning newspaper which was handed to him contained an account of the death of young Stultz, the butcher, on the trestle at Twenty-third avenue, and told how his friends had called at the morgue and identified his body.

Stultz, after thoroughly assuring himself that he was alive, started out to clear up the mystery. He discovered that a man was killed early yesterday afternoon and when taken to the morgue was immediately identified by Deputy Coroner Quellen as young Stultz.

"I can tell him by the shape of his feet and those two small tumors on each side of his head," remarked the deputy coroner as he pointed out the peculiarities of the dead man's person.

In came Henry Beckaert, the proprietor of the California restaurant on Washington street

"Poor Jake," he soliloquized, "I knew him well."

Billy Kohler, the well-known saloon keeper, also identified the body as that of Stultz.

"He was a good boy," said Billy as he dropped a tear, "I never thought he would come to such an end"

One by one the friends of the living Stultz called and identified the dead body. Early this morning Deputy Coroner Quellen learned that the supposed dead man had an uncle a barber, living on Seventh street, near Madison He called at the residence and in his most sympathetic tones informed Mr. Stultz of the sad ending of his supposed nephew.

"Why, that's impossible" remarked Mr. Stultz "Jake dined here last evening, and I understand this accident happened early in the afternoon."

Mr. Quellen returned to the morgue and took another look at the feet and tumors of the dead man and concluded that he might be mistaken. He called in Beckert and the latter, after a careful examination concluded that it was not his friend Jake after all One by one the friends of Stultz, who had identified him in the morgue the night previous, and hearing this morning that he was alive, called made another examination and concluded that it was a man unknown to them

Engineer Reynolds, who was in charge of the locomotive that killed the man says the latter was on the trestle several times during the day, but each time except the last when the whistle was blown he jumped off the track Tatooed on the right arm of the dead man is a German coat of arms a mounted cannon, the figures 1871 and the name "R E. Metz"

A MURDEROUS BOY.

He Shot a Peddler Who Would Not Sell on Credit.

By Associated Press to The Tribune.

HENDRICKS, W. Va., Aug. 12.—Yesterday at Beverley Victor Captena, a picture frame peddler was shot in the head while trying to make a sale at the home of Mrs. W. T McClintock by Mr. McClintock's 15-year-old son, Clyde.

The bullet struck Captena in the right temple and entered the brain. He dropped.

The bullet had entered the brain fully two inches, but after it was removed Captena became conscious and told his name and residence and said young McClintock had shot him purposely, in pursuance of a threat that he would shoot him if he refused to sell a picture frame on credit.

Captena's skull was trephined and he is doing much better than could be expected. Young McClintock has been arrested and held without bail.

CHINESE SUPERSTITION.

They Fight a Post-Mortem on Account of Religious Traditions.

By Associated Press to The Tribune.

CHICAGO, Aug. 12—All Chintown is worked up over the death of Gee Seng, which occurred at the county hospital Saturday and the announcement that it will be necessary for the coroner to hold a post mortem examination before the body can be buried.

Prominent Chinese say that if the post mortem is held it will forever debar the dead man from associating with his fellows in the next world and they propose to invoke the aid of the Chinese consul at San Francisco to prevent the operation.

It also developed that during Seng's last illness and at his request his queue was cut off and the Chinese of the city fear that he renounced his religion at the same time this operation was performed.

Before Seng's kinsmen will see the dissecting knife upon the body they declare they will call for government protection.

SIEDENTOPF'S TRIAL.

It Is Set for Tomorrow in Judge Ellsworth's Court.

The trial of Walter Siedentopf, ex-county license tax collector, on four charges of misappropriating public funds is set for tomorrow in Judge Ellsworth's court Siedentopf believes he will be acquitted. He was indicted by a grand jury which returned nine indictments. Siedentopf's case is the last one of the lot. He was charged with the embezzlement of $1,300, which his bondsmen have settled.

RETAIL TRADE IMPROVING

The Best Criterion Possible of a Return to Prosperity.

A Chicago Financier Talks of the Situation in the West.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—Comptroller W. K Akerman, who is recognized as one of the leading financiers of Chicago, retired from office in that city on the election of a Republican mayor.

"Confidence has been restored," he said last night, "and so far as I can see nothing will happen soon to disturb it. We sold some bonds recently to a firm of New York at a higher price than we ever before received

"The criterion of prosperity is a brisk retail trade. All through the West the country merchants are stocking their stores and buying for a big trade this fall.

"Another thing too shows that business men generally feel that the depression has ended and that is the reason for the voluntary advance in wages which has been made.

"Then, too the crops are going to turn out as they never have before. I should not be surprised if we harvested 2,500,000,000,000 bushels of corn

Chicago Democrats and the West would like to see Whitney at the head of the ticket. The Republicans will nominate Allison."

Charles Raymond Will Spend Two Years in Folsom.

Charles Raymond, a carpenter, who pleaded guilty to a charge of burglary, was sent to Folsom penitentiary for two years by Judge Frick today.

Raymond had stolen a kit of tools from a house on Pacific avenue in Alameda to sell and secure money for liquor. He was caught, however and held for trial. Raymond decided to plead guilty and suffer the consequences of his crime

Will Rogers testified this morning that Raymond had given his fellow-craftsmen a great deal of trouble by borrowing tools from them and selling the articles

Raymond says whisky caused his ruin.

Frank Ferro Will Join His Brother at Whittier.

Frank Ferro, a fifteen-year-old boy, escaped a term in the penitentiary by agreeing today to spend the next six years of his life at the Whittier Reform School. Ferro was before Judge Frick today and a plea was entered that the boy be permitted to go to Whittier. He was held for trial at Haywards on a charge of burglary, and things looked pretty blue for the young man. He meditated in the County Jail over his fortune and concluded to try to go to the Reform School. His father, who has had bad luck with his boys, testified to his son's age, and Judge Frick made the necessary order, upon the consent of the District Attorney. Ferro has a brother at Whittier, who was taken there from this county about six months ago.

Paolo Centini Arraigned for a Deadly Assault.

Paolo Centini, charged with an assault to murder G. B. Turre some months ago, was arraigned today in the Superior court and pleaded not guilty. Centini will be tried on Sept. 19th His crime consisted of stabbing Turre during a fight in the former's shop over the price of repairing a pair of shoes. Centini cut his antagonist with a shoemaker's knife. Attorney Sam Hall is conducting the case for Centini.

THE HATFIELD CONTEST.

Not Ready for a Hearing Yet.

The contest between Mrs. Hatfield Graham and her former husband, W. M. Hatfield over the possession of an eight-year-old son did not materialize this morning in Judge Ogden's court. There was a general desire to delay the hearing, and upon consent of the counsel the contest was continued for two weeks.

THE SUPERVISORS' WORK

The Estuary Bridge Matter Comes Before the Board.

A Medley of County Business Is Soon Put Into Shape.

At a meeting of the Board of Supervisors today applications for permission to sell liquor were filed as follows: James Sullivan, southwest corner of Forty-eighth street and Telegraph avenue; Ludwig Siege, Shellmound park, C. J. Newell, Dalton and San Pablo avenues, Antonio Lee, Alvarado; C. W. Avery, Four-Mile House, San Leandro road, Louis Lenz and J. S. Watherworth, Half Way House, San Leandro road; Carl Rasmussen, Irvington. The applications were referred to the judiciary committee.

The application of J T. Chatel for a saloon permit on San Leandro road brought out a protest from J W. Hitchcock, M. Stone, Mrs. Franklin Moss and other residents in that neighborhood. The protest set forth that there is a saloon in the neighborhood already and that another is not necessary. The application and protest were referred to the judiciary committee

The report of Dr. Young, health officer of Washington township, showed that there had been four deaths in that district during the month of July; filed.

The clerk read a communication from the State Board of Equalization, setting forth that it is the intention of that body to raise the assessment of Alameda county. The communication has already been published in the Tribune. Clerk Jordan said that he had just received a message from the secretary of the board to the effect that the communication was not alone an invitation but also a citation and that the Board of Supervisors would be expected to be present at the meeting of the State Board of Equalization next Thursday, August 15th

THE GEORGIA EXPOSITION.

Two petitions were read, one from people residing in this city and the other from residents of San Leandro. Both were numerously signed and recommended that the Supervisors appropriate $500 to aid the State Board of Trade in making a display at the Atlanta exposition.

Supervisor Johnston moved that the sum of $300 be appropriated.

There was no second to the motion for some time

At length J. A. Filcher, secretary of the State Board of Trade, was allowed the floor He said that the advisory committee intends to meet this afternoon to determine whether or not the exhibit will be made. The board had expected to raise about $10,000 to aid in making a first-class display but thus far had been able to secure only about $6,000. It now depends, he said upon the action of the counties of Napa and Alameda as to whether or not the display at Atlanta will be made at all.

Superintendent Church asked what amount had been appropriated for the purpose by Santa Clara and Los Angeles counties.

Secretary Filcher said that Santa Clara county had appropriated $300 and that $1250 had been guaranteed by Los Angeles county, $1000 of which had been voted by the Chamber of Commerce of the city of Los Angeles.

Supervisor Church then seconded the motion of Supervisor Johnston, appropriating $300 for the purpose. A vote was taken in the matter and the appropriation was order, all the members of the Board save Supervisor Talcott voting in the affirmative.

The projectors of the Mount Eden Electric railway T. Chapellet, H. L. Petermann, Daniel Chisholm, G S. Langan, J. R. Kendall, filed a new bond in the sum of $10,000 with James H Farrell and Louis Schaffer as sureties.

G S. Langan said that Farrell is a partner of Chisholm and owns quite an amount of property in Haywards. The bond was approved.

The question of declaring Yoakum avenue a county road was raised by a petition from J Tyrrell, R. B. Myers and others and was referred to the county surveyors The same disposition was made with a similar request regarding Dover street in Peralta district

The request of the City Council for the use of ballot boxes to be used at the special election on August 31st was granted.

THE BRIDGE ISSUE

A communication was read from Col. G. W. Mendell of the corps of engineers touching the substitution of one bridge at Webster street for two bridges now at that thoroughfare and Alice street. He set forth that the bridges in question interfere with navigation.

Supervisor Johnston made a motion that the clerk be instructed to ask Col. Mendell as to what plan he would suggest as the best for the purpose of enabling one bridge to do the work now done by the two bridges referred to.

Supervisor Pelouze said the county does not own the railroad bridge and it would be advisable for the board to ascertain in whom the title to the structure vested.

Supervisor Talcott agreed with Supervisor Pelouze and the question of title was referred to the District Attorney.

The clerk was instructed to ascertain from Col. Mendell his opinions as to the plans in question.

Supervisor Talcott was instructed to have the bridges over Keyser creek and Kimball creek replaced without delay.

A communication was received from Secretary Eugene Hough transmitting resolutions of the American Federal Labor Union to the effect that the action of the Supervisors as a Board of Equalization is inimical to the interests of the common people. On motion of Supervisor Church the communication was filed.

Annie Preston of Niles asked for a free liquor license for August 18th at the picnic grounds in Niles canyon, on condition of closing her saloon in Niles on that day.

The request was denied on motion of Supervisor Church who said he desired to place himself on record as opposed to a free license for any saloon for a month, for a day or for any time.

The Committee of the Whole will examine into the necessity of a bridge over San Lorenzo creek.

The Board decided to go to Sacramento on next Wednesday evening to attend the meeting of the State Board of Equalization which is to be held Thursday next

County Surveyor Nusbaumer presented plans and specifications for the proposed bridge over Sausal creek on Fourteenth street near Fruit Vale avenue. The clerk was authorized to advertise for bids for the erection of the structure which is to be constructed under the supervision of the county surveyor and Supervisor Talcott.

The clerk announced that the Contra Cost Water Company had consented to put in a water hydrant at the corner of Claremont avenue and Summer street.

Requisitions from the tax collector for supplies were granted; from the court house gardener for files, shears and other articles were referred to the Building committee.

HE GOT HER THE POISON.

A Chicago Man Helped a Young Girl to Commit Suicide.

As a Result, He Is Now in Jail as an Accessory of the Crime.

By Associated Press to The Tribune.

CHICAGO, Aug. 12.—Pauline Randall said she wanted to frighten Herbert Hale. By doing so she induced Thomas Kane to procure for her a quantity of morphine.

Last night she died from the effect of poison. Hale and Kane are locked up as accessories to the suicide.

Saturday night Pauline Randall, who was 17 years old, appeared to Patrolman Garrity of the Cottage Grove avenue station to be intoxicated.

He arrested her, and charged her with disorderly conduct.

Hale, who was her friend, she thought, did not secure bail for her.

When she secured bondsmen she complained to Hale of his dilatoriness. A quarrel followed.

The girl said she would kill herself. She could get no poison.

When she met Kane she said: "Get me some morphine, I want to scare Hale."

The poison was procured and she went to where Hale was working and swallowed the poison before him

She died last night at the boarding house. She came here from Decatur, Ill., ten months ago.

TO PROTECT CYCLISTS.

Those Who Try to Puncture Tires Will Now Be Punished.

An Ordinance Against Broken Glass, Nails and All Such Material.

The Board of Supervisors this morning passed an ordinance which will occasion a great deal of satisfaction to bicyclists who make use of the county roads in their spins on Sunday and at other times during the week.

This ordinance makes it a misdemeanor for any person to place or throw upon any of the roads, lanes, by-ways, sidewalks or bridges of the county, any broken glass tacks, nails, or other material which may, in any way, tend to damage or injure personal property of any kind or tend to injure life or limb. Violators of the ordinance will be fined $100 for each offense and, when the fine is collected, 25 per cent of the same goes to the officer making the arrest. Failure to pay the fine will be followed by imprisonment at the rate of one day for each $2 of the fine

This ordinance was inspired by the many bicyclists whose wheel tires have suffered from the maliciousness of those who do not own wheels. This venom is noticeable in many places throughout the county, but, more especially in and near San Leandro.

Supervisor Church said the ordinance had the approval of the district attorney.

CRUELTY TO CONVICTS.

Savagery That Makes Even the Siberian Horrors Tame.

Leased Out to Brutal Contractors and Treated Like Animals.

By Associated Press to The Tribune.

ATLANTA, Ga., Aug. 12.—Harvey Merritt, recently pardoned out of the penitentiary, has entered suit for heavy damages against the penitentiary company.

Merritt recites a horrible story of inhuman and cruel treatment as the basis of his action.

He was in for twelve years, but was pardoned after serving nine years because he was no longer useful to the lessees.

While working for the Chattahoochie Brick Company and in the coal mines of the lessees in Walker county, he alleges that he was at frequent times beaten with inhuman savageness.

At one time he was given 175 lashes, the blood spurting forth at each blow.

After this particular beating he attempted to escape, was recaptured, and he recites the horrible details of the beating he received. Six men held him while Woodruff, the whipping boss, plied the knot, which was split by the force of the blows.

One of his eyes was put out by the terrible strap.

A SPLENDID SHOWING.

Auditor Whidden Submits His Report to the State Board.

A Few Facts Showing the Prosperity of Alameda County.

County Auditor Whidden has completed the tabulation which the State Board of Equalization requires him to procure and forward to them on or before the second Monday in August The figures will be sent to Sacramento today. They will be used by the State Board in making the changes they propose in the Alameda County assessment.

No further effort was made today to prevent the auditor from forwarding the statement based on the figures furnished him after the County Board had reduced the roll. Whidden secured a legal opinion that it was has duty to pay no heed to the suit now pending but to go ahead with his work in accordance with the State law. The answer on the part of the district attorney in behalf of the auditor and the supervisors will be made within a short time The district attorney's office is burdened with work just now and there has been some unavoidable delay in preparing the case.

The figures compiled by the auditor are as follows:

Oakland Directory.

The canvas for Husted's Directory of Oakland commences today. Every house in the city and suburbs will be visited by a canvasser and the publisher requests that full information be given. The names of all persons, male or female, over the age of seventeen will be taken, whether they are in business or not, the object being to give a complete list of all persons old enough to receive mail. The directory is used by the city, county and United States postal authorities and we wish to make it as complete and reliable as possible. We respectfully request that all removals or changes occurring after the canvasser's visit be reported to the office, 958 Broadway, so that our information may be corrected before printing.

A PROTOCOL OF PEACE.

All Strife Is Ended at Last in Rio Grande do Sul.

Uruguay Stands In With England Over the Trinidad Affair.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—The Herald correspondent in Rio Janeiro telegraphs that peace has been restored in Rio Grande do Sul

A military officer is now on his way from Rio Grande do Sul to Rio Janeiro

He bears the protocol containing the peace terms which it has been agreed shall be offered to Congress for approval as a final settlement of the difficulties in that State.

The government of Brazil, in furtherance of the Trinidad episode, has asked the government of Uruguay for a copy of the bill of health of the warship Barracouta, which arrived in port from the Montevideo Islands last January.

It is reported in Brazil that when the Barracouta reached her anchorage the health officer received documents signed by the doctor on board the warship, who has been named as the health officer of the Island of Trinidad by the captain of the Barracouta, who looked upon the island as British territory.

No notice was taken by the authorities of Uruguay of the fact that Brazil claims Trinidad as her own possession.

The action of Uruguay is regarded by Brazil as savoring of subterfuge.

READ OF HIS DEATH.

Jacob Stultz Found a Surprise in the Morning Papers.

HIS ADDRESS WAS THE MORGUE

But All the Time He Was at Home Enjoying a Good Sleep.

IDENTIFIED BY HIS FEET.

His Friends Shed Tears Over His Alleged Remains.

Jacob Stultz, a young butcher, retired to rest at the lodging house of Mrs. C. O. Park, corner Seventh and Grove streets, last evening, little dreaming that some of his friends were at the morgue identifying a body there as his corpse. It was not until this morning, when Jacob was awakened by the tearful landlady, did he ascertain that he was supposed to be on a morgue slab. A morning newspaper which was handed to him contained an account of the death of young Stultz, the butcher, on the trestle at Twenty-third avenue, and told how his friends had called at the morgue and identified his body.

Stultz, after thoroughly assuring himself that he was alive, started out to clear up the mystery. He discovered that a man was killed early yesterday afternoon and when taken to the morgue was immediately identified by Deputy Coroner Quellen as young Stultz.

"I can tell him by the shape of his feet and those two small tumors on each side of his head," remarked the deputy coroner as he pointed out the peculiarities of the dead man's person.

In came Henry Beckhert, the proprietor of the California restaurant on Washington street.

"Poor Jake," he soliloquized, "I knew him well."

Billy Kohler, the well-known saloon keeper, also identified the body as that of Stultz.

"He was a good boy," said Billy as he dropped a tear. "I never thought he would come to such an end."

One by one the friends of the living Stultz called and identified the dead body. Early this morning Deputy Coroner Quellen learned that the supposed dead man had an uncle, a barber, living on Seventh street, near Madison. He called at the residence and in his most sympathetic tones informed Mr. Stultz of the sad ending of his supposed nephew.

"Why, that's impossible," remarked Mr. Stultz. "Jake dined here last evening, and I understand this accident happened early in the afternoon."

Mr. Quellen returned to the morgue and took another look at the feet and tumors of the dead man and concluded that he might be mistaken. He called in Beckert, and the latter, after a careful examination concluded that it was not his friend Jake after all. One by one the friends of Stultz, who had identified him in the morgue the night previous, and hearing this morning that he was alive, called, made another examination and concluded that it was a man unknown to them.

Engineer Reynolds, who was in charge of the locomotive that killed the man, says the latter was on the trestle several times during the day, but each time except the last when the whistle was blown he jumped off the track. Tatooed on the right arm of the dead man is a German coat of arms, a mounted cannon, the figures 1871 and the name "R. E. Metz."

A MURDEROUS BOY.

He Shot a Peddler Who Would Not Sell on Credit.

By Associated Press to The Tribune.

HENDRICKS, W. Va., Aug. 12.—Yesterday at Beverley Victor Captena, a picture frame peddler was shot in the head while trying to make a sale at the home of Mrs. W. T. McClintock by Mr. McClintock's 15-year-old son, Clyde.

The bullet struck Captena in the right temple and entered the brain. He dropped.

The bullet had entered the brain fully two inches, but after it was removed Captena became conscious and told his name and residence and said young McClintock had shot him purposely, in pursuance of a threat that he would shoot him if he refused to sell a picture frame on credit.

Captena's skull was trephined and he is doing much better than could be expected. Young McClintock has been arrested and held without bail.

CHINESE SUPERSTITION.

They Fight a Post-Mortem on Account of Religious Traditions.

By Associated Press to The Tribune.

CHICAGO, Aug. 12.—All Chintown is worked up over the death of Gee Seng, which occurred at the county hospital Saturday and the announcement that it will be necessary for the coroner to hold a post mortem examination before the body can be buried.

Prominent Chinese say that if the post mortem is held it will forever debar the dead man from associating with his fellows in the next world and they propose to invoke the aid of the Chinese consul at San Francisco to prevent the operation.

Dyspepsia cured by using Adam's Tutti-Frutti Chewing Gum after each meal.

It also developed that during Seng's last illness and at his request his queue was cut off and the Chinese of the city fear that he renounced his religion at the same time this operation was performed.

Before Seng's kinsmen will see the dissecting knife upon the body they declare they will call for government protection.

SIEDENTOPF'S TRIAL.

It Is Set for Tomorrow in Judge Ellsworth's Court.

The trial of Walter Siedentopf, ex-county license tax collector, on four charges of misappropriating public funds is set for tomorrow in Judge Ellsworth's court. Siedentopf believes he will be acquitted. He was indicted by a grand jury which returned nine indictments. Siedentopf's case is the last one of the lot. He was charged with the embezzlement of $1,300, which his bondsmen have settled.

RETAIL TRADE IMPROVING

The Best Criterion Possible of a Return to Prosperity.

A Chicago Financier Talks of the Situation in the West.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—Comptroller W. K. Akerman, who is recognized as one of the leading financiers of Chicago, retired from office in that city on the election of a Republican mayor.

"Confidence has been restored," he said last night, "and so far as I can see nothing will happen soon to disturb it. We sold some bonds recently to a firm of New York at a higher price than we ever before received.

"The criterion of prosperity is a brisk retail trade. All through the West the country merchants are stocking their stores and buying for a big trade this fall.

"Another thing, too, shows that business men generally feel that the depression has ended and that is the reason for the voluntary advance in wages which has been made.

"Then, too, the crops are going to turn out as they never have before. I should not be surprised if we harvested 2,500,000,000,000 bushels of corn.

Chicago Democrats and the West would like to see Whitney at the head of the ticket. The Republicans will nominate Allison."

Charles Raymond Will Spend Two Years at Folsom.

Charles Raymond, a carpenter, who pleaded guilty to a charge of burglary, was sent to Folsom penitentiary for two years by Judge Frick today.

Raymond had stolen a kit of tools from a house on Pacific avenue in Alameda to sell and secure money for liquor. He was caught, however and held for trial. Raymond decided to plead guilty and suffer the consequences of his crime.

Will Rogers testified this morning that Raymond had given his fellow-craftsmen a great deal of trouble by borrowing tools from them and selling the articles.

Raymond says whisky caused his ruin.

Frank Ferro Will Join His Brother at Whittier.

Frank Ferro, a fifteen-year-old boy, escaped a term in the penitentiary by agreeing today to spend the next six years of his life at the Whittier Reform School. Ferro was before Judge Frick today and a plea was entered that the boy be permitted to go to Whittier. He was held for trial at Haywards on a charge of burglary, and things looked pretty blue for the young man. He meditated in the County Jail over his fortune and concluded to try to go to the Reform School. His father, who has had bad luck with his boys, testified to his son's age, and Judge Frick made the necessary order, upon the consent of the District Attorney. Ferro has a brother at Whittier, who was taken there from this county about six months ago.

THE SUPERVISORS' WORK

The Estuary Bridge Matter Comes Before the Board.

A Medley of County Business Is Soon Put Into Shape.

At a meeting of the Board of Supervisors today applications for permission to sell liquor were filed as follows: James Sullivan, southwest corner of Forty-eighth street and Telegraph avenue; Ludwig Siege, Shellmound park; C. J. Newell, Dalton and San Pablo avenues, Antonio Lee, Alvarado; C. W. Avery, Four-Mile House, San Leandro road; Louis Lenz and J. S. Watherworth, Half Way House, San Leandro road; Carl Rasmussen, Irvington. The applications were referred to the judiciary committee.

The application of J. T. Chatel for a saloon permit on San Leandro road brought out a protest from J. W. Hitchcock, M. Stone, Mrs. Franklin Moss and other residents in that neighborhood. The protest set forth that there is a saloon in the neighborhood already and that another is not necessary. The application and protest were referred to the judiciary committee.

The report of Dr. Young, health officer of Washington township, showed that there had been four deaths in that district during the month of July; filed.

The clerk read a communication from the State Board of Equalization, setting forth that it is the intention of that body to raise the assessment of Alameda county. The communication has already been published in the Tribune. Clerk Jordan said that he had just received a message from the secretary of the board to the effect that the communication was not alone an invitation, but also a citation and that the Board of Supervisors would be expected to be present at the meeting of the State Board of Equalization next Thursday, August 15th.

THE GEORGIA EXPOSITION.

Two petitions were read, one from people residing in this city and the other from residents of San Leandro. Both were numerously signed and recommended that the Supervisors appropriate $500 to aid the State Board of Trade in making a display at the Atlanta exposition.

Supervisor Johnston moved that the sum of $300 be appropriated.

There was no second to the motion for some time.

At length J. A. Filcher, secretary of the State Board of Trade, was allowed the floor. He said that the advisory committee intends to meet this afternoon to determine whether or not the exhibit will be made. The board had expected to raise about $10,000 to aid in making a first-class display but thus far had been able to secure only about $6,000. It now depends, he said upon the action of the counties of Napa and Alameda as to whether or not the display at Atlanta will be made at all.

Superintendent Church asked what amount had been appropriated for the purpose by Santa Clara and Los Angeles counties.

Secretary Filcher said that Santa Clara county had appropriated $500 and that $1250 had been guaranteed by Los Angeles county, $1000 of which had been voted by the Chamber of Commerce of the city of Los Angeles.

Supervisor Church then seconded the motion of Supervisor Johnston, appropriating $300 for the purpose. A vote was taken in the matter and the appropriation was order, all the members of the Board save Supervisor Talcott voting in the affirmative.

The projectors of the Mount Eden Electric railway, F. Chapellet, H. L. Petermann, Daniel Chisholm, G. S. Langan, J. R. Kendall, filed a new bond in the sum of $10,000 with James H. Farrell and Louis Schaffer as sureties.

G. S. Langan said that Farrell is a partner of Chisholm and owns quite an amount of property in Haywards. The bond was approved.

The question of declaring Yoakum avenue a county road was raised by a petition from J. Tyrrell, R. B. Myers and others and was referred to the county surveyors. The same disposition was made with a similar request regarding Dover street in Peralta district.

The request of the City Council for the use of ballot boxes to be used at the special election on August 31st was granted.

THE BRIDGE ISSUE.

A communication was read from Col. G. W. Mendell of the corps of engineers touching the substitution of one bridge at Webster street for two bridges now at that thoroughfare and Alice street. He set forth that the bridges in question interfere with navigation.

Supervisor Johnston made a motion that the clerk be instructed to ask Col. Mendell as to what plan he would suggest as the best for the purpose of enabling one bridge to do the work now done by the two bridges referred to.

Supervisor Pelouze said the county does not own the railroad bridge and it would be advisable for the board to ascertain in whom the title to the structure vested.

Supervisor Talcott agreed with Supervisor Pelouze and the question of title was referred to the District Attorney.

The clerk was instructed to ascertain from Col. Mendell his opinions as to the plans in question.

Supervisor Talcott was instructed to have the bridges over Keyser creek and Kimball creek replaced without delay.

A communication was received from Secretary Eugene Hough transmitting resolutions of the American Federal Labor Union to the effect that the action of the Supervisors as a Board of Equalization is inimical to the interests of the common people. On motion of Supervisor Church the communication was filed.

Annie Preston of Niles asked for a free liquor license for August 18th at the picnic grounds in Niles canyon, on condition of closing her saloon in Niles on that day.

The request was denied on motion of Supervisor Church, who said he desired to place himself on record as opposed to a free license for any saloon for a month, for a day or for any time.

The Committee of the Whole will examine into the necessity of a bridge over San Lorenzo creek.

The Board decided to go to Sacramento on next Wednesday evening to attend the meeting of the State Board of Equalization which is to be held Thursday next.

County Surveyor Nusbaumer presented plans and specifications for the proposed bridge over Sausal creek on Fourteenth street near Fruit Vale avenue. The clerk was authorized to advertise for bids for the erection of the structure which is to be constructed under the supervision of the county surveyor and Supervisor Talcott.

The clerk announced that the Contra Cost Water Company had consented to put in a water hydrant at the corner of Claremont avenue and Summer street.

Requisitions from the tax collector for supplies were granted; from the court house gardener for files, shears and other articles were referred to the Building committee.

A Chicago Man Helped a Young Girl to Commit Suicide.

As a Result, He Is Now in Jail as an Accessory of the Crime.

By Associated Press to The Tribune.

CHICAGO, Aug. 12.—Pauline Randall said she wanted to frighten Herbert Hale. By doing so she induced Thomas Kane to procure for her a quantity of morphine.

Last night she died from the effect of poison. Hale and Kane are locked up as accessories to the suicide.

Saturday night Pauline Randall, who was 17 years old, appeared to Patrolman Garrity of the Cottage Grove avenue station to be intoxicated.

He arrested her, and charged her with disorderly conduct.

Hale, who was her friend, she thought, did not secure bail for her.

When she secured bondsmen she complained to Hale of his dilatoriness. A quarrel followed.

The girl said she would kill herself. She could get no poison.

When she met Kane she said: "Get me some morphine, I want to scare Hale."

The poison was procured and she went to where Hale was working and swallowed the poison before him.

She died last night at the boarding house. She came here from Decatur, Ill., ten months ago.

TO PROTECT CYCLISTS.

Those Who Try to Puncture Tires Will Now Be Punished.

An Ordinance Against Broken Glass, Nails and All Such Material.

The Board of Supervisors this morning passed an ordinance which will occasion a great deal of satisfaction to bicyclists who make use of the county roads in their spins on Sunday and at other times during the week.

This ordinance makes it a misdemeanor for any person to place or throw upon any of the roads, lanes, by-ways, sidewalks or bridges of the county, any broken glass, tacks, nails, or other material which may, in any way, tend to damage or injure personal property of any kind or tend to injure life or limb. Violators of the ordinance will be fined $100 for each offense and, when the fine is collected, 25 per cent of the same goes to the officer making the arrest. Failure to pay the fine will be followed by imprisonement at the rate of one day for each $2 of the fine.

This ordinance was inspired by the many bicyclists whose wheel tires have suffered from the maliciousness of those who do not own wheels. This venom is noticeable in many places throughout the county, but, more especially in and near San Leandro.

Supervisor Church said the ordinance had the approval of the district attorney.

CRUELTY TO CONVICTS.

Savagery That Makes Even the Siberian Horrors Tame.

Leased Out to Brutal Contractors and Treated Like Animals.

By Associated Press to The Tribune.

ATLANTA, Ga., Aug. 12.—Harvey Merritt, recently pardoned out of the penitentiary, has entered suit for heavy damages against the penitentiary company.

Merritt recites a horrible story of inhuman and cruel treatment as the basis of his action.

He was in for twelve years, but was pardoned after serving nine years because he was no longer useful to the lessees.

While working for the Chattahoochie Brick Company and in the coal mines of the lessees in Walker county, he alleges that he was at frequent times beaten with inhuman savageness.

At one time he was given 175 lashes, the blood spurting forth at each blow.

After this particular beating he attempted to escape, was recaptured, and he recites the horrible details of the beating he received. Six men held him while Woodruff, the whipping boss, plied the knot, which was split by the force of the blows.

One of his eyes was put out by the terrible strap.

A SPLENDID SHOWING.

Auditor Whidden Submits His Report to the State Board.

A Few Facts Showing the Prosperity of Alameda County.

County Auditor Whidden has completed the tabulation which the State Board of Equalization requires him to procure and forward to them on or before the second Monday in August. The figures will be sent to Sacramento today. They will be used by the State Board in making the changes they propose in the Alameda County assessment.

No further effort was made today to prevent the auditor from forwarding the statement based on the figures furnished him after the County Board had reduced the roll. Whidden secured a legal opinion that it was his duty to pay no heed to the suit now pending but to go ahead with his work in accordance with the State law. The answer on the part of the district attorney in behalf of the auditor and the supervisors will be made within a short time. The district attorney's office is burdened with work just now and there has been some unavoidable delay in preparing the case.

The figures compiled by the auditor are as follows:

Value of real estate other than city and town lots, $17,426,044.

Value of city and town lots, $40,321,243.

Value of all real estate, $57,747,287.

Value of improvements on real estate other than city and town lots, $3,338,576.

Value of improvements on city and town lots, $22,227,150.

Value of improvements on real estate assessed to persons other than owners of real estate, $46,595.

Value of all improvements, $25,712,316.

Total value of real estate lots and improvements, $83,459,603.

Total value of all the above property after equalization by the County Board of Equalization, $92,272,941.

The number of acres of land assessed is 444,454.5.

The assessed value of mortgages is $20,921,735.

The assessed value of property heretofore sold to the state for taxes is $681,950.

The value of University mortgages not taxable is $352,500.

Oakland Directory.

The canvas for Husted's Directory of Oakland commences today. Every house in the city and suburbs will be visited by a canvasser and the publisher requests that full information be given. The names of all persons, male or female, over the age of seventeen will be taken, whether they are in business or not, the object being to give a complete list of all persons old enough to receive mail. The directory is used by the city, county and United States postal authorities and we wish to make it as complete and reliable as possible. We respectfully request that all removals or changes occurring after the canvasser's visit be reported to the office, 968 Broadway, so that our information may be corrected before printing.

A PROTOCOL OF PEACE.

All Strife Is Ended at Last in Rio Grande do Sul.

Uruguay Stands In With England Over the Trinidad Affair.

By Associated Press to The Tribune.

NEW YORK, Aug. 12.—The Herald correspondent in Rio Janeiro telegraphs that peace has been restored in Rio Grande do Sul.

A military officer is now on his way from Rio Grande do Sul to Rio Janeiro.

He bears the protocol containing the peace terms which it has been agreed shall be offered to Congress for approval as a final settlement of the difficulties in that State.

The government of Brazil, in furtherance of the Trinidad episode, has asked the government of Uruguay for a copy of the bill of health of the warship Barracouta, which arrived in port from the Montevideo islands last January.

It is reported in Brazil that when the Barracouta reached her anchorage the health officer received documents signed by the doctor on board the warship, who has been named as the health officer of the Island of Trinidad by the captain of the Barracouta, who looked upon the island as British territory.

No notice was taken by the authorities of Uruguay of the fact that Brazil claims Trinidad as heh own possession.

The action of Uruguay is regarded by Brazil as savoring of subterfuge.

A TOWN ALL ABLAZE,

Nothing But Ashes Will Now Denote Lockport, Illinois.

HELP OBTAINED FROM CHICAGO

Flames, Though, Had Already Wiped Out the Dwellings.

FIERCE WINDS AIDED THE FIRE

A Thriving Little Community Swept From the Earth.

By Associated Press to The Tribune.

CHICAGO, Aug. 10.—Lockport, Illinois, is on fire. A special train with five engines left for there this afternoon.

At noon twenty business blocks and twenty-two houses had been burned.

The fire started at 11:30 A. M. and owing to the lack of water and everything being dry, spread rapidly.

The indication at 12:25 were that the whole town is doomed.

Workmen tearing the roof of the Phoenix printing office accidentally started the fire and in five minutes it was beyond control.

Joliet was called on for help but a fire there prevented aid being extended and Chicago was then called upon.

Lockport is in Will county, Illinois, on the big drainage canal, and has a population of about 2000. It is about thirty-two miles southeast from Chicago and five miles from Joliet.

It contained eight churches, a newspaper mill, a large flour mill, four carriage shops and various other enterprises.

Since the beginning of work on the canal the town has grown considerably.

Part of today's disaster is the destruction of the postoffice and the town hall including all the records.

A strong wind blew the flames so that the entire city seemed enveloped.

The people became panic-stricken and hurriedly began moving to the hills a mile from the city.

Lockport has no fire department and there was but one hose cart.

The engines sent from Chicago were given the quickest run possible over the Chicago & Alton.

The wires between Chicago and Lockport, both telegraph and telephone went down shortly before 2 o'clock and there seems to be little doubt the place is almost entirely destroyed.

The officials of the drainage board express fears there will be little or nothing left of the town by the time help could arrive from other cities.

At last accounts the estimated loss was $250,000.

NEWS COMES.

At 2:15 P. M. a telephone message by way of Joliet announced that thirty buildings had been burned and it was estimated the total loss had reached $500,000.

The fire engines from Chicago are playing on the fire and Chicago firemen were tearing the houses down.

The marshal said he thought they would have the fire under control in few minutes.

Harry Disso and Lowell Sillman were hurt while fighting the fire; neither is fatally injured.

WASHINGTON WOEFUL.

A Fire Sweeps Over Chehalis County Doing Great Damage.

By Associated Press to The Tribune.

MONTESANO, Wash., Aug. 10.—Word has been received here that a very destructive fire is sweeping over the Eastern part of Chehalis county.

A large amount of fences, buildings, and growing crops have been destroyed but so far no lives have been lost, although one man has lost his eye sight from fighting the fire.

A full account of the losses is unobtainable, but a partial list is as follows:

Dan Gillies damage to engine and logging road about $500; William Mackey, all of his buildings, except residence, and growing crops, value unknown; Murray school house about $500; T Z. Slater lost everything except shingle mill, including dry kiln, residence, outbuildings and 300 cords of shingle bolts, in all valued not less than $2,000.

A man named Wright living on Upper Satsop, has lost everything except his home.

Medcalf Bros. had two or three miles of fence burned.

The total loss will be hard to determine, falling as it does on so many of the small farmers who lost practically all they possessed.

The fire is not yet under control and fears are entertained for several of the shingle mills located above Elma.

A LABOR RIOT.

Italians and Police Come Together at Pittsburg.

By Associated Press to The Tribune.

PITTSBURG, Aug. 10.—Two hundred Italians in the employ of Booth and Flynn, city contractors, struck for an advance of 25 cents a day.

Other men were secured to take their places and today a crowd of strikers attacked them.

Picks and shovels were used and several participants in the fight were seriously hurt.

The police scattered the rioters and are guarding the workmen.

Bought by the S. P.

By Associated Press to The Tribune.

SAN BERNADINO, Aung. 10.—The Southern California Motor Road was sold today to the Pacific Improvement Company for $167,100. The sale was made by the master in chancery of the United States District Court of Southern California. It is understood the road was actually purchased for the Southern Pacific railroad and that it will be incorporated in that system as a branch road and as an extension of the proposed new route from Los Angeles to Pasadena.

SPEEDY RIDERS APPEAR,

Crack Talent Developed at the Chicago Meet.

Bald Again Compels His Opponents to Follow His Trail.

By Associated Press to The Tribune.

CHICAGO, Aug. 10.—Intense interest was manifested at the National Circuit bicycle tournament today when John Lawson, known as the "Terrible Swede," started on an attempt to break the American hour record of 26 miles 1189 yards, made by F. J. Titus last year.

The tandem teams employed in pace making were: Bainbridge and Lund, Weage and Ulbricht, Rau and Boyler.

Bainbridge and Lund took him the first mile in 2:15, over six seconds faster than Titus' first mile.

The two miles were covered in 4:30, as against 4:41 by Titus.

At the third mile, however, the time was 7:11 4-5, against 6:55 2-5 by Titus.

After pacing eight on the mile, about four minutes behind the record Lawson fell and abandoned the effort. It was found he had broken his collar bone.

The final of the half mile open was a flyer. Van De Vandt of the Illinois Cycling Club won by a scant length with Lange of the same club second, Loughead third. Time, 1:09 3-5.

Then came the heats of the third mile, open for class B, and they went off almost like 100-yard sprinters.

Cooper, Murphy and Dasey finished one, two, three.

In the second heat Bald led all the way and rode the third mile in 41:2-5, the world's competition record.

The third heat was taken by Doc Brown, Coulter and L. C. Johnson.

Before the final of this race came the local mile contest for postoffice and police representatives. The starters were Bohman, Shaw, Deitch, Palmer and Johnson. Palmer ran away from the crowd and won. Johnson second; Shaw third.

The final of the third mile open for class B resulted in a victory for Bald by half a length. Cooper, second; Cabanne, third, ahead of Doc Brown, fourth.

In the final of the three mile handicap, Harry Palmer was stunned in the fall and carried off unconscious.

Loughead, the Canadian, did all the work in the scratch brigade, but could not catch the leaders.

Fred De Cardy, with 225 yards, won; C. M. Franks of Englewood second; Hershberger of Morgan and Wright Club third.

Loughead made a show of Lange, Linquist and others of the lazy brigade.

ALARM AMONG AMERICANS

An Outbreak in China May Occur at Any Moment.

United States Warships Ordered to Take Sentry Duty.

By Associated Press to The Tribune.

WASHINGTON, Aug. 10.—A telegram received at the Navy Department today announces that Commander Newell sailed with the Detroit from Shanghai to Che Foo.

The latter port is further from the scene of the riots than Shanghai, and the navy officials take this as indicating that the United States authorities in China do not fear further outbreaks, especially in the region near Shanghai.

Assistant Secretary McAdoo telegraphed Admiral Carpenter advising him there was a great deal of apprehension here that American citizens in China might lose their lives and property, and telling him that every possible effort must be made to protect American citizens.

He also asked the admiral to cable him at once the real situation and whether there is danger of further disturbances.

Admiral Carpenter with the flagship Baltimore, is at Nagasaki, Japan, about 400 miles from Shanghai.

SAVED THEIR WATER.

An Injunction Suit Is Won by Defendant.

The fight of the Palendale Land and Water Company to prevent James Black from damming a creek at Stockton Pass to form a reservoir has gone by default to the company. They made and application to have Black enjoined from performing the work. Today the time expired when Black could make an answer and his default was entered. The company claimed riparian rights to the water which it was proposed to divert above their land. Black intended to build a reservoir to furnish water for and sprinkling.

THE BEST OFFER OF ALL,

The Odorless Crematory Will Handle the City Garbage.

Economy Combined With the Most Satisfactory Sanitary Methods.

The necessity of a garbage crematory for the purpose of destroying public refuse was never made more apparent than at the present time and the demand is almost general that such an institution should be provided immediately.

The selection of a crematory, however, is something which can not be performed in haste by the adoption of the first article of the kind which bears that name, irrespective of the cost of the work which it may be capable of performing.

At a joint meeting of the Board of Health and a committee from the Council on the subject last night a proposition was made from the Odorless Crematory Company which was considered in a most favorable manner by the members present.

The Odorless Crematory Company is composed of Louis Schaffer, Theo. Swift and J. Lent, the last of whom is the engineer and manager. It is a home concern and has, therefore, local pride in doing all that can be done in the work of disposing of refuse.

The Odorless Crematory Company offers to supply a crematory with a capacity, at one time, of 23 cubic yards, or 30 tons a day. This refuse it will completely destroy and at the same time consume the consequent smoke, gases and fumes. It is for this reason that the crematory is called odorless and no objection could be raised on that account to locating it, if necessary, in a residence quarter.

The cost of running this crematory is $300 a month, which includes fuel, labor and wear and tear of the machinery. This is considered a most reasonable sum because with some crematorics the expense is almost double.

Instead of rendering the gases and smoke objectionable, this crematory utilizes them into a power with which a pump may be worked capable of raising a million of gallons of water per day for street sprinkling purposes or any other purpose that may be desired.

The question of hauling garbage to sea was disposed of summarily when the proposition of the Odorless Crematory Company was placed before the board, because it was shown that there are times when the barges could not be got over the bar, and the experience of New York in the matter that several times a year barges are swamped and crews lose their lives.

The Odorless Crematory Company offered to place its crematory ready for operation for the sum of $10,000, the city to provide the lot and building. The building, however, may be of any style that the city may see fit to erect.

This is the lowest offer which has yet been made for this great improvement and the projectors stand ready to make it good, guaranteeing to have the crematory ready for use within sixty days after the order is given.

The other crematories offered provide for immense smokestacks, some of them eighty feet high, but it is the experience of those who live near such high chimneys that cleanliness is impossible and that, in nearly all atmospheric conditions, nauseating gases are inflicted upon the people in the vicinity. These annoyances would be all the more objectionable were the fumes from a crematory with volumes of smoke visited upon people. Such an infliction would unquestionably lead to lawsuits.

A PISTON BREAKS.

Tramps Killed and Injured in a Big Wreck in Indiana.

By Associated Press to The Tribune.

GREENSBURG, Ind., Aug. 10.—There was a freight wreck on the Cleveland, Cincinnati, Chicago & St. Louis road last night near St. Paul.

Enig of Chicago was killed and William Pugh, Birmingham, Ala., fatally injured. He was an ironworker going to Muncie, Ind.

The injured are: Thomas Dailey, Oswego, N. Y., right leg and shoulder broken, skull fractured; woodworker, on his way home; Frank Knowles, wood carver, Cincinnati, limbs and ribs broken; Alfred Osten, Simsburg Pa., limbs and ribs broken and had injuries, iron worker; Ralph Watson, Cincinnati, seriously injured internally, jeweler, hunting employment.

Five others were injured, not seriously.

The train was making forty miles an hour, when the piston broke in two, catching in the ties and pitching all the cars off the track, totally demolishing eleven.

The injured were all beating their way and were in a box car loaded with coal.

A POISONER'S WORK.

WELSBORO, Pa., Aug. 10.—The mystery surrounding the death on May 17th of Miss Elizabeth Knapp was partly cleared last night by the arrest of Miss Charlotte Dutton, alias Howell, on a warrant charging her with murder.

Miss Knapp, who made her home in the family of Chauncey P. Howell, became suddenly ill May 16th and died the next day.

The coroner's jury render a verdict that she died of corrosive poison, administered either by herself or some unknown person.

Detectives secured evidence enough to warrant the arrest of Miss Dutton, who had been living in the family of Howell also.

It is charged by friends of Miss Knapp that Miss Dutton was jealous of her.

When the alleged criminal was taken to jail she feigned insanity.

Shortly after Miss Dutton's appearance at the Howell residence the latter's wife died under peculiar circumstances.

Soon afterward a young son died with symptoms of poisoning.

He's in Jail Now.

A stranger, rather well dressed, stepped into 858 Washington street and ordered one of those popular sherry and eggs of which Mr. Appeldorn has created such a demand for by the superior quality of the wine and the cheapness of the price. The stranger tried to pass a Confederate $50 bill in payment and he is now in jail.

BELIEVES HE IS A TRAIN.

Remarkable Hallucination of a Youth From San Francisco.

He Gets Up Steam, Puts on Brakes, and Whistles on Curves.

By Associated Press to The Tribune.

ANN ARBOR, Mich., Aug. 10.—There is in the county jail, awaiting a vacancy in Pontiac Asylum, a young man who imagines he is a train of cars.

He was brought here from Milan and gives the name of Walter Rogers.

He says his home is in San Francisco, from whence he made remarkably fast runs, often attaining a speed of 90 miles an hour.

He spends nearly all his time imitating the noises attendant to starting up and stopping a railroad train.

Every sound and movement he produces with startling ability to details.

When an officer found him he was on the railroad track, and from his actions he was just getting up steam.

Soon he said it was time to start, ordered the fireman to fill the tank with water and the tender with coal, imitating every act perfectly.

Then he pulled out the lever and started the train, running so fast that it was necessary to head him off with a horse.

His whistle for "down brakes" can be heard a great distance.

He is about 17 years old.

It is believed the name and address he gives are both false and the officers are anxious to know whence he came.

KILLED BY A TRAIN.

As Antonio Ferro was driving across the track of the coast division a Southern Pacific San Jose train ran him down, crushing him to pieces. Both of Ferro's horses were dragged under the wheels. One was killed and the other had to be shot.

THE TRAFFIC ASSOCIATION.

The Evening Post will say the Traffic Association is to be reorganized and will not be allowed to go to pieces as foreshadowed.

Isaac Upham retires from the presidency today and four members of the executive committee also retire.

The latter are: Thomas Magee, Robert Watt, Alvinza Hayward and F. W. Van Sicklen. All are directors of the Valley road.

They believe the interests of both corporations will be better served by allowing new men to take hold of the management of the Traffic Association.

The retiring quintette will still remain members of the Traffic Association.

AMERICANS ATTACKED.

Minister Terrill to Investigate the Outrages at Tarsus.

By Associated Press to The Tribune.

WASHINGTON, Aug. 10.—Acting Secretary Adee today received the following telegram relative to the attack upon the American school in Tarsus, Asia Minor.

"Baltimore, Md.—A mob attacked St. Paul's institute at Tarsus. A strong cablegram to Minister Terrill is imperatively necessary.

(Signed)

"ALEXANDER S. CHRISTIE,

"321 North Charles street."

The signer is professor of the Georgetown University and brother of Professor Christie, attached to the St. Paul Institute.

Adee promptly cabled Minister Terrill, directing him to inquire into the matter and report to the department.

THE EUREKA HOTEL.

A Successful House Conducted by a Successful Man.

There is no more comfortable hostelry in Oakland than the Eureka hotel that, under the proprietorship and management of John Winter, has grown rapidly in popular favor within a year. Its central location on the southwest corner of Washington and Seventh streets, close to all trains, and in the heart of the business section, gives it especial advantage. The rooms —60 in number—are large and sunny, with bath accommodations and various other modern conveniences. All the rooms have been handsomely furnished throughout.

The proprietor, Mr. Winter, is one of the most genial and hospitable bonifaces who ever stood behind a register. He has been in the hotel business in California since early in the sixties, and has conducted several houses in this city with marked success.

Mr. Winter's reasonable rates have done much to make the Eureka the popular hotel it is. Table board by the week is $4, and special discounts are given to boarders and lodgers by the month.

HIGHER TAXES.

The City Levy to be a Little Higher Than Last Year.

Auditor Snow was engaged today estimating the probable city tax levy for the ensuing year. Last year the levy was $1.12, but this year it is bound to be at least ten cents higher. This additional expense is due to the desire for a crematory and other public improvements. Fire engine houses are in need of reconstruction, the school department wants an extension of the manual training department which will cost in the neighborhood of $10,000, and the free library trustees want $5000 or $10,000 for a lot and building. If the bond redemption election is defeated the Council will be confronted with the alternative of imposing a tax of forty or fifty cents additional or entirely omitting all proposed improvements.

THE LABOR UNION.

Considerable Business Brought Up Before the Federation.

The usual large attendance greeted the officers of the Federal Labor Union at its meeting last night

A communication from the grand office of the A. R. U. called attention to the special Labor Day edition of the Railway Times. It was decided to order 100 copies of the same.

A communication from the state labor commissioner acknowledging the receipt of information relative to the violation of Section 324a of the Political Code, (eight hour law) by Supervisor Talcott, promising to investigate the matter at once.

The special committee appointed to organize a union in Vallejo, reported it had not ben able to make the attempt this week, but that the matter would be attended to soon.

The committee on the Thurman testimonial reported making good headway; that the entertainment would take place in Military hall on Tuesday evening, August 27th, and that the tickets are out and selling rapidly.

It was announced that a sociable meeting would be held on Sunday evening in the large hall at 819 Washington street, and that some prominent speakers would be in attendance from San Francisco.

A TOWN ALL ABLAZE.

Nothing But Ashes Will Now Denote Lockport, Illinois.

HELP OBTAINED FROM CHICAGO

Flames, Though, Had Already Wiped Out the Dwellings.

FIERCE WINDS AIDED THE FIRE

A Thriving Little Community Swept From the Earth.

By Associated Press to The Tribune.

CHICAGO, Aug. 10.—Lockport, Illinois, is on fire. A special train with five engines left for there this afternoon.

At noon twenty business blocks and twenty-two houses had been burned.

The fire started at 11:30 A. M. and owing to the lack of water and everything being dry, spread rapidly.

The indication at 12:25 were that the whole town is doomed.

Workmen tearing the roof of the Phoenix printing office accidentally started the fire and in five minutes it was beyond control.

Joliet was called on for help but a fire there prevented aid being extended and Chicago was then called upon.

Lockport is in Will county, Illinois, on the big drainage canal, and has a population of about 2000. It is about thirty-two miles southeast from Chicago and five miles from Joliet.

It contained eight churches, a newspaper mill, a large flour mill, four carriage shops and various other enterprises.

Since the beginning of work on the canal the town has grown considerably.

Part of today's disaster is the destruction of the postoffice and the town hall including all the records.

A strong wind blew the flames so that the entire city seemed enveloped.

The people became panic-stricken and hurriedly began moving to the hills a mile from the city.

Lockport has no fire department and there was but one hose cart.

The engines sent from Chicago were given the quickest run possible over the Chicago & Alton.

The wires between Chicago and Lockport, both telegraph and telephone went down shortly before 2 o'clock and there seems to be little doubt the place is almost entirely destroyed.

The officials of the drainage board express fears there will be little or nothing left of the town by the time help could arrive from other cities.

At last accounts the estimated loss was $250,000.

NEWS COMES.

At 2:15 P. M. a telephone message by way of Joliet announced that thirty buildings had been burned and it was estimated the total loss had reached $500,000.

The fire engines from Chicago are playing on the fire and Chicago firemen were tearing the houses down.

The marshal said he thought they would have the fire under control in few minutes.

Harry Disso and Lowell Sillman were hurt while fighting the fire; neither is fatally injured.

WASHINGTON WOEFUL.

A Fire Sweeps Over Chehalis County Doing Great Damage.

By Associated Press to The Tribune.

MONTESANO, Wash., Aug. 10.—Word has been received here that a very destructive fire is sweeping over the Eastern part of Chehalis county.

A large amount of fences, buildings, and growing crops have been destroyed but so far no lives have been lost, although one man has lost his eye sight from fighting the fire.

A full account of the losses is unobtainable, but a partial list is as follows.

Dan Gillies damage to engine and logging road about $500, William Mackey, all of his buildings, except residence, and growing crops, value unknown; Murray school house about $500; T. Z. Slater lost everything except shingle mill, including dry kiln, residence, outbuildings and 300 cords of shingle bolts, in all valued not less than $2,000.

A man named Wright living on Upper Satsop, has lost everything except his home.

Medcalf Bros. had two or three miles of fence burned.

The total loss will be hard to determine, falling as it does on so many of the small farmers who lost practically all they possessed.

The fire is not yet under control and fears are entertained for several of the shingle mills located above Elma.

A LABOR RIOT.

Italians and Police Come Together at Pittsburg.

By Associated Press to The Tribune.

PITTSBURG, Aug. 10.—Two hundred Italians in the employ of Booth and Flynn, city contractors, struck for an advance of 25 cents a day.

Other men were secured to take their places and today a crowd of strikers attacked them.

Picks and shovels were used and several participants in the fight were seriously hurt.

The police scattered the rioters and are guarding the workmen.

Bought by the S. P.

By Associated Press to The Tribune.

SAN BERNADINO, Aung. 10.—The Southern California Motor Road was sold today to the Pacific Improvement Company for $167,100. The sale was made by the master in chancery of the United States District Court of Southern California. It is understood the road was actually purchased for the Southern Pacific railroad and that it will be incorporated in that system as a branch road and as an extension of the proposed new route from Los Angeles to Pasadena.

SPEEDY RIDERS APPEAR.

Crack Talent Developed at the Chicago Meet.

Bald Again Compels His Opponents to Follow His Trail.

By Associated Press to The Tribune.

CHICAGO, Aug. 10.—Intense interest was manifested at the National Circuit bicycle tournament today when John Lawson, known as the "Terrible Swede," started on an attempt to break the American hour record of 26 miles 1189 yards, made by F. J. Titus last year.

The tandem teams employed in pace making were: Bainbridge and Lund, Weage and Ulbricht, Rau and Boyler.

Bainbridge and Lund took him the first mile in 2.15, over six seconds faster than Titus' first mile.

The two miles were covered in 4:30, as against 4:41 by Titus.

At the third mile, however, the time was 7.11 4-5, against 6:55 2-5 by Titus.

After pacing eight on the mile, about four minutes behind the record Lawson fell and abandoned the effort. It was found he had broken his collar bone.

The final of the half mile open was a flyer. Van De Vandt of the Illinois Cycling Club won by a scant length with Lange of the same club second, Loughead third. Time, 1:09 3-5.

Then came the heats of the third mile, open for class B, and they went off almost like 100-yard sprinters.

Cooper, Murphy and Dasey finished one, two, three.

In the second heat Bald led all the way and rode the third mile in 41:2-5, the world's competition record.

The third heat was taken by Doc Brown, Coulter and L. C. Johnson.

Before the final of this race came the local mile contest for postoffice and police representatives. The starters were Bohman, Shaw, Deitch, Palmer and Johnson. Palmer ran away from the crowd and won. Johnson second, Shaw third.

The final of the third mile open for class B resulted in a victory for Bald by half a length. Cooper, second; Cabanne, third, ahead of Doc Brown fourth.

In the final of the three mile handicap, Harry Palmer was stunned in the fall and carried off unconscious.

Loughead, the Canadian, did all the work in the scratch brigade, but could not catch the leaders.

Fred De Cardy, with 225 yards, won; C. M. Franks of Englewood second; Hershberger of Morgan and Wright Club third.

Loughead made a show of Lange, Linquist and others of the lazy brigade.

ALARM AMONG AMERICANS

An Outbreak in China May Occur at Any Moment.

United States Warships Ordered to Take Sentry Duty.

By Associated Press to The Tribune.

WASHINGTON, Aug. 10.—A telegram received at the Navy Department today announces that Commander Newell sailed with the Detroit from Shanghai to Che Foo.

The latter port is further from the scene of the riots than Shanghai, and the navy officials take this as indicating that the United States authorities in China do not fear further outbreaks, especially in the region near Shanghai.

Assistant Secretary McAdoo telegraphed Admiral Carpenter advising him there was a great deal of apprehension here that American citizens in China might lose their lives and property, and telling him that every possible effort must be made to protect American citizens.

He also asked the admiral to cable him at once the real situation and whether there is danger of further disturbances.

Admiral Carpenter with the flagship Baltimore, is at Nagasaki, Japan, about 400 miles from Shanghai.

NEW YORK, Aug. 10.—Arrived, Maasdam from Rotterdam.

SAVED THEIR WATER.

An Injunction Suit Is Won by Defendant.

The fight of the Palendale Land and Water Company to prevent James Black from damming a creek at Stockton Pass to form a reservoir has gone by default to the company. They made and application to have Black enjoined from performing the work. Today the time expired when Black could make an answer and his default was entered. The company claimed riparian rights to the water which it was proposed to divert above their land. Black intended to build a reservoir to furnish water for road sprinkling.

THE BEST OFFER OF ALL.

The Odorless Crematory Will Handle the City Garbage.

Economy Combined With the Most Satisfactory Sanitary Methods.

The necessity of a garbage crematory for the purpose of destroying public refuse was never made more apparent than at the present time and the demand is almost general that such an institution should be provided immediately.

The selection of a crematory, however, is something which can not be performed in haste by the adoption of the first article of the kind which bears that name, irrespective of the cost of the work which it may be capable of performing.

At a joint meeting of the Board of Health and a committee from the Council on the subject last night a proposition was made from the Odorless Crematory Company which was considered in a most favorable manner by the members present.

The Odorless Crematory Company is composed of Louis Schaffer, Theo Swift and J. Lent, the last of whom is the engineer and manager. It is a home concern and has, therefore, local pride in doing all that can be done in the work of disposing of refuse.

The Odorless Crematory Company offers to supply a crematory with a capacity, at one time, of 20 cubic yards, or 30 tons a day. This refuse it will completely destroy and at the same time consume the consequent smoke, gases and fumes. It is for this reason that the crematory is called odorless and no objection could be raised on that account to locating it, if necessary, in a residence quarter.

The cost of running this crematory is $500 a month, which includes fuel, labor and wear and tear of the machinery. This is considered a most reasonable sum because with some crematories the expense is almost double.

Instead of rendering the gases and smoke objectionable, this crematory utilizes them into a power with which a pump may be worked capable of raising a million of gallons of water per day for street sprinkling purposes or any other purpose that may be desired.

The question of hauling garbage to sea was disposed of summarily when the proposition of the Odorless Crematory Company was placed before the board, because it was shown that there are times when the barges could not be got over the bar, and the experience of New York in the matter that several times a year barges are swamped and crews lose their lives.

The Odorless Crematory Company offered to place its crematory ready for operation for the sum of $10,000, the city to provide the lot and building. The building however may be of any style that the city may see fit to erect.

This is the lowest offer which has yet been made for this great improvement and the projectors stand ready to make it good, guaranteeing to have the crematory ready for use within sixty days after the order is given.

The other crematories offered provide for immense smokestacks some of them eighty feet high, but it is the experience of those who live near such high chimneys that cleanliness is impossible and that, in nearly all atmospheric conditions, nauseating gases are inflicted upon the people in the vicinity. These annoyances would be all the more objectionable were the fumes from a crematory with volumes of smoke visited upon people. Such an infliction would unquestionably lead to lawsuits.

A PISTON BREAKS.

Tramps Killed and Injured in a Big Wreck in Indiana.

By Associated Press to The Tribune.

GREENSBURG, Ind., Aug 10.—There was a freight wreck on the Cleveland, Cincinnati, Chicago & St. Louis road last night near St. Paul.

Enig of Chicago was killed and William Pugh Birmingham, Ala., fatally injured. He was an ironworker going to Muncie, Ind.

The injured are Thomas Dailey, Oswego, N. Y., right leg and shoulder broken, skull fractured; woodworker, on his way home, Frank Knowles wood carver, Cincinnati, limbs and ribs broken; Alfred Osten, Simsburg Pa., limbs and ribs broken and had injuries, iron worker, Ralph Watson, Cincinnati, seriously injured internally, jeweler, hunting employment.

Five others were injured, not seriously.

The train was making forty miles an hour, when the piston broke in two, catching in the ties and pitching all the cars off the track, totally demolishing eleven.

The injured were all beating their way and were in a box car loaded with coal.

A POISONER'S WORK.

WELSBORO, Pa., Aug. 10.—The mystery surrounding the death on May 17th of Miss Elizabeth Knapp was partly cleared last night by the arrest of Miss Charlotte Dutton, alias Howell, on a warrant charging her with murder.

Miss Knapp, who made her home in the family of Chauncey P. Howell, became suddenly ill May 16th and died the next day.

The coroner's jury render a verdict that she died of corrosive poison, administered either by herself or some unknown person.

Detectives secured evidence enough to warrant the arrest of Miss Dutton, who had been living in the family of Howell also.

It is charged by friends of Miss Knapp that Miss Dutton was jealous of her.

When the alleged criminal was taken to jail she feigned insanity.

Shortly after Miss Dutton's appearance at the Howell residence the latter's wife died under peculiar circumstances.

Soon afterward a young son died with symptoms of poisoning.

He's in Jail Now.

A stranger, rather well dressed, stepped into 858 Washington street and ordered one of those popular sherry and eggs of which Mr. Appeldorn has created such a demand for by the superior quality of the wine and the cheapness of the price. The stranger tried to pass a Confederate $50 bill in payment and he is now in jail.

Melvin Reappointed.

Henry A. Melvin has been reappointed prosecuting attorney of the police court. He filed his bond today in the sum of $3,000 with Emil Nusbaumer and A. Olander as sureties.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

BELIEVES HE IS A TRAIN.

Remarkable Hallucination of a Youth From San Francisco.

He Gets Up Steam, Puts on Brakes, and Whistles on Curves.

By Associated Press to The Tribune.

ANN ARBOR, Mich., Aug 10.—There is in the county jail, awaiting a vacancy in Pontiac Asylum, a young man who imagines he is a train of cars.

He was brought here from Milan and gives the name of Walter Rogers.

He says his home is in San Francisco, from whence he made remarkably fast runs, often attaining a speed of 90 miles an hour.

He spends nearly all his time imitating the noises attendant to starting up and stopping a railroad train.

Every sound and movement he produces with startling ability to details.

When an officer found him he was on the railroad track, and from his actions he was just getting up steam.

Soon he said it was time to start, ordered the fireman to fill the tank with water and the tender with coal, imitating every act perfectly.

Then he pulled out the lever and started the train, running so fast that it was necessary to head him off with a horse.

His whistle for "down brakes" can be heard a great distance.

He is about 17 years old.

It is believed the name and address he gives are both false and the officers are anxious to know whence he came.

ACROSS THE BAY.

John W. Mackay Arrives From His Trip Up North.

SAN FRANCISCO, Aug. 10.—John W. Mackay, the bonanza king, arrived here this morning from the northwest to remain several weeks. Mackay looks a picture of health.

KILLED BY A TRAIN.

As Antonio Ferro was driving across the track of the coast division a Southern Pacific San Jose train ran him down, crushing him to pieces. Both of Ferro's horses were dragged under the wheels. One was killed and the other had to be shot.

THE TRAFFIC ASSOCIATION.

The Evening Post will say the Traffic Association is to be reorganized and will not be allowed to go to pieces as foreshadowed.

Isaac Upham retires from the presidency today and four members of the executive committee also retire.

The latter are Thomas Magee, Robert Watt Alvinza Hayward and F. W. Van Sicklen. All are directors of the Valley road.

They believe the interests of both corporations will be better served by allowing new men to take hold of the management of the Traffic Association.

The retiring quintette will still remain members of the Traffic Association.

AMERICANS ATTACKED.

Minister Terrill to Investigate the Outrages at Tarsus.

By Associated Press to The Tribune

WASHINGTON, Aug. 10.—Acting Secretary Adee today received the following telegram relative to the attack upon the American school in Tarsus, Asia Minor.

"Baltimore, Md.—A mob attacked St. Paul's Institute at Tarsus. A strong cablegram to Minister Terrill is imperatively necessary.

(Signed)

"ALEXANDER S. CHRISTIE,
"321 North Charles street."

The signer is professor of the Georgetown University and brother of Professor Christie, attached to the St. Paul Institute.

Adee promptly cabled Minister Terrill, directing him to inquire into the matter and report to the department.

THE EUREKA HOTEL.

A Successful House Conducted by a Successful Man.

There is no more comfortable hostelry in Oakland than the Eureka hotel that, under the proprietorship and management of John Winter, has grown rapidly in popular favor within a year. Its central location on the southwest corner of Washington and Seventh streets, close to all trains, and in the heart of the business section, gives it especial advantage. The rooms—60 in number—are large and sunny, with bath accommodations and various other modern conveniences. All the rooms have been handsomely furnished throughout.

The proprietor, Mr. Winter, is one of the most genial and hospitable bonifaces who ever stood behind a register. He has been in the hotel business in California since early in the sixties, and has conducted several houses in this city with marked success.

Mr. Winter's reasonable rates have done much to make the Eureka the popular hotel it is. Table board by the week is $4, and special discounts are given to boarders and lodgers by the month.

HIGHER TAXES.

The City Levy to be a Little Higher Than Last Year.

Auditor Snow was engaged today estimating the probable city tax levy for the ensuing year. Last year the levy was $1.12, but this year it is bound to be at least ten cents higher. This additional expense is due to the desire for a crematory and other public improvements. Fire engine houses are in need of reconstruction, the school department wants an extension of the manual training department which will cost in the neighborhood of $10,000, and the free library trustees want $5000 or $10,000 for a lot and building. If the bond redemption election is defeated the Council will be confronted with the alternative of imposing a tax of forty or fifty cents additional or entirely omitting all proposed improvements.

THE LABOR UNION.

Considerable Business Brought Up Before the Federation.

The usual large attendance greeted the officers of the Federal Labor Union at its meeting last night.

A communication from the grand office of the A. R. U. called attention to the special Labor Day edition of the Railway Times. It was decided to order 100 copies of the same.

A communication from the state labor commissioner acknowledging the receipt of information relative to the violation of Section 3248 of the Political Code, (eight hour law) by Supervisor Talcott, promising to investigate the matter at once.

The special committee appointed to organize a union in Vallejo, reported it had not been able to make the attempt this week, but that the matter would be attended to soon.

The committee on the Thurman testimonial reported making good headway; that the entertainment would take place in Military hall on Tuesday evening, August 27th, and that the tickets are out and selling rapidly.

It was announced that a sociable meeting would be held on Sunday evening in the large hall at 819 Washington street, and that some prominent speakers would be in attendance from San Francisco.

Now What.

By Associated Press to The Tribune.

MADRID, Aug. 10.—It is reported the United States government claims that Spain must pay interest on the Mora indemnity. It is understood the Spanish government has decided to refuse this demand.

Will Buy and Sell.

Articles of incorporation of the Alameda Land Company were filed today with the County Clerk. The capital stock is $10,000, one half of which is subscribed by the following directors: E. D. Macdonald, M. C. Macdonald, L. F. Mott, R. B. Mott and D. A. Mott. The coporation will buy and sell land, erect dwellings, etc.

Stove and Iron Works.

The California Stove and Iron Works filed articles of incorporation today. The capital stock is $25,000. The directors are: N. M. Fay, R. Pigott, J. W. Warford, A. B. Weeks and Charles Henderson.

A Young Burglar.

Frank Ferra, a fifteen year old boy, was held to answer at Haywards today for burglarizing the residence of Thomas Welsh and stealing a watch, chain, and bunch of lead pencils.

The report that certain parties in Pittsburg have discovered the lost art of welding copper to steel is in the nature of a re-discovery of one of the lost arts. The far more important art was that of tempering copper so that it could be used in cutting granite. That art the ancient Egyptians were supposed to possess. Copper then took the place of steel of the present day. That is the lost art that modern science has never been able to discover.

The retirement of Judge McKinstry from the law school was the sensation of a day. His retirement from the bench of the Supreme Court some years ago to accept a professorship of law was another sensation. It was never understood why he stepped out of one office into the other at that time. McKinstry is a very able man and probably prefers his private practice to any other office. Judge Slack, who succeeds him, has long filled the office of instructor. He is both a graduate and a regent of the University. He is regarded as one of the ablest of the younger jurists of the State, and is withal a prodigious worker. The man who can fill two such offices as judge of the Superior court and a law professor at the same time, will not have any leisure time to hang heavy on his hands.

The New Use of Steel.

When the construction of railroads fell off from more than 10,000 miles a year to less than one-third of that mileage, the demand for steel rails was correspondingly reduced. The increase of electric roads did not make up the difference. But on the other hand there was a new demand for steel in the construction of new buildings. The modern business edifice has only a shell of brick or stone. The whole interior weight of the structure is supported on steel columns or posts. An Eastern journal puts these facts together:

"It is stated, as an illustration of the iron and steel industry, that a single new building which is in process of erection in New York city will require no less than 3,000 tons of iron and steel. One hundred such structures would use up 300,000 tons, and when the great number of business blocks erected in the large cities of America this year is taken into consideraton, it will readily be perceived that a million tons of iron and steel may be hidden behind the walls of large new buildings in the chief cities of the United States without attracting much attention. The consumption of that quantity of steel in the form of rails for new railways would be the talk of the country and would make a deep impression in Europe. It would mean an addition of about 8,000 miles to the already vast railroad system of the United States.

The demand for steel rails for electric railroads and the greatly increased demand for building has not only put in operation all the steel mills of the country, but the price of the metal is climbing up in response to this greatly increased demand. The new era has made the new market for this metal.

Irving Scott has gone over to Japan to bid on some of the new warships which the Japanese propose to build. It was reported some time ago that a part of the Chinese indemnity money would go into new ships. There is said to be not a little rivalry for these contracts. Mr. Scott makes this statement:

"Japan has been negotiating about new cruisers with the Union Iron Works for ten years," says Mr. Scott, "but the price has been too high for it. During a long period England has been able to underbid us to the extent of 45 per cent., but now the difference is only 10 or 15 per cent. I can't say that the Japanese would give us contracts unless we could squarely meet the English figures, though I am frequently assured by them that they want to buy some American vessels for the sake of a fair return for the immense trade Japan is getting from the United States. America is her best customer, and she buys less from this country in the ordinary way of trade than she does from any other great manufacturing, agricultural and industrial power.

"Last spring the Secretary-General of the Imperial Cabinet said to an American: 'Your are building the swiftest and most formidable cruisers known. Besides that you have invented armor plate for your battleships, which Russia has chosen for hers in a competition of all the makes of armor plate in Europe. Our government, seeing these achievements, and recalling the fact that America has twice revolutionized the navies of the world by her infinite capacity for invention, first in creating the ironclad and then the turret, is strongly disposed to draw upon American shipyards for a part of its new navy. Why shouldn't we depend upon you for the best? Besides doing the things I have just spoken of, the United States has built the finest clipper ships and the fastest yachts. Your country leads, whenever she wants to, in naval construction both of peace and war. Besides, America buys so much of us and is our historic friend and well-wisher. For one, I sincerely hope that American ship-builders will bid for our contracts.'"

The Man and His Work.

Frank Pixley was a unique character. He had a strong personality which he put into nearly all his work. He was never so happy as when he was bristling with antagonisms and was stirring up his foes. He had the gift of making enemies which sometimes goes with the ability to make life long friends. With the natural ability to become one of the foremost men of the State he fell far short of that mark. He had no talent for leadership. In political questions he was always heard with interest, but those who heard him turned away, not caring to follow one who was inconsistent both in act and speech. It was never made clear to the public that he had profound convictions on any subject. Many of his views on public questions were sound and he had the art of putting them in a very striking way, both in his public speeches and in his journalistic work. His strong personality was frequently employed in scalping his enemies.

For many years that was the strongest feature of the Argonaut. People bought and read the paper to see who had fallen under Pixley's displeasure. He was able, by the use of his organ, to get even with his political enemies. At the same time his trenchant and brilliant style when employed in other directions, was very attractive. He had some of the best qualities of a journalist united with some of the worst. It was this strong personality that went to the making of a readable paper. But no great journal was ever founded and maintained on a single personality. Horace Greeley founded the Tribune. But it was a better paper after he died than before. The Elder Bennett founded the Herald. It is a far better journal now than it was in his time. Raymond founded the Times and made it a success. But in each of these instances the journal was more than the man. It survived because it had a permanent basis.

The Argonaut was founded on Frank Pixley. When he ceased to put his work into it something had gone out of it that the public missed. It was the Argonaut without Pixley—still a good readable paper, but lacking that distinctive quality which at an earlier day had made it a success. The man who stood for it never had the full measure of influence because of his inconsistencies. He often doubled on his own track and cared nothing for any criticism that he might provoke on that account. It was not quite certain where the Pixley of one day would be on the next. He would scourge his foes, utter brilliant epigrams, send up a number of rockets and retire apparently satisfied that he had done about the right thing. He had the audacity of a Bohemian with the conservatism of wealth which made him a double character.

He made at one time a prominent figure as a lawyer, having filled the office of Attorney General of the State. Yet in that high office he did not command the full confidence of the public, nor did he make the impression of a great jurist. When the question of the impeachment of a judge was before the Legislature the Attorney General was thrust aside by the committee having the management of the case, chiefly on the ground of a want of confidence. It was the doubt that always existed in the public mind which abridged his influence. One could not always tell where such an erratic genius would land. Yet while he sometimes struck blindly, in the main his influence was exerted on the right side. Few men have been so prominent in journalism in California. It is to the lasting honor of the man that he made a journal that could be admitted to any fireside without any question as to its fitness to be there.

General Ezeta who came within an ace of losing his head, and only escaped by a technicality that counted in his favor, is abusing his liberty in this country by planing a revolution in Salvador. His latest proclamation is dated in San Francisco. If General Ezeta had been sent back to his own country as a common murderer, he would never have been heard from again. He ought to be sent out of this country whose hospitality he has abused from the day he was set at liberty.

The constitutional requirement that voters must be able to read and write is making something of a buzz just now. That requirment was submitted to voters at the last election and carried by an overwhelming majority. It does not touch the qualifications of voters who have once been registered. But is every new voter, such, for instance as graduates of the University, to be asked if they can read and write, with a special request to read a section of the Constitution?

FIDDLE SPRUCE IS SCARCE.

That Is, It Was Until a Man Found a Lot of It Near Lobster Lake.

An old lumberman just in from the headwaters of the Allegash, above Moosehead Lake, says there are 50,000 hundred dollar violins growing on two townships of land near Lobster Lake. Until lately, says an authority on the fiddle spruce, about all the spruce fit to make into violins was procured near Lake Saranac, N. Y., and here it was getting to be so scarce that the men who were sent to hunt it up made poor wages. In fact, the chief supply of "fiddle wood" has of late come from the spruce and fir floor boards of colonial mansions. It is found that clear boards seasoned for years under cover, give forth a very resonant tone, even if they are not fine grained and "kinky," like the true violin spruce. Boards from the under floors of aged houses are preferred and those which were laid nearest the big old chimneys are the best of all. Kiln drying spoils the tone of the choicest woods; but a slow, dry heat, away from the light, under such conditions as floor boards are dried, seems to bring out the melody in stock that is worthless when treated by the usual methods.

The true "fiddle spruce" is the "abies rubra" of Gray's botany, and it seems to be a fine-grained variety of the "abies nigra," or black "beer spruce," which is common throughout the Eastern States. It is found on cold hillsides at the far North, and it is a slow-growing, close-fibred wood of a reddish tint, and remarkably free from rosin. When a man discovers a tree of this class, large and straight and free from big limbs and knots, he can venture to fell it, knowing that he stands about one chance in twenty of finding a fiddle spruce. If the grain of the wood proves straight, with a cleavage which makes toothpicks, he has spoiled a timber tree for nothing. If the wood is "kinky," however, and full of dots, like a bird's eye maple, the tree is worth 50 cents a cubic foot where it lies, and three times that sum when it is sawed and seasoned.

This wood not only gives an even, resonant sound when made into a violin, but it takes a beautiful polish, which brings out the wavy and spotted fibre in a way to make it admired by all. About fifty years ago a man in Newport, N. H., planted the cones of a fiddle spruce in a nursery hoping as he said, "to raise his own fiddles." They grew well, but out of over 200 seedlings there was not a single tree fit to make into violins.—Springfield Republican.

NOTES AND EXCERPTS.

From Berlin comes the news that an anti-cholera serum has been discovered. Of course, after the anti-consumption serum, and the anti-diptheria serum, the anti-cholera serum was looked for. Now an anti-cholera serum is in order. And a full assortment of anti-toothache serums.

A London newspaper recently contained the following advertisement: "Nine young ladies want to rent elegant apartments, with convenient rooms for their bicycles. Conditions—neither cats nor men in the neighborhood." R-a-t-s ! ! !

It is reported from Paris that the aeronaut, Capazza, dropping from an elevation of 4000 feet, has succeeded in guiding his parachute exactly to the spot previously designated by him. Hence flighty Paris journalists now hope soon to take a fly. The messieuer will be sure to take many a drop before the fly.

After the death of a pauper in Silesia it was found that he had been the owner of 8000 marks($2000) in cash, 95 pairs of pants, 109 shirts(nearly all new), 35 undershirts, 89 coats, 23 pairs of socks and 52 hats and caps. No soap.

Lately forty horses were started in a long distance race at Warsaw, in Austrian Poland. Thirty-six of the poor beasts came to a finish by death, and the other four are in exceedingly sorry condition. The cruel sportsmen will be prosecuted.

In England there is one divorce to 577 marriages, in France one to 87 marriages, and in the city of Paris one to thirteen marriages. Paris seems determined to maintain its rank as a fast city.

A lady of Neuhaldensleben, Germany, who died last month has bequeathed the sum of 5000 marks to a subaltern officer, who during the battle of Mars-la-Tour, twenty-five years ago, carried her wounded brother from the field.

On Pentecost Day, at Brunn, Austria, a journeyman baker and his sweetheart found death together in the waters of the Schwarzawa, having sought it because they were too poor to marry. Quite lately a lottery ticket owned by the drowned man drew a prize of 20,000 gulden ($10,000; the money has been paid to his mother.

In the large cities the collecting of cigar stumps has long ago developed into an industry, the stumps being converted into "smoking tobacco" indeed in several European countries the tobacco and cigar trade is a Government monopoly; so also in Belgium, and it is said that the Belgian authorities are now trying to decide whether or not the cigar stump business should be suppressed—because it competes with the monoply.

Divorces are very difficult to obtain in England. The English law requires proof of unfaithfulness on the part of the woman; or, on the part of the man, proof of unfaithfulness aggravated by ill-usage. But in Australia, though it is part of the British Empire, a man can "get rid" of his wife if she is caught twice drunk. If that becomes generally known Australia will prosper as never before—that is, if Chicago and Oklahoma don't amend their ways.

The Dutch papers publish the results of original experiments made by a physician at Batavia, in the Dutch East Indies. This disciple of Esculapius has been trying to find out whether a white or a black skin is the proper thing in hot climates. He took pieces of the skin of a white person and pieces of the skin of a Malay and wrapped them around jars and filled the jars with hot water, and, on next taking the temperature of the skin found that the black skin absorbs more heat than the white. That isn't as strange as it may appear. It has long ago been discovered that black cloth absorbs more heat than white—hence white garments are preferred in hot countries. And—hence or not hence—white skins by whites.

Three months ago a servant woman at Pilsen, Austria, drowned her two-year-old baby. During her incarceration she confessed to having previously killed a four-year-old child—both because "they wept for hunger and cried for bread." The murdress was condemned to death but the Emperor has commuted the sentence to fifteen years' imprisonment.

A French traveler, who speaks authoritatively, asserts that the Sahara Desert is far from being absolutely sterile; that, with the exception of a very small portion, it has a solid and fertile soil or subsoil. In the Algerian Sahara no less than 20,000,000 sheep are now pastured, and every oasis artificially created by the boring of artesian wells "blooms like a rose"—shows a luxuriant growth of vegetation and produces plentiful crops of wonderful apricots, lemons, peppers, onions, etc.

Karl Wesselske, an actor, became suddenly and violently insane a few days ago while impersonating a sane man contained in a lunatic asylum on the boards of the National Theater at Berlin, Germany. His case is considered hopeless.

England still begets ghost stories. The exceedingly sober realm relates that not long ago at a country seat in Cheshire, famous for its portrait gallery, a visitor was hastening down the main stairway. Suddenly he felt his progress arrested by two strong arms grasping him by the shoulders. On turning around he saw no one; but at that moment a large, heavy picture fell from the wall directly in front of him, with force enough to demolish the very substantial balusters. The ghostly arms and saved his life. An Englishman's ghost is his castle—don't you know.

It is rather odd that Mr. Schenk, formerly President of the Swiss Republic, and now a member of the Federal Council (the Swiss Federal Council performs the functions which in the United States are allotted to the Cabinet), should be run over and seriously injured by a passing carriage while in the act of giving alms to a deaf-mute mendicant—that he was then blind and deaf to the approach of the carriage.

Paris has now 81,291 "houses," 856 "workshops," and 1,907 buildings which are designated as a "mixture of house and workshop"—representing a value of 11,000,000,000 francs. The value of real estate has doubled since 1862. As especially notable in connection with these statistics the Petit Journal mentions that just as the residences in the richer quarters must have horse stables convenient, so, now, in the construction of new buildings nearly everywhere provision is being made for properly "stabling the steel horse"—the all pervading bicycle.

According to the Vienna Neue Freie Presse, the shoe manufacturers of Austria and Germany have been compelled to raise the price of shoes thirty per cent on account of the dearth of leather, caused by the exportation of immense quantities of it to the United States. The demand in the United States is by some supposed to be due to vast exportation of skins and leather to Japan and China; others consider it fictitious—a clever move of the Leather Trust.

No better instance of good fortune coming through sheer luck could be found, perhaps, than in the experience of a prospector named Mahoney, near Kalispell, Mont., recently. Having nothing to do one afternoon, he, out of pure fancy, as an idle boy would throw stones at a mark, drilled a hole into a projecting hunk of rock and put in a shot, intending to blow out a ton or so of it just to see things fly. When the blast was made he found that he had broken into a treasure house. There was a big pocket in the rock, the sides of which sparkled almost with pure gold. There was enough in sight to net Mahoney a handsome sum, and if the mine proves as rich as the surface showing indicates, he has struck a bonanza.

WELL PREPARED.

A Fine Time Card Issued by the Haywards Line.

F. M. Leland, superintendent of the Oakland, San Leandro & Haywards Electric railway, has just issued, in condensed form, a time card for that road on the main line and all its branches.

The "card" consists of a compact pocket manual of serviceable paper, comprising about twenty pages, bound in dark brown cover and is well designed to be carried with ease by motorman and conductor. The time of each run on each division, as also the minute the cars reach every important street or road between Haywards and First street in this city, is given. The card also shows the broad gauge and narrow gauge trains the cars are expected to connect with, where the company has right-of-way at crossings, and where the right-of-way is enjoyed by other lines. It also contains all the instructions, in a condensed form, necessary for the government of employes.

Heard in the Corridor.

"Mac! Oh, Mac!"

"Yes, your highness."

"Ain't I making a good mayor?"

"The best on earth. You could give Pardee big and little casino and beat him hands down."

"That's what I thought. Oh, I say, Mac!"

"Yes, your highness."

"Who's this man Laidlaw that's giving out a hula-hula dance about me throwing him off on a job?"

"He's a populist and says that you were going to make him your clerk."

"Wha-a-a-t! Great Bishop McSweeney! A Pop.; one of those Rosenburg-Fones fellows; and he wants a job? Don't he know the election's over? This must be stopped. These fellows will be wanting your job next!"

"That's so, your highness."

"Don't you fret, Mac. If you ain't my clerk you'll be my assistant, even if you don't get a salary. You take this two bits and run over to Ike Foster's and spend it. Find out what he thinks about me giving it to Doody in the neck."

The conversation ceased and a minute later Mac disappeared down the back stairs.—East Oakland Mail.

The curtain had risen on the third act, and the momentary hush that preceded the resumption of the performance on the stage was broken by a stentorian voice from the rear of the auditorium:

"Is Dr. Higginspiker in the house?"

A tall, heavily-whiskered man occupying a front seat rose up.

"If Dr. Higginspiker is in the house," resumed the stentorian voice, "he told me I was to come here and call him out at 10 o'clock."

Whereupon Dr. Higginspiker, looking very red, picked up his hat and cane and walked down the aisle amid loud and enthusiastic applause.—Chicago Tribune.

PAID IN PENNIES.

College Students Give a Conductor a Laid.

"Those college students are a gay set of chaps," said an old-time Lake Shore conductor the other day.

"When I was running on the main line the Hillsdale students were continually springing some new tricks on me. One day about 300 of them were going down to Jonesburg. They absolutely refused to purchase tickets at the depot. The agent smelled something and told me to keep my eyes open.

"The fare was only fifteen cents, but the students wanted a reduction, and I thought perhaps they might make me some trouble. The first student I called upon for fare thrust his hand down into his pocket and dug up fifteen pennies without a murmur. The next fellow did the same thing. Well, after ten or fifteen of them had gone through the same performance I dropped on to the idea that they were loaded for me. The train boy helped me out, carrying a bag int owhich I threw 4,500 red cents, for they all paid me in cent pieces.

"When they returned every one of those rogues was loaded with fifteen red cents, and I had the same load to carry to the office."

WIDENING ITS WORK.

Fruitmen's Interests Watched by the State Board.

The California State Board of Horticulture, which has occupied quarters at 220 Sutter street for years past, has moved to more commodious compartments in the Mills building, rooms 1, 2 and 3, fifth floor, where monthly meetings of fruit growers will be held, experiments in all branches of fruit culture will be conducted, and investigations made of diseases affecting fruit and fruit trees; also of injurious and beneficial insects.

The board is prepared to receive specimens of fruit of all kinds for identification, and of insect pests and tree diseases. Such specimens must be sent by express (charges prepaid) well packed. It is not necessary to send too great a number; the fewer the better. Specimens sent by mail should be packed in wooden or tin boxes, and should never be sent loose in a letter. Select a choice specimen and others showing variations, with branches and leaves. Always pack in damp moss. Avoid packing in cardboard boxes, as they seldom reach their destination in good condition when so packed.

Correspondence on any branch of fruit culture is solicited, as well as the processing of fruit, etc.; also on diseases affecting fruit and fruit trees.

Fruit growers and others are requested to report without delay any infringement of our horticultural and quarantine laws.

MONDAY............AUGUST 12, 1895.

The report that certain parties in Pittsburg have discovered the lost art of welding copper to steel is in the nature of a re-discovery of one of the lost arts. The far more important art was that of tempering copper so that it could be used in cutting granite. That art the ancient Egyptians were supposed to possess. Copper then took the place of steel of the present day. That is the lost art that modern science has never been able to discover.

The retirement of Judge McKinstry from the law school was the sensation of a day. His retirement from the bench of the Supreme Court some years ago to accept a professorship of law was another sensation. It was never understood why he stepped out of one office into the other at that time. McKinstry is a very able man and probably prefers his private practice to any other office. Judge Slack, who succeeds him, has long filled the office of instructor. He is both a graduate and a regent of the University. He is regarded as one of the ablest of the younger jurists of the State, and is withal a prodigious worker. The man who can fill two such offices as judge of the Superior court and a law professor at the same time, will not have any leisure time to hang heavy on his hands.

The New Use of Steel.

When the construction of railroads fell off from more than 10,000 miles a year to less than one-third of that mileage, the demand for steel rails was correspondingly reduced. The increase of electric roads did not make up the difference. But on the other hand there was a new demand for steel in the construction of new buildings. The modern business edifice has only a shell of brick or stone. The whole interior weight of the structure is supported on steel columns or posts. An Eastern journal puts these facts together:

"It is stated, as an illustration of the iron and steel industry, that a single new building which is in process of erection in New York city will require no less than 3,000 tons of iron and steel. One hundred such structures would use up 300,000 tons, and when the great number of business blocks erected in the large cities of America this year is taken into consideraton, it will readily be perceived that a million tons of iron and steel may be hidden behind the walls of large new buildings in the chief cities of the United States without attracting much attention. The consumption of that quantity of steel in the form of rails for new railways would be the talk of the country and would make a deep impression in Europe. It would mean an addition of about 8,000 miles to the already vast railroad system of the United States.

The demand for steel rails for electric railroads and the greatly increased demand for building has not only put in operation all the steel mills of the country, but the price of the metal is climbing up in response to this greatly increased demand. The new era has made the new market for this metal.

Irving Scott has gone over to Japan to bid on some of the new warships which the Japanese propose to build. It was reported some time ago that a part of the Chinese indemnity money would go into new ships. There is said to be not a little rivalry for these contracts. Mr. Scott makes this statement:

"Japan has been negotiating about new cruisers with the Union Iron Works for ten years," says Mr. Scott, "but the price has been too high for it. During a long period England has been able to underbid us to the extent of 45 per cent, but now the difference is only 10 or 15 per cent. I can't say that the Japanese would give us contracts unless we could squarely meet the English figures, though I am frequently assured by them that they want to buy some American vessels for the sake of a fair return for the immense trade Japan is getting from the United States. America is her best customer, and she buys less from this country in the ordinary way of trade than she does from any other great manufacturing, agricultural and industrial power.

"Last spring the Secretary-General of the Imperial Cabinet said to an American: "Your are building the swiftest and most formidable cruisers known. Besides that you have invented armor plate for your battleships, which Russia has chosen for hers in a competition of all the makes of armor plate in Europe. Our government, seeing these achievements, and recalling the fact that America has twice revolutionized the navies of the world by her infinite capacity for invention, first in creating the ironclad and then the turret, is strongly disposed to draw upon American shipyards for a part of its new navy. Why shouldn't we depend upon you for the best? Besides doing the things I have just spoken of, the United States has built the finest clipper ships and the fastest yachts. Your country leads, whenever she wants to, in naval construction both of peace and war. Besides, America buys so much of us and is our historic friend and well-wisher. For one, I sincerely hope that American ship-builders will bid for our contracts."

The Man and His Work.

Frank Pixley was a unique character. He had a strong personality which he put into nearly all his work. He was never so happy as when he was bristling with antagonisms and was stirring up his foes. He had the gift of making enemies which sometimes goes with the ability to make life long friends. With the natural ability to become one of the foremost men of the State he fell far short of that mark. He had no talent for leadership. In political questions he was always heard with interest, but those who heard him turned away, not caring to follow one who was inconsistent both in act and speech. It was never made clear to the public that he had profound convictions on any subject. Many of his views on public questions were sound and he had the art of putting them in a very striking way, both in his public speeches and in his journalistic work. His strong personality was frequently employed in scalping his enemies.

For many years that was the strongest feature of the Argonaut. People bought and read the paper to see who had fallen under Pixley's displeasure. He was able, by the use of his organ, to get even with his political enemies. At the same time his trenchant and brilliant style when employed in other directions, was very attractive. He had some of the best qualities of a journalist united with some of the worst. It was this strong personality that went to the making of a readable paper. But no great journal was ever founded and maintained on a single personality. Horace Greeley founded the Tribune. But it was a better paper after he died than before. The Elder Bennett founded the Herald. It is a far better journal now than it was in his time. Raymond founded the Times and made it a success. But in each of these instances the journal was more than the man. It survived because it had a permanent basis.

The Argonaut was founded on Frank Pixley. When he ceased to put his work into it something had gone out of it that the public missed. It was the Argonaut without Pixley—still a good readable paper, but lacking that distinctive quality which at an earlier day had made it a success. The man who stood for it never had the full measure of influence because of his inconsistencies. He often doubled on his own track and cared nothing for any criticism that he might provoke on that account. It was not quite certain where the Pixley of one day would be on the next. He would scourge his foes, utter brilliant epigrams, send up a number of rockets and retire apparently satisfied that he had done about the right thing. He had the audacity of a Bohemian with the conservatism of wealth which made him a double character.

He made at one time a prominent figure as a lawyer, having filled the office of Attorney General of the State. Yet in that high office he did not command the full confidence of the public, nor did he make the impression of a great jurist. When the question of the impeachment of a judge was before the Legislature the Attorney General was thrust aside by the committee having the management of the case, chiefly on the ground of a want of confidence. It was the doubt that always existed in the public mind which abridged his influence. One could not always tell where such an erratic genius would land. Yet while he sometimes struck blindly, in the main his influence was exerted on the right side. Few men have been so prominent in journalism in California. It is to the lasting honor of the man that he made a journal that could be admitted to any fireside without any question as to its fitness to be there.

General Ezeta who came within an ace of losing his head, and only escaped by a technicality that counted in his favor, is abusing his liberty in this country by planing a revolution in Salvador. His latest proclamation is dated in San Francisco. If General Ezeta had been sent back to his own country as a common murderer, he would never have been heard from again. He ought to be sent out of this country whose hospitality he has abused from the day he was set at liberty.

The constitutional requirement that voters must be able to read and write is making something of a buzz just now. That requirment was submitted to voters at the last election and carried by an overwhelming majority. It does not touch the qualifications of voters who have once been registered. But is every new voter, such for instance as graduates of the University, to be asked if they can read and write, with a special request to read a section of the Constitution?

FIDDLE SPRUCE IS SCARCE.

That Is, It Was Until a Man Found a Lot of It Near Lobster Lake.

An old lumberman just in from the headwaters of the Allegash, above Moosehead Lake, says there are 50,000 hundred dollar violins growing on two townships of land near Lobster Lake. Until lately, says an authority on the fiddle spruce, about all the spruce fit to make into violins was procured near Lake Saranac, N. Y., and here it was getting to be so scarce that the men who were sent to hunt it up made poor wages. In fact, the chief supply of "fiddle wood" has of late come from the spruce and fir floor boards of colonial mansions. It is found that clear boards seasoned for years under cover, give forth a very resonant tone, even if they are not fine grained and "kinky," like the true violin spruce. Boards from the under floors of aged houses are preferred and those which were laid nearest the big old chimneys are the best of all. Kiln drying spoils the tone of the choicest woods; but a slow, dry heat, away from the light, under such conditions as floor boards are dried, seems to bring out the melody in stock that is worthless when treated by the usual methods.

The true "fiddle spruce" is the "abies rubra" of Gray's botany, and it seems to be a fine-grained variety of the "abies nigra," or black "beer spruce," which is common throughout the Eastern States. It is found on cold hillsides at the far North, and it is a slow-growing, close-fibred wood of a reddish tint, and remarkably free from rosin. When a man discovers a tree of this class, large and straight and free from big limbs and knots, he can venture to fell it, knowing that he stands about one chance in twenty of finding a fiddle spruce. If the grain of the wood proves straight, with a cleavage which makes toothpicks, he has spoiled a timber tree for nothing. If the wood is "kinky," however, and full of dots, like a bird's eye maple, the tree is worth 50 cents a cubic foot where it lies, and three times that sum when it is sawed and seasoned.

This wood not only gives an even, resonant sound when made into a violin, but it takes a beautiful polish, which brings out the wavy and spotted fibre in a way to make it admired by all. About fifty years ago a man in Newport, N. H., planted the cones of a fiddle spruce in a nursery hoping as he said, "to raise his own fiddles." They grew well, but out of over 200 seedlings there was not a single tree fit to make into violins.—Springfield Republican.

NOTES AND EXCERPTS.

From Berlin comes the news that an anti-cholera serum has been discovered. Of course, after the anti-consumption serum, and the anti-diptheria serum, the anti-cholera serum was looked for. Now an anti-cholera serum is in order. And a full assortment of anti-toothache serums.

A London newspaper recently contained the following advertisement: "Nine young ladies want to rent elegant apartments, with convenient rooms for their bicycles. Conditions—neither cats nor men in the neighborhood." R-a-t-s!!!

It is reported from Paris that the aeronaut, Capazza, dropping from an elevation of 4000 feet, has succeeded in guiding his parachute exactly to the spot previously designated by him. Hence flighty Paris journalists now hope soon to take a fly. The messieurs will be sure to take many a drop before the fly.

After the death of a pauper in Silesia it was found that he had been the owner of 8000 marks ($2000) in cash, 95 pairs of pants, 109 shirts (nearly all new), 36 undershirts, 89 coats, 23 pairs of socks and 52 hats and caps. No soap.

Lately forty horses were started in a long distance race at Warsaw, in Austrian Poland. Thirty-six of the poor beasts came to a finish by death, and the other four are in exceedingly sorry condition. The cruel sportsmen will be prosecuted.

In England there is one divorce to 577 marriages, in France one to 87 marriages, and in the city of Paris one to thirteen marriages. Paris seems determined to maintain its rank as a fast city.

A lady of Neuhaldensleben, Germany, who died last month has bequeathed the sum of 5000 marks to a subaltern officer, who during the battle of Mars-la-Tour, twenty-five years ago, carried her wounded brother from the field.

On Pentecost Day, at Brunn, Austria, a journeyman baker and his sweetheart found death together in the waters of the Schwarzawa, having sought it because they were too poor to marry. Quite lately a lottery ticket owned by the drowned man drew a prize of 20,000 gulden ($10,000, the money has been paid to his mother.

In the large cities the collecting of cigar stumps has long ago developed into an industry, the stumps being converted into 'smoking tobacco' indeed in several European countries the tobacco and cigar trade is a Government monopoly; so also in Belgium, and it is said that the Belgian authorities are now trying to decide whether or not the cigar stump business should be suppressed—because it competes with the monoply.

Divorces are very difficult to obtain in England. The English law requires proof of unfaithfulness on the part of the woman or, on the part of the man, proof of unfaithfulness aggravated by ill-usage. But in Australia, though it is part of the British Empire, a man can "get rid" of his wife if she is caught twice drunk. If that becomes generally known Australia will prosper as never before—that is, if Chicago and Oklahoma don't amend their ways.

The Dutch papers publish the results of original experiments made by a physician at Batavia, in the Dutch East Indies. This disciple of Esculapius has been trying to find out whether a white or a black skin is the proper thing in hot climates. He took pieces of the skin of a white person and pieces of the skin of a Malay and wrapped them around jars and filled the jars with hot water, and, on next taking the temperature of the skin found that the black skin absorbs more heat than the white. That isn't as strange as it may appear. It has long ago been discovered that black cloth absorbs more heat than white—hence white garments are preferred in hot countries. And—hence or not hence—white skins by whites.

Three months ago a servant woman at Pilsen, Austria, drowned her two-year-old baby. During her incarceration she confessed to having previously killed a four-year-old child—both because "they were for hunger and cried for bread." The murdress was condemned to death but the Emperor has commuted the sentence to fifteen years' imprisonment.

A French traveler, who speaks authoritatively, asserts that the Sahara Desert is far from being absolutely sterile; that, with the exception of a very small portion, it has a solid and fertile soil or subsoil. In the Algerian Sahara no less than 20,000,000 sheep are now pastured, and every oasis artificially created by the boring of artesian wells "blooms like a rose"—shows a luxuriant growth of vegetation and produces plentiful crops of wonderful apricots, lemons, peppers, onions, etc.

Karl Wesselske, an actor, became suddenly and violently insane a few days ago while impersonating a sane man contained in a lunatic asylum on the boards of the National Theater at Berlin, Germany. His case is considered hopeless.

England still begets ghost stories. The exceedingly sober realm relates that not long ago at a country seat in Cheshire, famous for its portrait gallery, a visitor was hastening down the main stairway. Suddenly he felt his progress arrested by two strong arms grasping him by the shoulders. On turning around he saw no one; but at that moment a large, heavy picture fell from the wall directly in front of him with force enough to demolish the very substantial balusters. The ghostly arms and saved his life. An Englishman's ghost is his castle—don't you know.

It is rather odd that Mr. Schenk, formerly President of the Swiss Republic and now a member of the Federal Council (the Swiss Federal Council performs the functions which in the United States are allotted to the Cabinet), should be run over and seriously injured by a passing carriage while in the act of giving alms to a deaf-mute mendicant—that he was then blind and deaf to the approach of the carriage.

Paris has now 81,291 "houses," 886 "workshops," and 1,907 buildings which are designated as a "mixture of house and workshop"—representing a value of 11,000,000,000 francs. The value of real estate has doubled since 1862. As especially notable in connection with these statistics the Petit Journal mentions that just as the residences in the richer quarters must have horse stables convenient, so, now in the construction of new buildings nearly everywhere provision is being made for properly "stabling the steel horse"—the all pervading bicycle.

According to the Vienna Neue Freie Presse, the shoe manufacturers of Austria and Germany have been compelled to raise the price of shoes thirty per cent on account of the dearth of leather, caused by the exportation of immense quantities of it to the United States. The demand in the United States is by some supposed to be due to vast exportation of skins and leather to Japan and China; others consider it fictitious—a clever move of the Leather Trust.

No better instance of good fortune coming through sheer luck could be found, perhaps, than in the experience of a prospector named Mahoney, near Kalispell, Mont., recently. Having nothing to do one afternoon, he, out of pure fancy, as an idle boy would throw stones at a mark, drilled a hole into a projecting hunk of rock and put in a shot, intending to blow out a ton or so of it just to see things fly. When the blast was made he found that he had broken into a treasure house. There was a big pocket in the rock, the sides of which sparkled almost with pure gold. There was enough in sight to net Mahoney a handsome sum, and if the mine proves as rich as the surface showing indicates, he has struck a bonanza.

WELL PREPARED

A Fine Time Card Issued by the Haywards Line.

F. M. Leland superintendent of the Oakland, San Leandro & Haywards Electric railway, has just issued in condensed form a time card for that road on the main line and all its branches.

The "card" consists of a compact pocket manual of serviceable paper comprising about twenty pages, bound in dark brown cover and is well designed to be carried with ease by motorman and conductor. The time of each run on each division, as also the minute the cars reach every important street or road between Haywards and First street in this city is given. The card also shows the broad gauge and narrow gauge trains the cars are expected to connect with, where the company has right-of-way at crossings, and where the right-of-way is enjoyed by other lines. It also contains all the instructions, in a condensed form, necessary for the government of employes.

Heard in the Corridor.

"Mac! Oh Mac!"

"Yes, your highness."

"Ain't I making a good mayor?"

"The best on earth. You could give Pardee big and little casino and beat him hands down."

"That's what I thought. Oh, I say, Mac!"

"Yes, your highness."

"Who's this man Laidlaw that's giving out a hula-hula dance about me throwing him off on a job?"

"He's a populist and says that you were going to make him your clerk."

"Wha-a-n-t! Great Bishop McSweeney! A Pop.; one of those Rosenburg-Fones fellows, and he wants a job? Don't he know the election's over? This must be stopped. These fellows will be wanting your job next."

"That's so, your highness."

"Don't you fret, Mac. If you ain't my clerk you'll be my assistant, even if you don't get a salary. You take this two bits and run over to Ike Foster's and spend it. Find out what he thinks about me giving it to Doody in the neck."

The conversation ceased and a minute later Mac disappeared down the back stairs.—East Oakland Mail.

The curtain had risen on the third act, and the momentary hush that preceded the resumption of the performance on the stage was broken by a stentorian voice from the rear of the auditorium.

"Is Dr Higginspiker in the house?"

A tall, heavily-whiskered man occupying a front seat rose up.

"If Dr Higginspiker is in the house," resumed the stentorian voice, "he told me I was to come here and call him out at 10 o'clock."

Whereupon Dr Higginspiker, looking very red, picked up his hat and cane and walked down the aisle amid loud and enthusiastic applause.—Chicago Tribune.

PAID IN PENNIES.

College Students Give a Conductor a Laid.

"Those college students are a gay set of chaps," said an old-time Lake Shore conductor the other day.

"When I was running on the main line the Hillsdale students were continually springing some new tricks on me. One day about 300 of them were going down to Jonesburg. They absolutely refused to purchase tickets at the depot. The agent smelled something and told me to keep my eyes open.

"The fare was only fifteen cents, but the students wanted a reduction, and I thought, perhaps they might make me some trouble. The first student I called upon for fare thrust his hand down into his pocket and dug up fifteen pennies without a murmur. The next fellow did the same thing. Well, after ten or fifteen of them had gone through the same performance I dropped on to the idea that they were loaded for me. The train boy helped me out, carrying a bag into which I threw 4,500 red cents, for they all paid me in cent pieces.

"When they returned every one of those rogues was loaded with fifteen red cents, and I had the same load to carry to the office."

WIDENING ITS WORK.

Fruitmen's Interests Watched by the State Board.

The California State Board of Horticulture which has occupied quarters at 220 Sutter street for years past, has moved to more commodious compartments in the Mills building, rooms 1, 2 and 3, fifth floor, where monthly meetings of fruit growers will be held, experiments in all branches of fruit culture will be conducted, and investigations made of diseases affecting fruit and fruit trees; also of injurious and beneficial insects.

The board is prepared to receive specimens of fruit of all kinds for identification, and of insect pests and tree diseases. Such specimens must be sent by express (charges prepaid) well packed. It is not necessary to send too great a number; the fewer the better. Specimens sent by mail should be packed in wooden or tin boxes and should never be sent loose in a letter. Select a choice specimen and others showing variations with branches and leaves. Always pack in damp moss. Avoid packing in cardboard boxes, as they seldom reach their destination in good condition when so packed.

Correspondence on any branch of fruit culture is solicited, as well as the processing of fruit, etc.; also on diseases affecting fruit and fruit trees.

Fruit growers and others are requested to report without delay any infringement of our horticultural and quarantine laws.

A NEW MARINE MONSTER.

Oakland Is Giving Birth to a Wonderful Idea.

An Electric Torpedo That Will Burst the Stoutest Ships.

For some time past the neighbors of Chas. F. McDermott have been in a turmoil of excitement. Daily they have seen six or seven men enter the spacious grounds which surround his residence at Eighth and Center streets and through the day have heard hammering issuing from the carriage house. They have seen the owner accompanied by men of military cast and bearing enter the mystical apartment and have noticed them leave in earnest conversation. They have attempted to learn from the workmen the cause of the extraordinary proceedings, but have found them dumb. They have attempted to penetrate into the mysterious regions, but have been met at the door with a refusal of admittance.

Little by little the story of the wonderful doings within the McDermott carriage house has come to light.

MacDermott has an invention! Not his own, but with capital and influence he is supporting the creature of the brain of Dr. Gross, a Chicago inventor.

The new machine is an electric submarine torpedo, an entirely new invention, but an improvement on those already registered in the patent office, which will completely revolutionize modern marine warfare and make the thick iron hulls of the now formidable warships as easily penetrable as though made of the thinnest wood. The workings of this sub-marine monster are known to but a chosen few and they refuse to part with any of their knowledge.

The machinery is being made at different shops and foundries here and in San Francisco and nothing can be told by them that will unveil the secret workings.

It is known, however that Colonel Mendell, the Government engineer on this coast, has seen the affair and with the inventor has carefully studied its plans and workings. He has made no report as yet to the government, but his idea of the success of the new invention is extremely gratifying to its creator. The practical tests have not been made but about the 15th of the present month the machine will be complete. It is then the intention of those interested to take it to Goat Island, where a secret experiment will be made. If this is successful a public exhibition will be given about the first of September, where all may see and discuss what proposes to be one of the greatest inventions of the century.

Dr. Gross, its inventor, is not unknown in the scientific world. Some time ago he made an explosive, but has never brought it before the public, although he attempted to take it to China to be used by that country in the war with Japan. Dr. Gross' patent was sent across the Pacific, but before leaving Chicago the secret of his mission had leaked out and when he landed on the other side he was taken and rather roughly handled by the Japs. Their government informed the United States, the authorities interfered and the plans of the doctor were never put into execution.

M'EWEN UNDER FIRE.

A Correspondent Tackles Him and Defends the Churches.

Editor Tribune: Sir—I spent a little more time than usual over my Saturday's Tribune and read the letter of your San Francisco correspondent, in which he rehashes for the eleventh time his ancient tirade against ministers and churches. I can conceive of but three motives that could prompt the writing of that harangue.

The first is a desire to fill a certain amount of space with so many words for so much money. The second is a genuine desire to point out the error of their ways to churches with a view to improvement. The third is taking advantage of an opportunity to say something unkind and cutting.

The first motive could not have actuated any man with a thimble-full of brains in these restless, thoughtful days, so I dismiss it. The second is hardly in accord with the writings and professions of Arthur McEwen. The third, then, I conceive to be the laudable motive which welled up in the breast of your brave and generous correspondent.

Our kind and forbearing journalist evidently does not like the churches and ministers, and, judging by the knowledge of their work, worship and attendance displayed by him I do not wonder that he writes as he does. It's a genuine case of Dr. Fell over again. This is the sum and substance of Mr. McEwen's light effusions regarding churches and church people:

"I do not like thee, Dr. Fell,
The reason why I cannot tell."

And pity the man who is content to take his information of churches, conventions and assemblies, as well as of individuals second-hand from the vealiest of vealy people, the reportorial sophomores of the San Francisco daily press! He will surely be mentally buncoed if he does. Mr. McEwen has aptly described these literary perverts so necessary to San Francisco journalism, and, as he himself avers, he has not attended church for many years (thirty, I believe is the number) we have the delightful and inspiring spectacle of a journalist depending for a certain line of information upon persons whom he denounces as thoroughly unreliable.

My own experience with churches of various denominations in San Francisco differ from those of people who find them warring, half-filled and stupid. The churches I have visited appear to be filled with earnest, happy people, and until we receive information about matters religious from a source more reliable than the San Francisco news gatherer, many of us will still hold opinions directly opposite to that given by Mr. McEwen.

Human beings being trinities of mental, bodily and spiritual forces it naturally follows that all of these forces, in order to develop and sustain a full and symmetrical manhood and womanhood, must themselves be sustained. Many of us are not content to allow ourselves to become spiritually dwarfed, so we look after the spiritual as well as the material and mental development of our being. I don't know where the spiritual part of our nature can receive better pabulum on Sunday than in our devotions of whatever name or nature in church. If Mr. McEwen has a better system he might favor us with an exposition of its beauties and excellence. Judging, however, by the lives and acts of most of the people who rave, scowl and snap at churches and church people theirs is not a happy lot. They are divided and sub-divided into cliques, clubs and isms, and some are even wondering "where they are at," while the churches are drawing nearer together in fellowship and work. In order to get at the facts of the conditions of the narrow little isms opposed to churches as well as facts regarding the churches themselves, I have gone to the fountain-head and seen with my own eyes and heard with my own ears, and judged with an open, unprejudiced mind. I recommend that method to Arthur McEwen should he desire to search after truth, than which there is nothing more inspiring.

Things are in a demoralized condition around some of the county offices. A big shortage has been discovered in the tax collector's office, involving the tax collector, county auditor and ex-tax collector. A grand jury composed of the right sort of men might be able to do a deal of good at this time.—Haywards Review.

We have previously commended Librarian Peterson for the many improvements that he has inaugurated in the management of the public library. He has rendered the books accessible to the public, has recatalogued the entire library, and has by every means in his power sought to make the library a greater benefit to the people. For this exceptional credit is due Mr. Peterson. We wish that the same degree of approbation could be given to the trustees. They have, unfortunately, been a detriment instead of a benefit to the library. Each trustee that has a literary fad has sought to impose it upon the people. As an illustration of this it is sufficient to cite one instance. In one reading room a certain trustee caused six additional religious papers to be added to the files where they repose unread week after week. A local weekly, published two doors distant from that reading room is not subscribed for. There are two reading rooms in East Oakland. Both receive papers from the north, south and east, but in neither can an East Oakland citizen find his home paper, the Mail. The trustees, as is apparent from their selection of subordinates, prefer periodicals as well as persons from abroad.—East Oakland Mail.

The shortage in the accounts of the county tax collector seems to be getting larger. Auditor Whidden states that he collected $183, but that he turned it over to Leo Parks, Mr. Roseborough's deputy. Mr. Parks denies that Whidden ever gave him any money, and there the matter stands. The district attorney states that he is going to sift the matter to the very bottom, and will bring the matter before the grand jury which meets in about two weeks. He says that he will not allow friendship to interfere with his duties toward the county. As the matter now stands it is a question of veracity between Whidden and Parks. Whoever got the money is the same person that mutilated the books, and if he is discovered he will be very liable to be sent to San Quentin for a term of years.—Berkeley Gazette.

Deputy Sheriff Sam Nellar of Oakland used to know Mrs. Catherine O'Neill in Haywards years ago and of course he was quite pleased to see her in a court room in the former city not long ago. Mrs. O'Neill was also pleased to see Mr. Nellar—very pleased. A case had been called, but she didn't mind a little thing like that. As soon as she saw her old friend she made a rush for him, threw her arms about his neck and kissed him. The spectators laughed, Mr. Nellar blushed, Mrs. O'Neill looked tender but firm and the judge rapped for order. Order was restored and the modest victim of the assault went out into the clear, cool night where he could sit and think and think. He says there are moments when one wants to be alone.—Fresno Republican.

The Supervisors of Alameda county have declared Assessor Dalton's valuation of certain properties excessive and have reduced it by millions. Oakland's City Council has declared Mr. Dalton's assessments just and equitable and accepted them as the basis for taxation in this city. Has property two valuations in Oakland? Either the City Council or the Board of Supervisors has been false to the people. The people are with the Council.—East Oakland Mail.

Somebody has been "monkeying" with the county's assessment rolls, by making false entries and pocketing money paid for taxes, and a lively newspaper controversy is now going on in consequence thereof, between Alexander Rosborough, ex-county tax collector, J. Leo Parks, one of his clerks while in office and County Auditor Whidden, with J. B. Barber, present tax collector, incidentally brought into the muddle, at a loss to him of $600, brought about by somebody's trickery. The matter will go into court for elucidation. Meanwhile Auditor Whidden thinks that nothing will be gained by discussing it in advance of its reaching the legal tribunal.—Encinal.

Oakland's subscription to the Valley railroad has expired by limitation, and some of the people there are wondering what's the matter with starting in on their own account.—Fresno Expositor.

It was a source of pleasure in calling at the office of the Good Roads Association in Oakland to meet in the person of the secretary E. L. Knowlton. Our first acquaintance with the gentleman was made about a dozen years ago, when he was the principal of the Bodie public school and we were one of his pupils, and the bonds of friendship then formed have become stronger as time has passed. We are glad to know he has taken up his residence in Alameda county, and that he is now engaged in advancing the interests of so important an organization as the Good Roads Association. This body is to be congratulated on having secured for this position one so well qualified to fill the office, and we feel sure that his efforts in behalf of the organization will accomplish satisfactory results.—Haywards Review.

BENNETT RIGHT IN IT.

He Is Now to Be Ejected From His Home in Alameda.

C. R. Bennett, the ex-secretary of the Society for the Suppression of Vice, is in more hot water, says the Alameda Telegram. This it not exactly a novel experience for him, for he has been in a torried souse pretty much ever since he severed his connection with the San Francisco society named.

He came very prominently before the public on this side of the bay on account of a shooting affray in a crowded local train in Oakland. Ever since he has been in the courts defending the charges growing out of the affair and in which his name and that of a young women are mixed up with no credit to him. Twice has he been convicted and still the matter is pending on a motion for a new trial with a probable petition for a change of venue to some county, where as he claims the prejudice of the public is not so intense against him.

Bennett's latest connection with the courts will result in the eviction of himself and family from the house which has sheltered them in this city at 1207 Eagle avenue. It appears that he owes rent in the sum of $200 and the San Francisco Savings Union, which owns the property, brought suit against him in the recorder's court and recovered judgment with $8 costs. The writ of restitution was issued yesterday and given in the hands of Constable Von Kapff for service.

It was the constable's first official experience of this character and he was anything but pleased with the prospect of placing the plaintiff in peaceful possession after throwing two children out into the street with the furniture of the house, the mother being out at work during the day to help keep the pot boiling. The sequel proved that the constable lost nothing by being humane and delaying the execution of the writ.

Marcuse & Remmel, who are the agents for the bank, telephoned to their principal and a happy man was Von Kapff when he received the order to delay executing the writ until the 19th inst., during which time some other solution of the problem may possibly be arrived at.

A NEW PARLOR.

Talk of Organizing Another Branch in This City.

There is talk of organizing another parlor of Native Sons in this city, but as the membership of the new parlor would mostly come from the two parlors now in existence, many hope that the proposition will not be carried into effect. The membership of the two local parlors is 335, of which Piedmont has 175 and Oakland 160. The meeting place of both parlors at present is in California hall on Clay street, but as soon as the two buildings of Reed & Miller, at the southeast corner of Eleventh and Clay streets, are completed, both parlors will move their headquarters into it. In this event it will probably be called Native Sons hall.

The Acme Salt Works of Mt. Eden have just completed setting up a thirty-five horse power tubular boiler at their new plant now in course of erection.

The golden wedding of Mr. and Mrs. Thos. R. Roller, of Castro Valley took place Saturday. A most enjoyable time was passed and all the members of the family, comprising eight sons and daughters and eight grandsons and granddaughters were present.

Antone Roberts of Crow Canyon was severely burned last Thursday with blasting powder. For a number of years he has been connected with the Meek estate. While blasting wood his fuse reached the powder, the explosion disfiguring him in the face.

Arrangements have been completed for a joint meeting of the Y. M. I. councils of Livermore, Haywards, San Lorenzo and Centerville at Haywards Sunday Aug. 25th. The grand officers expected to be present. A banquet will be one of the features.

The hauling of potatoes from Alvarado has commenced. The most extensive buyer is the Farmers' Produce Company of Oakland.

All the grain now threshed around Mt. Eden has been hauled to the Eden warehouse. There are only a couple of farmers who have not as yet threshed their grain.

Arrangements have been made for the transfer of the Hayward hotel to Mrs. Kelsey of Oakland. The new management will take charge on the 15th inst.

Eden Parlor, N. S. G. W., will celebrate the eighth anniversary of its organization by a grand ball next Thursday at its hall in Haywards.

The San Lorenzo Water Company's works at Mt. Eden comprise two artesian wells which have been supplying the town with water for about three months. The wells maintain their flow, there having been no diminution since they were started.

Miss Weston, of Oakland, has succeeded Miss Dora Uhhoff in the telephone office at Haywards.

A NEW MARINE MONSTER.

Oakland Is Giving Birth to a Wonderful Idea.

An Electric Torpedo That Will Burst the Stoutest Ships.

For some time past the neighbors of Chas. F. McDermott have been in a turmoil of excitement. Daily they have seen six or seven men enter the spacious grounds which surround his residence at Eighth and Center streets and through the day have heard hammering issuing from the carriage house. They have seen the owner accompanied by men of military cast and bearing enter the mystical apartment and have noticed them leave in earnest conversation. They have attempted to learn from the workmen the cause of the extraordinary proceedings, but have found them dumb. They have attempted to penetrate into the mysterious regions, but have been met at the door with a refusal of admittance.

Little by little the story of the wonderful doings within the McDermott carriage house has come to light.

MacDermott has an invention! Not his own, but with capital and influence he is supporting the creature of the brain of Dr. Gross, a Chicago inventor.

The new machine is an electric submarine torpedo, an entirely new invention, but an improvement on those already registered in the patent office, which will completely revolutionize modern marine warfare and make the thick iron hulls of the now formidable warships as easily penetrable as though made of the thinnest wood. The workings of this sub-marine monster are known to but a chosen few and they refuse to part with any of their knowledge.

The machinery is being made at different shops and foundries here and, in San Francisco and nothing can be told by them that will unveil the secret workings.

It is known, however that Colonel Mendell, the Government engineer on this coast, has seen the affair, and with the inventor has carefully studied its plans and workings. He has made no report as yet to the government, but his idea of the success of the new invention is extremely gratifying to its creator. The practical tests have not been made, but about the 15th of the present month the machine will be complete. It is then the intention of those interested to take it to Goat Island, where a secret experiment will be made. If this is successful a public exhibition will be given about the first of September, where all may see and discuss what proposes to be one of the greatest inventions of the century.

Dr. Gross, its inventor, is not unknown in the scientific world. Some time ago he made an explosive, but has never brought it before the public, although he attempted to take it to China to be used by that country in the war with Japan. Dr. Gross' patent was sent across the Pacific, but before leaving Chicago the secret of his mission had leaked out and when he landed on the other side he was taken and rather roughly handled by the Japs. Their government informed the United States, the authorities interfered and the plans of the doctor were never put into execution.

M'EWEN UNDER FIRE.

A Correspondent Tackles Him and Defends the Churches.

Editor Tribune: Sir—I spent a little more time than usual over my Saturday's Tribune and read the letter of your San Francisco correspondent, in which he rehashes for the eleventh time his ancient tirade against ministers and churches. I can conceive of but three motives that could prompt the writing of that harangue.

The first is a desire to fill a certain amount of space with so many words for so much money. The second is a genuine desire to point out the error of their ways to churches with a view to improvement. The third is taking advantage of an opportunity to say something unkind and cutting.

The first motive could not have actuated any man with a thimble-full of brains in these restless, thoughtful days, so I dismiss it. The second is hardly in accord with the writings and professions of Arthur McEwen. The third, then, I conceive to be the laudable motive which welled up in the breast of your brave and generous correspondent.

Our kind and forbearing journalist evidently does not like the churches and ministers, and, judging by the knowledge of their work, worship and attendance displayed by him I do not wonder that he writes as he does. It's a genuine case of Dr. Fell over again. This is the sum and substance of Mr. McEwen's light effusions regarding churches and church people:

"I do not like thee, Dr. Fell,
The reason why I cannot tell."

God pity the man who is content to take his information of churches, conventions and assemblies, as well as of individuals, second-hand from the vealiest of vealy people, the reportorial sophomores of the San Francisco daily press! He will surely be mentally buncoed if he does. Mr. McEwen has aptly described these literary perverts so necessary to San Francisco journalism, and, as he himself avers, he has not attended church for many years (thirty, I believe is the number) we have the delightful and inspiring spectacle of a journalist depending for a certain line of information upon persons whom he denounces as thoroughly unreliable.

My own experience with churches of various denominations in San Francisco differ from those of people who find them warring, half-filled and stupid. The churches I have visited appear to be filled with earnest, happy people, and until we receive information about matters religious from a source more reliable than the San Francisco news gatherer, many of us will still hold opinions directly opposite to that given by Mr. McEwen.

Human beings being trinities of mental, bodily and spiritual forces it naturally follows that all of these forces, in order to develop and sustain a full and symmetrical manhood and womanhood, must themselves be sustained. Many of us are not content to allow ourselves to become spiritually dwarfed, so we look after the spiritual as well as the material and mental development of our being. I don't know where the spiritual part of our nature can receive better pabulum on Sunday than in our devotions of whatever name or nature in church. If Mr. McEwen has a better system he might favor us with an exposition of its beauties and excellence. Judging, however, by the lives and acts of most of the people who rave, scowl and snap at churches and church people theirs is not a happy lot. They are divided and sub-divided into cliques, clubs and isms, and some are even wondering "where they are at," while the churches are drawing nearer together in fellowship and work. In order to get at the facts of the conditions of the narrow little isms opposed to churches as well as facts regarding the churches themselves, I have gone to the fountainhead and seen with my own eyes and heard with my own ears, and judged with an open, unprejudiced mind. I recommend that method to Arthur McEwen should he desire to search after truth, than which there is nothing more inspiring.

AS OTHERS SEE US.

Things are in a demoralized condition around some of the county offices. A big shortage has been discovered in the tax collector's office, involving the tax collector, county auditor and ex-tax collector. A grand jury composed of the right sort of men might be able to do a deal of good at this time.—Haywards Review.

We have previously commended Librarian Peterson for the many improvements that he has inaugurated in the management of the public library. He has rendered the books accessible to the public, has recatalogued the entire library, and has by every means in his power sought to make the library a greater benefit to the people. For this exceptional credit is due Mr. Peterson. We wish that the same degree of approbation could be given to the trustees. They have, unfortunately, been a detriment instead of a benefit to the library. Each trustee that has a literary fad has sought to impose it upon the people. As an illustration of this it is sufficient to cite one instance. In one reading room a certain trustee caused six additional religious papers to be added to the files where they repose unread week after week. A local weekly, published two doors distant from that reading room is not subscribed for. There are two reading rooms in East Oakland. Both receive papers from the north, south and east, but in neither can an East Oakland citizen find his home paper, the Mail. The trustees, as is apparent from their selection of subordinates, prefer periodicals as well as persons from abroad.—East Oakland Mail.

The shortage in the accounts of the county tax collector seems to be getting larger. Auditor Whidden states that he collected $183, but that he turned it over to Leo Parks, Mr. Roseborough's deputy. Mr. Parks denies that Whidden ever gave him any money, and there the matter stands. The district attorney states that he is going to sift the matter to the very bottom, and will bring the matter before the grand jury which meets in about two weeks. He says that he will not allow friendship to interfere with his duties toward the county. As the matter now stands it is a question of veracity between Whidden and Parks. Whoever got the money is the same person that mutilated the books, and if he is discovered he will be very liable to be sent to San Quentin for a term of years.—Berkeley Gazette.

Deputy Sheriff Sam Nellar of Oakland used to know Mrs. Catherine O'Neill in Haywards years ago and of course he was quite pleased to see her in a court room in the former city not long ago. Mrs. O'Neill was also pleased to see Mr. Nellar—very pleased. A case had been called, but she didn't mind a little thing like that. As soon as she saw her old friend she made a rush for him, threw her arms about his neck and kissed him. The spectators laughed, Mr. Nellar blushed, Mrs. O'Neill looked tender but firm and the judge rapped for order. Order was restored, and the modest victim of the assault went out into the clear, cool night where he could sit and think and think. He says there are moments when one wants to be alone.—Fresno Republican.

The Supervisors of Alameda county have declared Assessor Dalton's valuation of certain properties excessive and have reduced it by millions. Oakland's City Council has declared Mr. Dalton's assessments just and equitable and accepted them as the basis for taxation in this city. Has property two valuations in Oakland? Either the City Council or the Board of Supervisors has been false to the people. The people are with the Council.—East Oakland Mall.

Somebody has been "monkeying" with the county's assessment rolls, by making false entries and pocketing money paid for taxes, and a lively newspaper controversy is now going on in consequence thereof, between Alexander Rosborough, ex-county tax collector, J. Leo Parks, one of his clerks while in office, and County Auditor Whidden, with J. B. Barber, present tax collector, incidentally brought into the muddle, at a loss to him of $600, brought about by somebody's trickery. The matter will go into court for elucidation. Meanwhile Auditor Whidden thinks that nothing will be gained by discussing it in advance of its reaching the legal tribunal.—Encinal.

Oakland's subscription to the Valley railroad has expired by limitation, and some of the people there are wondering what's the matter with starting in on their own account.—Fresno Expositor.

It was a source of pleasure in calling at the office of the Good Roads Association in Oakland to meet in the person of the secretary E. L. Knowlton. Our first acquaintance with the gentleman was made about a dozen years ago, when he was the principal of the Bodie public school and we were one of his pupils, and the bonds of friendship then formed have become stronger as time has passed. We are glad to know he has taken up his residence in Alameda county, and that he is now engaged in advancing the interests of so important an organization as the Good Roads Association. This body is to be congratulated on having secured for this position one so well qualified to fill the office, and we feel sure that his efforts in behalf of the organization will accomplish satisfactory results.—Haywards Review.

BENNETT RIGHT IN IT.

He Is Now to Be Ejected From His Home in Alameda.

C. R. Bennett, the ex-secretary of the Society for the Suppression of Vice, is in more hot water, says the Alameda Telegram. This it not exactly a novel experience for him, for he has been in a torrid souse pretty much ever since he severed his connection with the San Francisco society named.

He came very prominently before the public on this side of the bay on account of a shooting affray in a crowded local train in Oakland. Ever since he has been in the courts defending the charges growing out of the affair and in which his name and that of a young women are mixed up with no credit to him. Twice has he been convicted and still the matter is pending on a motion for a new trial with a probable petition for a change of venue to some county, where as he claims the prejudice of the public is not so intense against him.

A Big Saving for Housekeepers.

Bennett's latest connection with the courts will result in the eviction of himself and family from the house which has sheltered them in this city at 1297 Eagle avenue. It appears that he owes rent in the sum of $200 and the San Francisco Savings Union, which ownes the property, brought suit against him in the recorder's court and recovered judgment with $8 costs. The writ of restitution was issued yesterday and given in the hands of Constable Von Kapff for service.

It was the constable's first official experience of this character and he was anything but pleased with the prospect of placing the plaintiff in peaceful possession after throwing two children out into the street with the furniture of the house, the mother being out at work during the day to help keep the pot boiling. The sequel proved that the constable lost nothing by being humane and delaying the execution of the writ.

Marcuse & Remmel, who are the agents for the bank, telephoned to their principal and a happy man was Von Kapff when he received the order to delay executing the writ until the 19th inst., during which time some other solution of the problem may possibly be arrived at.

A NEW PARLOR.

Talk of Organizing Another Branch in This City.

There is talk of organizing another parlor of Native Sons in this city, but as the membership of the new parlor would mostly come from the two parlors now in existence, many hope that the proposition will not be carried into effect. The membership of the two local parlors is 335, of which Piedmont has 175 and Oakland 160. The meeting place of both parlors at present is in California hall on Clay street, but as soon as the two buildings of Reed & Miller, at the southeast corner of Eleventh and Clay streets, are completed, both parlors will move their headquarters into it. In this event it will probably be called Native Sons hall.

COUNTY

BOARD OF EQUALIZATION.

Proceedings of Regular Meeting, Held Saturday, July 20, 1895.

SATURDAY, July 20, 1895.

The Board of Equalization met at 9 o'clock A. M. Roll was called and all members found to be present. The minutes of July 17th were read and approved without alteration.

The following applications were received:

No. 54, Johanna Marcuse, asking that certain property on the tidal canal be assessed to her.

Upon motion of Supervisor Talcott the action of the Board of Equalization in granting the request of H. A. Hebbard to have certain property on the tidal canal placed upon the assessment roll in his name was reconsidered by unanimous vote. Thereupon Tuesday at 2 o'clock was fixed as the time when the Board would consider all applications concerning property on the tidal canal.

A recess was then taken until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

The application of C. W. Dearborn in behalf of L. B. Dearborn was then taken up. Mr. Dearborn was sworn and gave testimony after which no objections being made by the assessor, the Board reduced the assessment to $1.

The following applications were then introduced:

No. 55, Central Pacific R. R. Company, asking for reduction from $677,000 to $10 and three and one-half miles of railroad, rolling stock, franchise and wharf. Attached to the application was a certificate from Charles M. Coglan, Clerk of the State Board of Equalization showing that the property mentioned in the application was assessed by the State Board. Mr. Ryan in reply to question by the Clerk stated that he would waive three days' notice not only as to this application but to all other to be presented this day. In support of his request that it be not assessed by the County Board, he cited 23 Pacific Reporter, page 99, paragraph 1 and section 3607 Political Code, and section 3805. L. C. Morehouse was then sworn and testified that the Central Pacific R. R. had been assessed by the State Board for many years past.

No. 56, Contra Costa Water Company, asking that the franchise be reduced from $225,000 to $5000 or be stricken from the assessment rolls. The application was set down for hearing on Tuesday at 2 o'clock.

No. 57, Central Pacific R. R. Company, asking for reduction from $306,200 to $196,800 on tract of marsh land in plots 408 to 416 and 419 and 420, Witcher map of Oakland City, etc.

No. 58, Helena Morgenstern, asking that certain property on the line of the tidal canal be placed upon the assessment roll in her name.

No. 59, South Pacific Coast R. R. Company, asking for reduction from $455,000 to $264,000 on wharf and Narrow Gauge Depot also Horse R. R. at Newark. Mr. L. Fillmore was sworn and testified that the value of the depot did not exceed $25,000.

No. 60, Central Pacific R. R. Company, asking for reduction from $165,000 to $92,000 on depot at the end of the mole and the improvements on long wharf.

W. S. Palmer was sworn and testified concerning the condition of the property, that the depot cost from $240,000 to $250,000, that it could be duplicated for 25 per cent less, that repairs upon it amounted to $3000 a year, that the coal bunkers and restaurant were thirteen years old, that the value was about $1000, that it would cost about $1800 to replace the restaurant.

No. 61, Central Pacific R. R. Company, asking that certain steamers of the company be reduced from $152,000 to $69,950.

No. 62, South Pacific Coast R. R. Company, asking for reduction from $110,000 to $12,900 on steamers.

No. 63, Pacific Improvement Company, asking for reduction from $134,900 to $100 on tide lands. Mr. Ryan then read section 3681 and asked the Board to correct assessment in vol. 6, page 102. Alameda township assessment by having assessment described by meets and bounds.

No. 64, Central Pacific R. R. Company, asking that 180 acres of marsh land be assessed $1800 instead of $18,000.

No. 65, Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township. Mr. Ryan read a decision relative to railroad operations, 19 Nevada, page 74.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that will be in proportion to the assessed value of other real estate in Oakland.

It was decided to set all applications filed by Mr. Ryan for hearing on Wednesday at 10 o'clock.

There being no further business to transact the Board adjourned to meet Monday at 2 o'clock

HIRAM BAILEY,
Chairman Board of Equalization.

COUNTY BOARD OF EQUALIZATION.

TUESDAY, July 23, 1895.

The Board of Equalization met at 2 o'clock pursuant to adjournment.

The roll was called and all members found to be present.

The following applications were received:

No. 69, A. Marks, asking for reduction from $38,375 to $15,850 on property in block 173, City of Oakland.

No. 70. The Board then took up the application of Julia Bouquet, who being present was sworn and gave testimony, after which the matter was taken under advisement pending an examination by the assessor.

No. 71, Henry P. Dalton, asking that certain property known as tidal lands, Alameda, vol. 6, page 101 and 103, be corrected as to description. Upon motion the same was granted.

No. 72, W. F. Rudolph, asking for reduction on property Oakland City, vol. 4, page 17, from $150 to $1.

The Electric R. R. and Cable Co. applications for reduction in assessment Nos. 42, 43, 44, 45, 46-67, 51 and 52 were then taken up for consideration.

Mr. W. R. Davis appeared for the assessor and W. H. Chickering, George W. Reed and C. H. Tebbs for the companies.

No. 43, The Alameda, Oakland and Piedmont R. R. Company, was taken up first. W. M. Rank and W. H. Chickering were sworn and gave testimony in behalf of the applicant. Ross Morgan and H. P. Dalton gave testimony in support of his assessments, after which the same was taken under advisement.

No. 44, The Highland Park R. R. Company was next considered. Frank J. Woodward was sworn and gave testimony in behalf of the assessor. Ross Morgan was also sworn and gave testimony in behalf of the assessor's valuation.

No. 42, Central Avenue R. R. Company application was then considered. W. F. Rudolph, secretary of the company, was sworn and testified concerning the property of the company. Statements were made by the assessor and it was also taken under advisement.

Nos. 45-67, Consolidated Oaklond Street R. R. Company's application was then taken up. A. K. Grim was sworn and testified concerning the value of the property. Ross Morgan was sworn and testified supporting the valuations of the assesson, after which it was taken under advisement.

East Oakland Street R. R. Company was next considered. E. P. Vandercook, president, was sworn and testified. The assessor made statements supporting his valuations after which the application was taken under advisement.

No. 52, Oakland, San Leandro & Haywards Electric R. R. Company's application was next considered. A. L. Stone was sworn and testified concerning the cost of the plant, its present value, its earnigs, and its expenses. The assessor made a statement and it was then taken under advisement.

The application of the Contra Costa Water Company was set for 9 o'clock Wednesday morning.

The Board then adjourned to meet Wednesday at 9 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Equalization.

COUNTY BOARD OF EQUALIZATION.

WEDNESDAY, July 24, 1895.

The Board of Equalization met at 9 o'clock pursuant to adjournment. The roll was called and al lmembers found to be present. The reading of the minutes was postponed.

The matter of the hearing of the application of the Contra Costa Water Company was then taken up. J. H. T. Watkinson was sworn and gave testimony. He claimed that the place of business was in San Francisco and that the franchise should not be assessed in this county. After statement by the assessor the matter was continued until the afternoon so that Mr. Watkinson might bring evidence of the change of the principal place of business of th ecompany to San Francisco.

W. H. Chickering and George W. Reed for the Street R. R. Companies and Wm. R. Davis for the assessor appeared before the Board after which applications Nos. 42, 43, 44, 45-67, 51, and 52 were taken under advisement.

Applications Nos. 55, 57, 60, 61, 62, 63, 64, 65, and 66 were then taken up for consideration. Mr. A. A. Moore and G. W. Baker represented the companies and Wm. R. Davis the assessor.

N. 55, application of the Central Pacific R. R. Company asking for reduction on three and one-half miles of railroad, rolling stock, franchise and wharf, was first taken up and testimony was taken. H. P. Dalton and Ross Morgan were sworn and testified in support of the assessments. W. S. Palmer, E. B. Ryan and Charles Morris were sworn and testified in behalf of the Central Pacific Company showing the value of the Seventh street line, franchise and the earnings of the line from March 1, 1894, to March 1, 1895.

Nos. 61 and 62, applications of the Central Pacific R. R. Company and the South Pacific Coast R. R. Company, asking that the assessment on certain steamers be reduced from $152,500 to $69,950 and from $110,660 to $12,900. M. R. Roberts was sworn and gave expert testimony as to the value of the steamers mentioned in the applications. Wm. McKenzie and Mr. L. Fillmore were also sworn and testified in behalf of the applicants.

No. 60, application of the Central Pacific R. R. Company for reduction from $1670,000 to $92,000 on depot at the end of the mole and the improvements on the long wharf was nex tconsidered. W. G. Reese was sworn and testified for the assessor as expert and W. S. Palmer for the company.

No. 57, application of Central Pacific R. R. Company for reduction from $306,200 to ..196,800 on tract of marsh land in plots 408 to 406 and 410 to 420 which is map of Oakland City was next considered. E. B. Ryan and Henry P. Dalton were sworn and testified concerning the assessment.

No. 59, application of South Pacific Coast R. R. Company for reduction from $18,500 to $26,400 on wharf at Narrow Guage depot, also horse R. R. at Newark, was next considered; H. P. Dalton, L. Fillmore and E. B. Ryan testified.

No. 63, application of Pacific Improvement Company for reduction from $134,900 to $100 on tide lands was then considered. It was shown that through a mistake made in the assessor's office all the Alameda marsh lands were described as tide lands and that the same being imperfect description made the assessment void. It was also brought out that on July 22d the Board of Equalization had granted the application of the assessor for permission to change the description the assessment so that it would read marsh lands. Mr. Moore for applicant objected to this action of the Board and the assessor claiming that ten days notice should be given before the board took action upon such an application. Mr. Moore stated that the company would, however, waive all technicalities and consent to a chance being made on the assessment rolls so that the assessment should appear as $65,000 instead of $134,900 and thereupon the following agreement was arrived at.

"It is agreed by all parties that the assessment in vol. 6, page 102 to the Pacific Improvement Company be corrected and now entered at $65,000 and upon an undivided interest in a tract of marsh land owned by the Pacific Improvement Company and that all notice as required by law is waived. It is consent that the consent and agreement that the assessment roll giving correction as to the assessment against the Pacific Improvement Company in marsh lands is not to be construed so that the correction shall or might effect any other system.

"And ,Whereas, It appears that the above property has escaped assessment and that it is necessary for the Board to make an assessment.

"It is Therefore Ordered, That such property be assessed at $65,000 to the Pacific Improvement Company."

Supervisor Church thereupon moved that the agreement above set out be concurred in and that the assessor be ordered to make the correction and that the Clerk make entry of all the proceedings concerning the change in full upon the minutes. The motion was seconded, the roll was called and the motion carried by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Supervisor Talcott moved that in order that the minutes might make proper showing that the action of the Board in granting the application of the assessor filed July 22d be rescinded, seconded. The roll was called and the motion carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

No. 64, application wherein Central Pacific R. R. Company asks that 180 acres of marsh land be assessed at $1800 instead of $18,000 was next considered. H. P. Dalton and E. B. Ryan giving testimony.

No. 65, Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township was then considered. H. P. Dalton, Ross Morgan, E. B. Ryan and H. Harper were sworn and gave testimony.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that would be in proportion to the assessed value of other real estate in Oakland was next considered. Statements were made by Mr. Dalton and Mr. Ryan concerning the same. Attorneys for the respective parties then addressed the Board, after which the applications considered were taken under advisement.

The Board adjourned to meet Thursday, July 25th at 9 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Equalization.
Attest: Frank C. Jordan, Clerk.

COUNTY BOARD OF EQUALIZATION.

THURSDAY, July 25, 1895.

The Board of Equalization met at 9 o'clock A. M. The roll was called and all members found to be present. The minutes of July 18th, 19th and 22d were read and approved without alteration.

The Clerk then stated that the Military Roll had been received from the assessor and it was the duty of the Board to proceed in the same manner as is prescribed by law for the correction of the assessment roll.

The Board then examined the Military roll after which the following resolution was introduced by Supervisor Talcott:

"Resolved, That the Military Roll this day examined by the Board of Equalization in accordance with the provisions of section 1890 Political Code appears to be correct and to comply with the provisions of law."

A. Marks, whose application had been presented at a previous meeting, being present, waived notice by the Clerk, was sworn and gave testimony and after sworn statements by the assessor the matter was taken under advisement.

The chair then declared a recess until 1 o'clock.

AFTERNOON SESSION.

The Board reassembled at 1 o'clock. The roll was called and all members were found to be present. The minutes of July 20th, 23d and 24th were read and approved without alteration.

The Clerk then read the application of W. H. Smythe for reduction on property assessed to J. E. Nutting.

Mr. Smythe being present waived notice, was sworn and stated that it was assessed higher than surrounding property. He asked that the assessment be reduced. After statement by the assessor the matter was taken under advisement.

Mrs. Kate M. Derby, No. 73, asked that lots in block 10, San Antonio be reduced from $2400 to $1800. Waiving notice she was sworn and testified.

Mrs. M. A. Cummins, No. 74, was then brought up for action. Mrs. Cummins waived notice by the Clerk, was sworn and testified as to the value of land. The two applications were then taken under advisement.

Mr. G. W. Baker appeared before the Board and stated that although the assessment against the Oakland Water Front Company was imperfect, that the company would waive notice and irregularities. He read a telegram from E. B. Ryan agreeing such a course being taken and thereupon the following resolution was introduced:

"Whereas, It appears to the Board of Equalization that the following described taxable property within the County of Alameda has escaped assessment for purposes of taxation for the fiscal year 1894-95, to wit: An undivided interest in a tract of marsh land in Alameda township, County of Alameda, bounded north and east by Oakland harbor, south by high land of Alameda, and west by bay of San Francisco, said interest consisting of and being equal to 430.37 acres of land; and whereas it appears to said Board that said marsh land is owned and claimed and was owned and claimed on the 1st Monday of March, 1895, by the Oakland Water Front Company, a corporation, and whereas the said Oakland Water Front Company has this day appeared before this Board and asked and applied to said Board for an order directing the county assessor to assess said above described marsh land immediately and has duly waived statutory notice prescribed by section 3681 of the Political Code of this State,

"Now, Therefore, Be It Resolved, That the assessor of said county be and he is hereby directed to assess said marsh land above described at the sum of $90,600 to the said Oakland Water Front Company, a corporation, as taxable property under section 3681 of Political Code of California."

The roll was ordered called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Joseph Harris in behalf of the First Hebrew Congregation asked for a reduction on church on 13th and Clay streets from $8000 to $4000. He waived notice, was sworn and testified that the building was eleven years old, that it cost $5000 to build and that it had deteriorated in value. After statements by the assessor the matter was taken under advisement.

The Board then took a recess and went into executive session as a Committee of the Whole to consider applications for reduction taken under advisement.

At 11:30 P. M. the committee presented the following report which was adopted and ordered inserted in the minutes by a unanimous vote as the action of the Board, after the same had been read by the Clerk, and the Clerk was directed to enter the changes and enter the corrections in the assessments mentioned in said report in the assessment roll. BOARD OF SUPERVISORS.

Proceedings of Adjourned Regular Meeting, Held Thursday, August 1, 1895.

Thursday, August 1, 1895.

The Board of Supervisors met at 2 o'clock. Roll was called and all members found to be present.

BID FOR SAUSAL CREEK REPAIRS RECALLED.

J. C. Estey, in a communication, asked leave to withdraw bid on Sausal Creek culvert. There being no objection, the Clerk was directed to return him his check, and the bid was dropped from further consideration.

COMMUNICATION OF FRANK SOULE.

A communication was received from Frank Soule, as follows:

Oakland, August 1, 1895.

The Honorable, the Board of Supervisors of Alameda County, Cal.

Gentlemen: In accordance with your request, I have inspected Sausal Creek at the crossing of the San Leandro road, where it is proposed by your Honorable Board to construct a culvert to carry the waters of said creek, and I have also carefully examined the plans and specifications for such culvert offered by the several bidders for the contract to construct the culvert; and after duly considering the many merits of the severa plans proposed, I respectfully report tc your Honorable Body that, considering the amount of water to be carried by the culvert, the danger of undermining or washing around the sides of the concrete masonry, the pressure of the earth upon the sides and the top, the effect of travel and heavy loads, and several other less important questions involved, in my opinion, considering the cost, the bid of Messrs. Johnson & Peterson, numbered 1, in their plans, is the best for the uses of the county and the purposes of your Honorable Board.

Very respectfully yours,
FRANK SOULE,
Consulting Engineer.

The communication was ordered placed on file.

CONSIDERATION OF BIDS FOR SAUSAL CREEK CULVERT.

The matter of considering the bids on the Sausal Creek culvert was then taken up. Plans were examined, after which the matter was laid over until next Monday at 2 o'clock.

ATLANTA EXPOSITION.

A communication was received from J. A. Filcher, Secretary State Board of Trade, concerning the Atlanta Exposition, which was read by the Clerk, after which action was postponed.

ADJOURNMENT.

There being no further business to transact, the Board adjourned to meet Monday, August 5th, at 10 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Supervisors.
Attest: Frank C. Jordan, Clerk.

BOARD OF SUPERVISORS.

Proceedings of Adjourned Regular Meeting, Held Thursday, August 5, 1895.

MONDAY, August 5, 1895.

The Board of Supervisors met at 10 o'clock A. M. Roll was called and all members found to be present. The minutes of July 29th and August 1st were read and approved without alteration.

RELIEF TO INDIGENTS.

The following persons made application for relief, viz.:

S. E. Maupin, 810 Webster Street, aged 60, native of Ohio, three children. Referred to Supervisor Church.

B. Robinson, 940 Adeline Street, aged 50, native of England. Referred to Supervisor Pelouze.

Joseph Miller, American Brewery, West Berkeley, aged 64, native of Germany. Sent to Hospital.

APPLICATIONS FOR PERMIT TO OBTAIN LICENSE

Were received from Mrs. A. E. Sherry, Stockyards; A. Johnson, Russel Station, Eden Township; and W. S. Santos, Centerville.

Each of the applications was accompanied by a bond in proper form and correct amount, and upon motion were approved and referred to the Judiciary Committee.

THE JUDICIARY COMMITTEE

Reported favorably upon the application of P. C. Nielsen, Con Donovan, Wm. Graesslin, S. G. Scott, O. Oliver, and J. W. Sheafer, Mrs. Annie Preston, and Jas. Park. Appropriate resolutions were thereupon introduced and adopted, granting to each a permit to obtain a license for the sale of liquors.

Supervisor Talcott stated that Chas. Schuler desired to withdraw his application, but knowing that that could not be done, he moved that action be indefinitely postponed. So ordered.

REPORTS OF COUNTY OFFICERS.

W. S. Pelouze, Supervisor District No. 5, presented report for the month of July, showing aid allowed indigents, $291; number assisted, 116.

J. L. Johnston, Supervisor District No. 1, presented report for the month of July, showing aid allowed indigents, $192; number assisted, 170.

W. H. Church, Supervisor District No. 3, presented report for the month of July showing aid allowed $326.50; number assisted 216.

J. R. Talcott, District No. 2, presented report showing number of indigents assisted 90, amount allowed $116.50.

The following officers presented reports for the month of July:

W. A. Clark, superintendent County Infirmary, showing patients in Infirmary 222, receipted $46.35, payments $135, balance due for June $29.10, balance due July 31st, $38.75.

G. M. Fisher, physician and surgeon county jail report showing 98 services during the month.

J. T. Carey, gardener report showing 10,260 pounds of coal received.

J. W. Ballard, license collector, licenses collected amounting to $1475.

B. T. Mouser, health officer Oakland Township, reports for month of June.

E. H. Frick, road overseer Pleasanton Road District, report for April 1st to June 30th.

E. P. VANDERCOOK FRANCHISE.

The matter of the application of E. P. Vandercook for a franchise was then brought up for further consideration. The Clerk reported the receipt of $25 on August 1st. He was authorized to deposit the same with the treasurer. Supervisor Church stated that further action would have to be postponed owing to a writ of mandamus having been issued and August 12th having been fixed as the time for hearing before the court as to the power of the board in the matter. He moved that the whole matter be referred to the district attorney. So ordered.

ATLANTA EXPOSITION.

C. L. Taylor and Wm. R. Davis addressed the Board concerning an appropriation toward defraying the expenses of the California exhibit at Atlanta. The matter was taken under advisement until the next meeting.

ALVARADO ROAD.

W. Wills and forty-five others petitioned the Board to have one-half mile of road between Centerville and Alvarado given another coating of broken rock at a cost not to exceed $500. Mr. Wills made certain statements to the Board after which the matter was referrred to the Committee of the Whole.

Further consideration of the complaint against McNamee was then had. Mr. Burris made statements in behalf of defendant and Mrs. Sanford for the complainant, after which the matter was referred to the district attorney and Monday the 26th day of August, was fixed as the time when further hearing would be had and the Clerk was directed to notify all parties to that effect.

ROADS IN EDEN TOWNSHIP.

P. H. Hoare appeared before the Board and called their attention to the bridges over Kayser Creek and Kemble Creek. After some discussion upon motion of Supervisor Talcott the matter was referred to the Committtee of the Whole and Thursday at 9 o'clock was fixed as the time when a visit would be made.

WATER WAGON NILES ROAD DISTRICT.

T. J. Sullivan in a communication stated that he had found it necessary to buy a water wagon for Niles road district and requested that his action be approved and the bill allowed and ordered paid. The request was granted by unanimous vote.

EXPENSE VANDERCOOK FRANCHISE.

The Clerk was directed to notify E. P. Vandercook that the sum of $51.37 was due for advertising the notice in the Oakland Enquirer and to direct him to forthwith pay the same into the county treasury.

TRANSFER OF FUNDS.

The following resolution was introduced:

"Whereas, It appears to the Board that the Palomares road district would be unreasonably burdened by the expense of constructing the north and south bridges in Crow Canon, which said expenses was incurred by the unanimous consent of the Board in a case of great emergency under sub-division 4 of section 25 of the county government act of 1893 on motion of Supervisor Talcott seconded by Supervisor Johnston it was ordered by the following called vote, to wit: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, and Chairman Bailey. Noes—None, that the claims of Cotton Bros. & Co. for $700, filed August 3, 1895, for constructing the above named bridges, be allowed and paid out of the general road fund, county general fund and the Palomares fund, in the proportion hereinafter stated: General road $2, county general $696, Palomares district road $2."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

STORM SEWER.

Councilmen Marshall and Buckland appeared before the Board as a committee from the Oakland City Council and made statements in relation to the construction of a storm sewer which would cost in the neighborhood of $42,000 and stated that the City Council desired to know whether the county would share a portion of the expense in the same. The matter was referred to the district attorney for his opinion.

BILLS ALLOWED.

The following bills having been favorably reported upon by a majority of the Auditing committee, were read by the Clerk and upon motion of Supervisor Church, seconded by Supervisor Talcott were unanimously ordered paid to the following named persons for the sum set opposite their respective names, out of the funds hereinafter mentioned:

The Board then took a recess until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

SAUSAL CREEK CULVERT.

The following communication was read by the Clerk:

"To H. D. Talcott: Dear Sir: In answer to your request for my opinion of the plan for the culvert on East 14th st. at Sausal creek as submitted by Johnson and Peterson, I beg leave to report as follows:

1st. The design of the culvert does not fully comply in theory with the commonly established and accepted rules for the construction of culvert arches, in that the haunches of the arch over the abutments should be heavier; the abutments are also lighter than ordinarily used.

For the particular location at Sausal creek, the character of the creek bed is such that with very careful workmanship and exceedingly careful construction together with thorough filling and tamping behind the abutments after removal of all old timber and perishable matter the projected plan would suffice.

While the specifications given by the contractors a first-class job is guaranteed there is not sufficient detail mentioned to enable one to determine whether the first-class job is a question of judgment or fact.

My opinion is that the specifications should be more explicit not only as to character of materials but as to manner of putting them together.

In concrete construction it is absolutely necessary that these details should be definitely and distinctly understood to avoid misunderstanding.

Yours respectfully,
T. W. Morgan."

The communication was ordered filed.

Supervisor Talcott moved that all bids be rejected, seconded by Supervisor Church. The motion was carried by the following votes: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The following resolution was introduced:

"Whereas, It duly appears to this Board that the bridge over Sausal creek, where said creek crosses the San Leandro road in Brooklyn township, is in a dangerous condition and should be replaced by a concrete culvert, and

"Whereas, It is the purpose and intention of this Board to replace said bridge by a concrete culvert at a cost not to exceed $7000.

"Therefore, Be It Resolved, That said bridge be replaced by a concrete culvert with a waterway of ninety square feet, the length to be the full width of the street, at a cost not to exceed $3000;

"And Be it further Resolved, That the county surveyor of the County of Alameda be, and he is hereby directed to prepare and submit to this Board immediately plans and specifications, strain sheets and working details for said culvert, and that upon the adoption of said plans and specification, strain sheets and working details, bids for the construction of said culvert be advertised for upon said plans and specifications, strain sheets and working details aforesaid."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The Clerk was directed to return the plans and specifications and certified checks to all parties.

EMPLOYMENT OF COUNTY DETECTIVE.

Assistant District Attorney Church stated that upon the advice of the district attorney the Board had passed a resolution employing H. V. Herbert as detective, that since the appointment legal questions had been raised and objection had been made to the creation of what appeared to be a new office; that the authorities seemed to indicate that serious objection could be raised to the employment of such an officer and that he would advise the Board to rescind the resolution at this time. Thereupon Supervisor Church moved that the resolution authorizing the employment of H. V. Herbert be rescinded, seconded by Supervisor Talcott. The roll was ordered called and the motion to rescind carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

APPLICATION OF E. R. ROWLAND.

Was then taken up for further consideration. The county surveyor presented report showing who were the nearest residents and after statements by Mr. Reed for the protestants, the application was denied.

ACCEPTANCE OF 39TH STREET SEWER.

Supervisor Pelouze called the attention of the Board to the petition filed on the 28th day of January and also to the report of the surveyor set out in the minutes of February 11th. Upon motion of Supervisor Pelouze, seconded by Supervisor Church, 39th street and that portion thereof described in the petition of F. E. Peaslee and others was declared a county road to be 60 and 50 feet wide as mentioned in the report of the county surveyor.

REQUISITION OF DISTRICT ATTORNEY.

The requisition of the district attorney for three volumes of Deering's New California Digest was granted.

INFIRMARY SEWER.

Supervisor Church reported progress in the matter of obtaining right of way for sewer from the County Infirmary. The committee was given further time and the county surveyor was directed to act with them in regard to the acquisition of rights of way.

ADJOURNMENT.

There being no further business to transact, the Board adjourned to meet Monday, August 12th at 10 o'clock A. M.

Last night there was a gathering of bicyclists in front of the Central Bank building on Fourteenth street so large that it looked,to a stranger as if a big country run had just been brought to a close. The gathering, however, is almost a nightly occurrence. It comprised leading male and female riders who are patrons of the Central Cyclery, which is located immediately opposite the entrance to the Macdonough Theater, in the Central Bank building, with the entrance on Fourteenth street. The Central Cyclery is managed and owned by B. C. Lund, who is an expert in his line. He has Cleveland, Ben Hur and Tribune wheels on hand and sells them at the lowest rates.

Safe and Sure.

It is simply remarkable the amount of care that has been taken off the mind of the traveler by the excellent forethought given to his comfort by transportation companies. Among these, the People's Express and Transfer Company is in the lead. It calls for your trunks at your home or your hotel and checks them for you to any part of the United States. When you reach your destination your baggage is there also. This company also tends to the shipping and trans-shipping of goods to San Francisco with equal dispatch. The office is 418 Ninth street. COUNTY

BOARD OF EQUALIZATION.

Proceedings of Regular Meeting, Held Saturday, July 20, 1895.

SATURDAY, July 20, 1895.

The Board of Equalization met at 9 o'clock A. M. Roll was called and all members found to be present. The minutes of July 17th were read and approved without alteration.

The following applications were received.

No. 51, Johanna Marcose, asking that certain property on the tidal canal be assessed to her.

Upon motion of Supervisor Talcott the action of the Board of Equalization in granting the request of H. A. Hebbard to have certain property on the tidal canal placed upon the assessment roll in his name was reconsidered by unanimous vote. Thereupon Tuesday at 2 o'clock was fixed as the time when the Board would consider all applications concerning property on the tidal canal.

A recess was then taken until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

The application of C. W. Dearborn in behalf of L. B. Dearborn was then taken up. Mr. Dearborn was sworn and gave testimony after which no objections being made by the assessor, the Board reduced the assessment to $1.

The following applications were then introduced:

No. 57, Central Pacific R. R. Company, asking for reduction from $677,000 to $10 and three and one-half miles of railroad, rolling stock, franchise and wharf. Attached to the application was a certificate from Charles M. Coglan, Clerk of the State Board of Equalization showing that the property mentioned in the application was assessed by the State Board. Mr. Ryan in reply to question by the Clerk stated that he would waive three days' notice not only as to this application but to all other to be presented this day. In support of his request that it be not assessed by the County Board, he cited 38 Pacific Reporter, page 99, paragraph 1 and section 3607 Political Code, and section 3805. L. C. Morehouse was then sworn and testified that the Central Pacific R. R. had been assessed by the State Board for many years past.

No. 56, Contra Costa Water Company, asking that the franchise be reduced from $225,000 to $5000 or be stricken from the assessment rolls. The application was set down for hearing on Tuesday at 2 o'clock.

No. 57, Central Pacific R. R. Company, asking for reduction from $306,200 to $196,800 on tract of marsh land in plots 408 to 416 and 419 and 420, Witcher map of Oakland City, etc.

No. 58, Helena Morgenstern, asking that certain property on the line of the tidal canal be placed upon the assessment roll in her name.

No. 59, South Pacific Coast R. R. Company, asking for reduction from $185,000 to $25,000 on wharf and Narrow Gauge Depot also Horse R. R. at Newark. Mr. L. Fillmore was sworn and testified that the value of the depot did not exceed $25,000.

No. 60, Central Pacific R. R. Company, asking for reduction from $165,000 to $92,000 on depot at the end of the mole and the improvements on long wharf.

W. S. Palmer was sworn and testified concerning the condition of the property, that the depot cost from $240,000 to $270,000 that it could be duplicated for 25 per cent less, that repairs upon it amounted to $3500 a year, that the coal bunkers and restaurant were thirteen years old, that the value was about $1000, that it would cost about $1800 to replace the restaurant.

No. 61, Central Pacific R. R. Company, asking that certain steamers of the company be reduced from $152,000 to $80,050.

No. 62, South Pacific Coast R. R. Company asking for reduction from $110,000 to $12,000 on steamers.

No. 63, Pacific Improvement Company, asking for reduction from $131,000 to $100 on tide lands. Mr. Ryan then read section 3651 and asked the Board to correct assessment in vol. 6, page 102, Alameda township assessment by having assessment described by meets and bounds.

No. 64, Central Pacific R. R. Company, asking that 180 acres of marsh land be assessed $1800 instead of $15,000.

No. 65, Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township. Mr. Ryan read a decision relative to railroad operations, 10 Nevada, page 74.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that will be in proportion to the assessed value of other real estate in Oakland.

It was decided to set all applications filed by Mr. Ryan for hearing on Wednesday at 10 o'clock.

There being no further business to transact the Board adjourned to meet Monday at 2 o'clock.

No. 72, W. F. Rudolph, asking for reduction on property Oakland City, vol. 4, page 17, from $150 to $1.

The Electric R. R. and Cable Co. applications for reduction in assessment Nos. 42, 43, 44, 45, 46-67, 51 and 52 were then taken up for consideration.

Mr. W. R. Davis appeared for the assessor and W. H. Chickering, George W. Reed and C. H. Tebbs for the companies.

No. 43, The Alameda, Oakland and Piedmont R. R. Company, was taken up first. W. M. Rank and W. H. Chickering were sworn and gave testimony in behalf of the applicant. Ross Morgan and H. P. Dalton gave testimony in support of his assessments, after which the same was taken under advisement.

No. 44, The Highland Park R. R. Company was next considered. Frank J. Woodward was sworn and gave testimony in behalf of the assessor. Ross Morgan was also sworn and gave testimony in behalf of the assessor's valuation.

No. 42, Central Avenue R. R. Company application was then considered. W. F. Rudolph, secretary of the company, was sworn and testified concerning the property of the company. Statements were made by the assessor and it was also taken under advisement.

Nos. 45-67, Consolidated Oakland Street R. R. Company's application was then taken up. A. K. Grim was sworn and testified concerning the value of the property. Ross Morgan was sworn and testified supporting the valuations of the assessors after which it was taken under advisement.

East Oakland Street R. R. Company was next considered. E. P. Vandercook, president, was sworn and testified. The assessor made statements supporting his valuations after which the application was taken under advisement.

No. 52, Oakland, San Leandro & Haywards Electric R. R. Company's application was next considered. A. J. Stone was sworn and testified concerning the cost of the plant, its present value, its earnings, and its expenses. The assessor made a statement and it was then taken under advisement.

The application of the Contra Costa Water Company was set for 9 o'clock Wednesday morning.

The Board then adjourned to meet Wednesday at 9 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Equalization.

COUNTY BOARD OF EQUALIZATION.

WEDNESDAY, July 24, 1895.

The Board of Equalization met at 9 o'clock pursuant to adjournment. The roll was called and all members found to be present. The reading of the minutes was postponed.

The matter of the hearing of the application of the Contra Costa Water Company was then taken up. J. H. T. Watkinson was sworn and gave testimony. He claimed that the place of business was in San Francisco and that the franchise should not be assessed in this county. After statement by the assessor the matter was continued until the afternoon so that Mr. Watkinson might bring evidence of the change of the principal place of business of th ecompany to San Francisco.

W. H. Chickering and George W. Reed for the Street R. R. Companies and Wm. R. Davis for the assessor appeared before the Board after which applications Nos. 42, 43, 44, 45-67, 51, and 52 were taken under advisement.

Applications Nos 55, 57, 60, 61, 62, 63, 64, 65, and 66 were then taken up for consideration. Mr. A. A. Moore and G. W. Baker represented the companies and Wm. R. Davis the assessor.

N. 55, application of the Central Pacific R. R. Company, asking for reduction on three and one-half miles of railroad, rolling stock, franchise and wharf, was first taken up and testimony was taken. H. P. Dalton and Ross Morgan were sworn and testified in support of the assessments. W. S. Palmer, E. B. Ryan and Charles Morris were sworn and testified in behalf of the Central Pacific Company showing the value of the Seventh street line, franchise and the earnings of the line from March 1, 1891, to March 1, 1895.

Nos. 61 and 62, applications of the Central Pacific R. R. Company and the South Pacific Coast R. R. Company, asking that the assessment on certain steamers be reduced from $152,500 to $69,950 and from $110,000 to $12,000, M. R. Roberts was sworn and gave expert testimony as to the value of the steamers mentioned in the applications. Wm. McKenzie and Mr. L. Fillmore were also sworn and testified in behalf of the applicants.

No. 60, application of the Central Pacific R. R. Company for reduction from $1650,000 to $92,000 on depot at the end of the mole and the improvements on the long wharf was nex tconsidered. W. G. Reese was sworn and testified for the assessor as expert and W. S. Palmer for the company.

No 57, application of Central Pacific R. R. Company for reduction from $306,200 to 196,800 on tract of marsh land in plots 408 to 406 and 410 to 420 which is map of Oakland City was next considered. E. B. Ryan and Henry P. Dalton were sworn and testified concerning the assessment.

No. 59, application of South Pacific Coast R. R. Company for reduction from $18,500 to $25,400 on wharf at Narrow Gauge depot, also horse R. R. at Newark, was next considered: H. P. Dalton, L. Fillmore and E. B. Ryan testified.

No. 63, application of Pacific Improvement Company for reduction from $134,000 to $100 on tide lands was then considered. It was shown that through a mistake made in the assessor's office all the Alameda marsh lands were described as tide lands and that the same being imperfect description made the assessment void. It was also brought out that on July 22d the Board of Equalization had granted the application of the assessor for permission to change the description the assessment so that it would read marsh lands. Mr. Moore for applicant objected to this action of the Board and the assessor claiming that ten days notice should be given before the board took action upon such an application. Mr. Moore stated that the company would, however, waive all technicalities and consent to a chance being made on the assessment rolls so that the assessment should appear as $65,000 instead of $134,000 and thereupon the following agreement was arrived at.

"It is agreed by all parties that the assessment in vol. 6, page 102 to the Pacific Improvement Company be corrected and now entered at $65,000 and upon an undivided interest in a tract of marsh land owned by the Pacific Improvement Company and that all notice as required by law is waived. It is consent that the consent and agreement that the assessment roll giving correction as to the assessment against the Pacific Improvement Company in marsh lands is not to be construed so that the correction shall or might effect any other system.

"And, Whereas, It appears that the above property has escaped assessment and that it is necessary for the Board to make an assessment.

"It is Therefore Ordered, That such property be assessed at $65,000 to the Pacific Improvement Company."

Supervisor Church thereupon moved that the agreement above set out be concurred in and that the assessor be ordered to make the correction and that the Clerk make entry of all the proceedings concerning the change in full upon the minutes. The motion was seconded, the roll was called and the motion carried by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Supervisor Talcott moved that in order that the minutes might make proper showing that the action of the Board in granting the application of the assessor filed July 22d be rescinded seconded. The roll was called and the motion carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

No. 64, application wherein Central Pacific R. R. Company asks that 180 acres of marsh land be assessed at $1800 instead of $18,000 was next considered. H. P. Dalton and E. B. Ryan giving testimony.

No. 65 Oakland R. R. Company, asking for reduction from $314,275 to $127,625 on system of cable roads in Oakland City and township was then considered. H. P. Dalton, Ross Morgan, E. B. Ryan and H. Harper were sworn and gave testimony.

No. 66, Pacific Improvement Company, for reduction from $71,775 to a sum that would be in proportion to the assessed value of other real estate in Oakland was next considered. Statements were made by Mr. Dalton and Mr. Ryan concerning the same. Attorneys for the respective parties then addressed the Board, after which the applications considered were taken under advisement.

The Board adjourned to meet Thursday, July 25th at 9 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Equalization.
Attest: Frank C. Jordan, Clerk.

COUNTY BOARD OF EQUALIZATION.

THURSDAY, July 25, 1895.

The Board of Equalization met at 9 o'clock A. M. The roll was called and all members found to be present. The minutes of July 18th, 19th and 22d were read and approved without alteration.

The Clerk then stated that the Military Roll had been received from the assessor and it was the duty of the Board to proceed in the same manner as is prescribed by law for the correction of the assessment roll.

The Board then examined the Military roll after which the following resolution was introduced by Supervisor Talcott:

"Resolved, That the Military Roll this day examined by the Board of Equalization in accordance with the provisions of section 1899 Political Code appears to be correct and to comply with the provisions of law."

A. Marks, whose application had been presented at a previous meeting, being present, waived notice by the Clerk, was sworn and gave testimony and after sworn statements by the assessor the matter was taken under advisement.

The chair then declared a recess until 1 o'clock.

AFTERNOON SESSION.

The Board reassembled at 1 o'clock. The roll was called and all members were found to be present. The minutes of July 20th, 23d and 24th were read and approved without alteration.

The Clerk then read the application of W. H. Smythe for reduction on property assessed to J. E. Nutting.

Mr. Smythe being present waived notice, was sworn and stated that it was assessed higher than surrounding property. He asked that the assessment be reduced. After statement by the assessor the matter was taken under advisement.

Mrs. Kate M. Derby, No. 73, asked that lots in block 10, San Antonio be reduced from $2400 to $1800. Waiving notice she was sworn and testified.

Mrs. M. A. Cummins, No. 74, was then brought up for action. Mrs. Cummins waived notice by the Clerk, was sworn and testified as to the value of land. The two applications were then taken under advisement.

Mr. G. W. Baker appeared before the Board and stated that although the assessment against the Oakland Water Front Company was imperfect, that the company would waive notice and irregularities. He read a telegram from E. B. Ryan agreeing such a course being taken and thereupon the following resolution was introduced:

"Whereas, It appears to the Board of Equalization that the following described taxable property within the County of Alameda has escaped assessment for purposes of taxation for the fiscal year 1894-95, to wit: An undivided interest in a tract of marsh land in Alameda township, County of Alameda, bounded north and east by Oakland harbor, south by high land of Alameda, and west by bay of San Francisco, said interest consisting of and being equal to 430.87 acres of land; and whereas it appears to said Board that said marsh land is owned and claimed and was owned and claimed on the 1st Monday of March, 1895, by the Oakland Water Front Company, a corporation, and whereas the said Oakland Water Front Company has this day appeared before this Board and asked and applied to said Board for an order directing the county assessor to assess said above described marsh land immediately and has duly waived statutory notice prescribed by section 3681 of the Political Code of this State.

"Now, Therefore, Be It Resolved, That the assessor of said county be and he is hereby directed to assess said marsh land above described at the sum of $60,000 to the said Oakland Water Front Company, a corporation, as taxable property under section 3681 of Political Code of California."

The roll was ordered called and the resolution adopted by the following called vote. Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

Joseph Harris in behalf of the First Hebrew Congregation asked for a reduction on church on 13th and Clay streets from $8000 to $4000. He waived notice, was sworn and testified that the building was eleven years old, that it cost $6000 to build and that it had deteriorated in value. After statements by the assessor the matter was taken under advisement.

The Board then took a recess and went into executive session as a Committee of the Whole to consider applications for reduction taken under advisement.

At 11:30 P. M. the committee presented the following report which was adopted and ordered inserted in the minutes by a unanimous vote as the action of the Board, after the same had been read by the Clerk, and the Clerk was directed to enter the changes and enter the corrections in the assessments mentioned in said report in the assessment roll. The Board having duly considered the same the following applications were denied:

BOARD OF SUPERVISORS.

Proceedings of Adjourned Regular Meeting, Held Thursday, August 1, 1895.

Thursday, August 1, 1895.

The Board of Supervisors met at 2 o'clock. Roll was called and all members found to be present.

BID FOR SAUSAL CREEK REPAIRS RECALLED.

J. C. Estey, in a communication, asked leave to withdraw bid on Sausal Creek culvert. There being no objection, the Clerk was directed to return him his check, and the bid was dropped from further consideration.

COMMUNICATION OF FRANK SOULE.

A communication was received from Frank Soule, as follows:

Oakland, August 1, 1895.

The Honorable, the Board of Supervisors of Alameda County, Cal.

Gentlemen: In accordance with your request, I have inspected Sausal Creek at the crossing of the San Leandro road, where it is proposed by your Honorable Board to construct a culvert to carry the waters of said creek, and I have, also carefully examined the plans and specifications for such culvert, offered by the several bidders for the contract to construct the culvert; and after duly considering the many merits of the several plans proposed, I respectfully report to your Honorable Body that, considering the amount of water to be carried by the culvert, the danger of undermining or washing around the sides of the concrete masonry, the pressure of the earth upon the sides and the top, the effect of travel and heavy loads, and several other less important questions involved, in my opinion, considering the cost, the bid of Messrs. Johnson & Peterson, numbered 1, in their plans, is the best for the uses of the county and the purposes of your Honorable Board.

Very respectfully yours,
FRANK SOULE,
Consulting Engineer.

The communication was ordered placed on file.

CONSIDERATION OF BIDS FOR SAUSAL CREEK CULVERT.

The matter of considering the bids on the Sausal Creek culvert was then taken up. Plans were examined, after which the matter was laid over until next Monday at 2 o'clock.

ATLANTA EXPOSITION.

A communication was received from J. A. Filcher, Secretary State Board of Trade, concerning the Atlanta Exposition, which was read by the Clerk, after which action was postponed.

ADJOURNMENT.

There being no further business to transact, the Board adjourned to meet Monday, August 5th, at 10 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Supervisors.
Attest: Frank C. Jordan, Clerk.

E. P. VANDERCOOK FRANCHISE.

The matter of the application of E. P. Vandercook for a franchise was then brought up for further consideration. The Clerk reported the receipt of $25 on August 1st. He was authorized to deposit the same with the treasurer. Supervisor Church stated that further action would have to be postponed owing to a writ of mandamus having been issued and August 12th having been fixed as the time for hearing before the court as to the power of the board in the matter. He moved that the whole matter be referred to the district attorney. So ordered.

ATLANTA EXPOSITION.

C. L. Taylor and Wm. R. Davis addressed the Board concerning an appropriation toward defraying the expenses of the California exhibit at Atlanta. The matter was taken under advisement until the next meeting.

ALVARADO ROAD.

W. Wills and forty-five others petitioned the Board to have one-half mile of road between Centerville and Alvarado given another coating of broken rock at a cost not to exceed $500. Mr. Wills made certain statements to the Board after which the matter was referred to the Committee of the Whole.

Further consideration of the complaint against McNamee was then had. Mr. Burris made statements in behalf of defendant and Mrs. Sanford for the complainant, after which the matter was referred to the district attorney and Monday the 26th day of August, was fixed as the time when further hearing would be had and the Clerk was directed to notify all parties to that effect.

ROADS IN EDEN TOWNSHIP.

P. H. Hoare appeared before the Board and called their attention to the bridges over Kayser Creek and Kemble Creek. After some discussion upon motion of Supervisor Talcott the matter was referred to the Committee of the Whole and Thursday at 9 o'clock was fixed as the time when a visit would be made.

WATER WAGON NILES ROAD DISTRICT.

T. J. Sullivan in a communication stated that he had found it necessary to buy a water wagon for Niles road district and requested that his action be approved and the bill allowed and ordered paid. The request was granted by unanimous vote.

EXPENSE VANDERCOOK FRANCHISE.

The Clerk was directed to notify E. P. Vandercook that the sum of $61.37 was due for advertising the notice in the Oakland Enquirer and to direct him to forthwith pay the same into the county treasury.

TRANSFER OF FUNDS.

The following resolution was introduced:

"Whereas, It appears to the Board that the Palomares road district would be unreasonably burdened by the expense of constructing the north and south bridges in Crow Canon, which said expenses was incurred by the unanimous consent of the Board in a case of great emergency under sub-division 4 of section 25 of the county government act of 1893 on motion of Supervisor Talcott seconded by Supervisor Johnston it was ordered by the following called vote, to wit: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, and Chairman Bailey. Noes—None, that the claims of Cotton Bros. & Co. for $700, filed August 3, 1895, for constructing the above named bridges, be allowed and paid out of the general road fund, county general fund and the Palomares fund, in the proportion hereinafter stated: General road $2, county general $696, Palomares district road $2."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

STORM SEWER.

Councilmen Marshall and Buckland appeared before the Board as a committee from the Oakland City Council and made statements in relation to the construction of a storm sewer which would cost in the neighborhood of $42,000 and stated that the City Council desired to know whether the county would share a portion of the expense in the same. The matter was referred to the district attorney for his opinion.

BILLS ALLOWED.

The following bills having been favorably reported upon by a majority of the Auditing committee, were read by the Clerk and upon motion of Supervisor Church, seconded by Supervisor Talcott were unanimously ordered paid to the following named persons for the sum set opposite their respective names, out of the funds hereinafter mentioned:

The Board then took a recess until 2 o'clock.

AFTERNOON SESSION.

The Board reassembled at 2 o'clock. Roll was called and all members found to be present.

SAUSAL CREEK CULVERT.

The following communication was read by the Clerk:

"To H. D. Talcott: Dear Sir: In answer to your request for my opinion of the plan for the culvert on East 14th st at Sausal creek as submitted by Johnson and Peterson, I beg leave to report as follows.

1st. The design of the culvert does not fully comply in theory with the commonly established and accepted rules for the construction of culvert arches, in that the haunches of the arch over the abutments should be heavier; the abutments are also lighter than ordinarily used.

For the particular location at Sausal creek, the character of the creek bed is such that with very careful workmanship and exceedingly careful construction together with thorough filling and tamping behind the abutments after removal of all old timber and perishable matter the projected plan would suffice.

While the specifications given by the contractors a first-class job is guaranteed there is not sufficient detail mentioned to enable one to determine whether the first-class job is a question of judgment or fact.

My opinion is that the specifications should be more explicit not only as to character of materials but as to manner of putting them together.

In concrete construction it is absolutely necessary that these details should be definitely and distinctly understood to avoid misunderstanding.

Yours respectfully,
T. W. Morgan."

The communication was ordered filed.

Supervisor Talcott moved that all bids be rejected, seconded by Supervisor Church. The motion was carried by the following votes: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The following resolution was introduced:

"Whereas, It duly appears to this Board that the bridge over Sausal creek, where said creek crosses the San Leandro road in Brooklyn township, is in a dangerous condition and should be replaced by a concrete culvert, and

"Whereas, It is the purpose and intention of this Board to replace said bridge by a concrete culvert at a cost not to exceed $2000,

"Therefore, Be It Resolved, That said bridge be replaced by a concrete culvert with a waterway of ninety square feet, the length to be the full width of the street, at a cost not to exceed $3000;

And Be It further Resolved, That the county surveyor of the County of Alameda be, and he is hereby directed to prepare and submit to this Board immediately plans and specifications, strain sheets and working details for said culvert, and that upon the adoption of said plans and specification, strain sheets and working details, bids for the construction of said culvert be advertised for upon said plans and specifications strain sheets and working details aforesaid."

The roll was called and the resolution adopted by the following called vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

The Clerk was directed to return the plans and specifications and certified checks to all parties.

EMPLOYMENT OF COUNTY DETECTIVE.

Assistant District Attorney Church stated that upon the advice of the district attorney the Board had passed a resolution employing H. V. Herbert as detective, that since the appointment legal questions had been raised and objection had been made to the creation of what appeared to be a new office; that the authorities seemed to indicate that serious objection could be raised to the employment of such an officer and that he would advise the Board to rescind the resolution at this time. Thereupon Supervisor Church moved that the resolution authorizing the employment of H. V. Herbert be rescinded, seconded by Supervisor Talcott. The roll was ordered called and the motion to rescind carried by the following vote: Ayes—Supervisors Church, Talcott, Johnston, Pelouze, Chairman Bailey, 5. Noes—None.

APPLICATION OF E. R. ROWLAND.

Was then taken up for further consideration. The county surveyor presented report showing who were the nearest residents and after statements by Mr. Reed for the protestants, the application was denied.

ACCEPTANCE OF 39TH STREET SEWER.

Supervisor Pelouze called the attention of the Board to the petition filed on the 28th day of January and also to the report of the surveyor set out in the minutes of February 11th. Upon motion of Supervisor Pelouze, seconded by Supervisor Church, 39th street and that portion thereof described in the petition of F. E. Peaslee and others was declared a county road to be 60 and 50 feet wide as mentioned in the report of the county surveyor.

REQUISITION OF DISTRICT ATTORNEY.

The requisition of the district attorney for three volumes of Deering's New California Digest was granted.

INFIRMARY SEWER.

Supervisor Church reported progress in the matter of obtaining right of way for sewer from the County Infirmary. The committee was given further time and the county surveyor was directed to act with them in regard to the acquisition of rights of way.

ADJOURNMENT.

There being no further business to transact the Board adjourned to meet Monday, August 12th at 10 o'clock A. M.

HIRAM BAILEY,
Chairman Board of Supervisors.
Attest: Frank C. Jordan, Clerk.

Where Cyclists Congregate.

Last night there was a gathering of bicyclists in front of the Central Bank building on Fourteenth street so large that it looked, to a stranger as if a big country run had just been brought to a close. The gathering, however, is almost a nightly occurrence. It comprised leading male and female riders who are patrons of the Central Cyclery, which is located immediately opposite the entrance to the Macdonough Theater, in the Central Bank building, with the entrance on Fourteenth street. The Central Cyclery is managed and owned by B. C. Land, who is an expert in his line. He has Cleveland, Ben Hur and Tribune wheels on hand and sells them at the lowest rates.

Safe and Sure.

It is simply remarkable the amount of care that has been taken off the mind of the traveler by the excellent forethought given to his comfort by transportation companies. Among these, the People's Express and Transfer Company is in the lead. It calls for your trunks at your home or your hotel and checks them for you to any part of the United States. When you reach your destination your baggage is there also. This company also tends to the shipping and trans-shipping of goods to San Francisco with equal dispatch. The office is 418 Ninth street. The telephone is 325.

UNITED ACTION.

A Strong Combination for the Contra Costa Road

There will be an important meeting of the joint committee on the proposed road over the hills to Contra Costa county, the Good Roads Association, the Merchants Exchange and the Temescal grange at the Reliance Athletic Club building next Wednesday night. The proposed road between this county and Contra Costa will be discussed and a committee will be appointed to confer with James Smith of Paso Robles for the purpose of inducing him to withdraw his objection to the running of the proposed line through his property. Smith objected to the road going through his land on the ground that his property would be injured by the thoroughfare.

THE CITY REFUSE.

The Garbage Question to Be Considered This Evening

A special meeting of the City Council will be held this evening for the purpose of considering the proper disposal of garbage. The Board of Health wish the Council to press forward a measure in favor of a crematory and if such action is taken the health authorities will permit the temporary dumping of garbage to continue in certain parts of the city. In case the Council does not take means to secure the destroyal of the city's refuge the garbage men will be notified that they are liable to arrest if they continue their business.

Health Officer Mayon has caused invitations to be sent to those interested in the crematory project to attend the Council meeting tonight.

THE FIRST STONE LAID.

English Lutherans Start on Their New Church.

Sacred Exercises Accompany the Birth of the Building.

The cornerstone of the English Lutheran church was laid yesterday at the southwest corner of Sixteenth and Grove streets. The exercises were under the direction of Rev J J Bushnell D D and P M Fisher who is one of the trustees. The other arrangements were under the direction of William Moller who is one of the most energetic members of the society.

The church will be a beautiful structure and will cost $10,000. The lot on which it will stand cost $1,000. The box placed in the cavity of the stone contained a number of articles connected with the history of the church.

The exercises opened with the singing of a solo by Miss Vose. Then followed the reading of the 122nd Psalm and the singing of Gloria Tibi. The sermon was delivered by Rev J S Simon of the First English Lutheran church of San Francisco.

"The act which we this day perform in the name of the Most High," he said, "is a symbolical act. By the laying of this material corner stone we declare in a fitting and biblical figure our faith in the foundation upon which the church is built—the Lord Jesus Christ. As the corner stone in the physical structure binds the various parts in one harmonious whole so Christ makes out of diverse elements the one church of God upon the earth and it is only as they are bound together in Him that they are of the Kingdom.

"This foundation is of God's laying and besides it there is no other foundation upon which He commands men to build. Other foundation can no man lay than that is laid which is Jesus Christ.

"We notice the first characteristic of this foundation of the church that it is a tried foundation. The religion we profess is no novelty in the world and therefore it is not an untried thing which, when tried might be proved worthless. It has been tried in every possible way that human malice and hellish ingenuity could invent but it has come out of it all without even so much as the smell of fire upon its garments and it stands upon the only sure foundation for the hopes of the immortal soul."

Mr Simon then briefly referred to the various persecutions which the church of Christ had experienced and showed how she still outlives all of them.

At the conclusion of Rev Mr Simon's address Rev A M Leveau made an address in Swedish, the Misses Noble played a cornet and trombone duet and John Laverding treasurer of the California synod delivered congratulatory remarks. The exercises closed with the singing of the doxology.

UNITED ACTION.

A Strong Combination for the Contra Costa Road.

There will be an important meeting of the joint committee on the proposed road over the hills to Contra Costa county, the Good Roads Association, the Merchants' Exchange and the Temescal grange, at the Reliance Athletic Club building next Wednesday night. The proposed road between this county and Contra Costa will be discussed and a committee will be appointed to confer with James Smith of Paso Robles for the purpose of inducing him to withdraw his objection to the running of the proposed line through his property. Smith objected to the road going through his land on the ground that his property would be injured by the thoroughfare.

THE CITY REFUSE.

The Garbage Question to Be Considered This Evening.

A special meeting of the City Council will be held this evening for the purpose of considering the proper disposal of garbage. The Board of Health wish the Council to press forward a measure in favor of a crematory, and if such action is taken the health authorities will permit the temporary dumping of garbage to continue in certain parts of the city. In case the Council does not take means to secure the destroyal of the city's refuge the garbage men will be notified that they are liable to arrest if they continue their business.

Health Officer Mayon has caused invitations to be sent to those interested in the crematory project to attend the Council meeting tonight.

THE FIRST STONE LAID.

English Lutherans Start on Their New Church.

Sacred Exercises Accompany the Birth of the Building.

The cornerstone of the English Lutheran church was laid yesterday at the southwest corner of Sixteenth and Grove streets. The exercises were under the direction of Rev. J. E. Bushnell, D. D., and P. M. Fisher, who is one of the trustees. The other arrangements were under the direction of William Moller, who is one of the most energetic members of the society.

The church will be a beautiful structure and will cost $10,000. The lot on which it will stand cost $13,000. The box placed in the cavity of the stone contained a number of articles connected with the history of the church.

The exercises opened with the singing of a solo by Miss Vose. Then followed the reading of the 132nd Psalm and the singing of "Gloria Tibi." The sermon was delivered by Rev. J. S. Simon, of the First English Lutheran church of San Francisco.

"The act which we this day perform in the name of the Most High," he said, "is a symbolical act. By the laying of this material corner stone we declare, in a fitting and biblical figure, our faith in the foundation upon which the church is built—the Lord Jesus Christ. As the corner stone in the physical structure binds the various parts into one harmonious whole, so Christ makes out of diverse elements the one church of God upon the earth, and it is only as they are bound together in Him that they are of the Kingdom.

"This foundation is of God's laying, and besides it there is no other foundation upon which He commands man to build: 'Other foundation can no man lay than that is laid, which is Jesus Christ.'

"We notice the first characteristic of this foundation of the church that it is a tried foundation. The religion we profess is no novelty in the world, and, therefore, it is not an untried thing, which, when tried, might be proved worthless. It has been tried in every possible way that human malice and hellish ingenuity could invent, but it has come out of it all without even so much as the smell of fire upon its garments, and it stands upon the only sure foundation for the hopes of the immortal soul."

Mr. Simon then briefly referred to the various persecutions which the church of Christ had experienced and showed how she still outlives all of them.

At the conclusion of Rev. Mr. Simon's address Rev. A. M. Leveau made an address in Swedish, the Misses Noble played a cornet and trombone duet, and John Everding, treasurer of the California synod, delivered congratulatory remarks. The exercises closed with the singing of the doxology.

SHOWS THAT WILL PLEASE

Fine Repertoire to Be Given by the Lyceum Company.

The Marionettes Start Up Tonight at the Oakland Theater.

It is perhaps an indication of the times that so many of the prominent playwrights of the world have lately taken to producing plays in which the question of the comparative rights of the sexes are freely discussed. The "new woman" is having her innings now in the public mind, and the stage naturally is a reflection of life around us. Until recently, however, the question of the sexes has been treated seriously upon the stage, and the idea of its availability as a humorous topic had seemed to escape observation.

Now it has been illustrated by the manner in which it is used in "The Case of Rebellious Susan," by Henry Arthur Jones, which the Lyceum Theater Company will present tomorrow evening at the Macdonough theater. It is rather a curious circumstance that Mr. Jones, whose previous stage work has all been of a serious nature, should have made his first essay into the field of humor with a topic which has never previously been treated other than seriously. His story is a case of reprisals between husband and wife, with the wife's guilt not proven, and even the audience left It is most ingenius and highly amusing.

On Wednesday evening this company will produce the latest English society comedy, "An Ideal Husband."

The farewell performance on Thursday evening will be Pinero's latest success, "The Amazons."

For the special Wednesday matinee "The Wife" will be presented. The demand for seats is very large, ensuring large houses.

THE OAKLAND THEATER.

Messrs. Mae[illegible] and Vonola have leased the Oakland theater for one week beginning tonight. They will present "The Royal Marionettes." A Saturday matinee will be given. These are the only "Marionettes" in America, and are new, beautiful, wonderful and refined, such as the old folks have seen and been delighted with in their younger days. These wonderful mechanical figures walk, talk, sing, dance, act and play musical instruments like real people. They imitate every action and situation of theatrical performance. This is an entertainment for two and one-half hours of mirth and laughter.

"THE CRIME OF A CENTURY."

W. R. Dailey, the well-known theatrical man, was in town today to make arrangements for the production of "The Crime of a Century" at the Oakland theater. This is the play that was stopped by Judge Murphy in San Francisco after the first act, but which the Supreme Court has, under a writ of ceritorari, now enabled Mr. Dailey to again produce until the case is heard in banc by them on September 2d.

The scenery of this show for the Oakland theater is a great stroke of enterprise on the part of Manager Collins, as it is certain to pack the house during its stay here. There is no fear of any legal intervention, as the Supreme Court order now protects the play.

POLICE ROUND-UPS.

Crime in All Its Variety as Seen at the City Hall.

The Sporting Life gang suffered an intrusion by the police force yesterday, and as a result several of its members were brought up before Judge Wood this morning.

Frank Nolan, a leading member, got on a drunk and started out to find a fight. He apparently succeeded, for when arrested by Officer Curtis he was sent to the hospital to have a few scalp wounds dressed. He pleaded not guilty to drunk and using vulgar language and his trial was set for August 14th.

Charles Lawsen and Frank Becht were taken in by Chief Lloyd and charged with vagrancy. Lawson and Becht protested their innocence. The court will deal further with their cases on the 14th.

Justin Rice, the cowboy preacher and his wife, Margaret, failed to appear for sentence. They were allowed liberty on their own recognizances some time ago and took the opportunity to leave the State. Mr. Melvin was sworn and told of seeing them in Portland, Or. He said they had told him they had no intention of returning to California, so he asked that the cases be dismissed. The court suspended judgment.

Gus Barman, a colored barber, went on a little time yesterday. This was the first occasion his feet had wandered from the paths of sobriety and decorum in seven years and, although he was charged with disturbing the peace and vulgar language, he was allowed to go upon payment of $5 fine.

J. M. Vail, charged with battery, compromised with the prosecuting witness and was allowed to go upon payment of $5 costs.

The passing of sentence on Charles Madison, found guilty of battery, was continued until September 11th.

Jane Doe Soores, charged with battery, had her bail reduced from $30 to $5 and her case continued to August 13th to plead.

MANY CHANGES.

A New System Inaugurated in the High School.

With the opening of the Oakland High school many changes have been made, which Mr. McChesney and the teachers think are advantageous. The work will be simplified and more accomplished in the end.

Hitherto in the department of ancient languages Greek has been an extra study, breaking into the regular course of those who took it. Now there will be two terms of Greek, which will come in the regular classical course.

Geometry and algebra will be combined to a great extent. In the junior year they will alternate day by day, algebra three times a week and geometry twice. In the middle this ratio will be reversed. Before in the high middle two hours were spent daily on mathematics while only a few had mathematics at all in the low senior. From now on five terms will be devoted to this branch with an elective higher course in the high senior. Thus no pupil will have more than one hour a day.

The drawing, hitherto taking three years, Mr. Garin will condense and now the course will be finished in two years. The professor expects to accomplish the same results in less time.

English and history will work hand-in-hand, the works studied in English bearing more directly on history being studied. Last year history and English alternaated day by day in the low middle year. After this the low middle will be devoted to history, the high middle to English and again in the low senior history will be taken up. This, however, will not take the entire term and the remaining time will be spent in English.

By these changes the faculty hope to save the pupil much work. The courses are more distinct and he will leave the High school more thoroughly educated in the branch he chose at the beginning of his junior year.

FOUND DEAD.

Joseph A. Pray, Once of Oakland, Meets a Violent End.

Joseph A. Pray, formerly a well-known resident of this city, died in Los Banos, Merced county, last week, under circumstances which shocked that community, in which Pray was both well-known and esteemed. Pray was a bachelor and lived alone, though he was frequently assisted in "keeping house" by a neighbor named Flansburg. Last Monday night, while on his way to his home, after a hard day's work hauling hay, he was invited to sup at the home of Mr. Flansburg, but declined, stating that it was better weather for drinking water than for eating.

Next morning when Flansburg called at Pray's house to leave a meat safe there, Pray's body was found stretched out on the floor with the feet toward the center of the room, the right hand on the left breast, and the head resting slightly against the wall. A thorough investigation of the remains, the premises and cooking utensils was made. A slight cut was found on the right side of the head, which was made by a long splinter on the wall. Some blood had flown from one of his nostrils, but on his person there were no marks of violence.

An inquest was held and a verdict was returned that death had resulted from ossification of one of the aortic arteries. The deceased leaves a mother, Mrs. H. T. Pray, three sisters, Mrs. E. W. Warren, Mrs. F. E. Miller, and Mrs. J. B. McVay, all of Oakland, and a brother, P. W. Pray, for years a compositor on the San Francisco Chronicle.

The funeral took place under the auspices of Mountain Brow Lodge No. 82, I. O. O. F. It was attended by Mr. Pray's mother and P. W. Pray and Mrs. E. W. Warren of this city.

AFTER AN AMAZON.

An Oakland Woman Who Is in Trouble With the Police.

The residents in the vicinity of Curtiss and Lydia streets have been enjoying a continuous word war and rock battle between the families of Welsh and Lynch, but for the present the feud is off. Lynch swore to a complaint today charging Margaret Welsh with disturbing his peace.

According to the tale of Lynch the fair Margaret is a veritable tartar and kept him and his family in a state of unpleasant excitement all the time.

"She was left alone some time ago," said Mr. Lynch, "and borrowed my little daughter to sleep with her. We lent her the child, but some time ago, when I went away, we wanted her to stay at home as company for her mother. Mrs. Welsh objected to our having her, but we insisted and she gave her up. Ever since then she has made life a burden. Every time we go into our back yard she throws rocks and coal at us until we are compelled to retreat."

A warrant was issued and Lynch left with an officer to point out to him the abode of the formidable Amazon.

DOLAN DROWNED.

A Lad Falls Into the Water at Webster Street Wharf.

Charles Dolan, a 16-year-old lad, fell into the water at the foot of Webster street and was drowned. But for the ignorance of two Italian fishermen Dolan might at the present time be alive. They saw him fall into the water and rowed to his assistance. When they reached him he was unconscious, and, they, thinking this syncope death, did not take him from the water, but tied the body to the stern of their boat and sent for the morgue officials. Life was not fully extinct when the coroner's deputies arrived, but their efforts to revive the lad proved unavailing and in a few moments he was dead. Dolan was an orphan and resided with an uncle at Fifth and Jackson streets. He

HOW TO MAKE A BICYCLE.

It Is Intricate and Costly and Requires Skilled Labor.

Five Hundred Distinct Pieces Go in a High Grade Wheel.

Bicycle manufacturing depends for its success chiefly upon skilled labor. When you skim along lightly and rapidly on your wheel you are apt to think that it is the strength of the component parts that enables you to do this. The strength of the parts is one element, the putting them together is a far more important element, and one that requires the greatest skill.

The price of a wheel in every instance represents the amount of skilled labor in its construction. The materials themselves cost but little. Probably $15 to $20 will represent the cost of material. The rest is labor. So when you buy a high-grade wheel you buy the best that intelligent artisanship can produce. There are but few, or possibly a dozen high-grade wheels made. The cheaper grades are legion.

The various parts of the bicycle must be absolutely perfect and capable of standing exactly their proportion of the whole strain. They must be adjusted with the nicety of a watch in order to get the most out of them. There are 500 parts in a bicycle, counting each spoke separately and the one hundred and fifty and odd maniature steel balls in the bearings. The rivets of the chain, the links, nuts and bolts number 138 separate pieces. The old saying of a chain being only as strong as its weakest link holds good in the bicycle. The chain is naturally a most important feature, ranking in importance with the tire and the rims.

The frame and most of the metal parts of a bicycle of the highest grade are made of Swedish steel, on which, of course, Uncle Sam collects a good, generous tariff. There is an English steel which is also good, but the Swedish has the call. Both are made by secret process. This steel is imported in the form of tubing, and is cut into parts of various lengths, which are brazed together to make the frame. The brazing is all-important to the rigidity of the frame. Without rigidity a wheel would never stand cross-country riding. The brazing is done under enormous heat, and the testing is repeated again and again.

In a bicycle factory, spokes, rims, sprockets, frames, etc., are all tested before they are adjudged to be ready for use. Each of these parts sustains strain that has been figured out to a nicety. The testing machine can exert a tension or compression of from a few ounces up to 100,000 pounds. When the full power is turned on its great jaws can tear apart a solid bar of steel as easily as a child peels a banana.

Each spoke has to stand so many pounds, the frame must do the same, the rim, the chain, the sprockets, hub, the front fork, pedals, cranks, handlebar and even the ball bearings must show that they are absolutely right. The coasting ability of a bicycle depends upon the "true" character of the bearings. To show how finely they are measured it will only be necessary to say that in the largest factoris there is a machine which makes all the parts "true down to one-tenth thousanth of an inch. This is getting bicyclin down to a fine point, but the race for precedence among the big makers is fierce, and seemingly out of keeping with the general hilarity of the sport.

An interesting thing about a high-grade bicycle is what is known in mechanics as the safety factor. Thus in the great high-pressure modern guns the safety factor is twenty, or, in other words, the gun is made twenty times stronger than the strain to be put upon it. Ordinarily guns have a safety factor of ten; boilers of six, bridges of five and other mechanical perducts about four. The bicycle of the old style weighed sixty pounds; the high-grade machine of today weighs eighteen pounds, and the safety factor has been reduced to only 1.25.

This extraordinarily low safety factor is in deference to the demand for lightness, which just now is being carried to an extreme. Another year the tendency will be to make fewer light machines. The figure 1.25 above means that if any part of the wheel is imperfect to the extent of one-quarter of its calculated strength, the machine may be crippled suddenly and the rider may have a bad fall.

It is doubtful if more than one or two manufacturers make the entire wheel. Some of them claim that they do, however. The fact is that the tires the wood rims, the chains and the saddles, and also the lanterns are in most instances made by specialists. This cannot well be otherwise, because the four first mentioned require special knowledge, being really the most important elements of all good wheels. There are any number of tires, but a greatly less number of rims. The wood rim is one of the great discoveries. The wood is preferably white ash or hickory. Some firms use three or four pieces, glued and pressed together—laminated is the trade word—and then curved. The connecting ends are fastend in various ways. It has been found that wood rims have more resiliency—that is, power of resisting shock—than have steel rims. It took years to find this out. Now there is talk of paper rims. But whether made of steel, wood or paper, no rim ever made is able to withstand a collision if it is struck under speed.

PURIFYING THE TOWN.

Chief Lloyd and a Posse Raids Becht's Rooms.

The room of Frank Becht on Washington street between Sixth and Seventh streets was raided yesterday by Chief Lloyd and a posse of officers. Becht and two companions were taken and charged with vagrancy in the city jail.

This is one of the many raids now contemplated by the chief. "There are too many of these 'holes in the wall,' where our toughest element congregate," said Mr. Lloyd, and I intend to break them up. They get into these rooms, smoke opium or use morphine and plan all kind of petty offenses.

It is not so much the damage they themselves do but the evil influence they have upon the younger lads. I intend to break every one of them up and chase the inmates out of town."

The Week's Failures.

The Bradstreet Mercantile Agency reports twenty failures in the Pacific coast states and territories for the past week as compared with twenty-three for the previous week and seventeen for the corresponding week of 1894. The failures for the past week are divided among the trades as follows: Three hotels, 3 general stores, 3 saloons, 2 groceries, two restaurants, 2 drugs, 1 cigars and tobacco, 1 publisher, 1 bank, 1 dry goods and 1 millinery.

Hibernians Celebrate.

The Wolfe Tone Club of San Francisco picnicked at Trestle Glen yesterday. Ex-Judge Cooney delivered an address and John Cooney delivered an officiated as floor manager during tthe dancing.

The Knights of the Red Branch, No. 2, held a celebration at Shellmound park yesterday.

SAVES THE EYES. SAVES THE GAS

THE

MOREY

INCANDESCENT GAS BURNER

It Has Revolutionized Gas Lighting!

Only Sixty Days on the Market and yet the Sale is Enormous.

No parts burn out. The mantels, screens, prisms, used in other burners, are not used in the Morey Burner at all; therefore no parts to repair. The Cheapest Burner used, giving the greatest amount of light for the smallest amount of gas consumed.

The secret of its scintillating brilliancy is perfect combustion, not one iota going to waste—every atom of gas being consumed.

No ghastly, greenish white light, but a natural, mellow, golden sunlight, soothing to the eyes and radiant with power.

The Morey Gas Burner is the best results of long years of study, discovery and invention; and is based solely upon scientific principles. THE HIGHEST POWER OF GAS LIES IN THE BURNER EMPLOYED. The secret of the Morey Burner is the combustion secured.

You may ask why does the Morey Burner give so much more light for the same amount of gas consumed. Our answer is this, gas when burning through an ordinary gas jet, mixes quickly with the air and passes off, not giving time for the light to take up from the air all the oxygen necessary for its proper combustion, therefore it passes off and is wasted. But in the Morey Burner it passes through a perforated circle of 76 small needle-pointed perforations, and the current of air passing on all sides of the blaze supplies sufficient air for the light to take up all the oxygen necessary for its proper combustion, therefore no WASTE OF GAS, NO BLUE BLAZE; all turned to light.

TESTIMONIALS.

SAN FRANCISCO, April, 1895.
Morey Incandescent Gas Co., City—
GENTLEMEN: We are more than pleased with the lamp we recently purchased from you, and instead of using three burners, which we formerly were compelled to do in our private office, we now get a better light from the one which you put in.
As soon as we fix up our offices will use them altogether in each of the departments.
Please have one of your representatives call on us about the 15th of May.
Yours truly,
S. P. TAYLOR CO.

SAN FRANCISCO, April 26, 1895.
Morey Gas Burner Co., San Francisco.—
GENTLEMEN: In reply to your question as to how I like the burners, would say: I am using six of your burners in place of nine of the old style. I get a great deal more light and am very well satisfied in every way. You can refer to me if you wish. Yours respectfully,
H. SUTLIFF.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency, S. F., Cal.—
DEAR SIRS: I have been in business in this city 35 years, during which time I have used every patent burner ever presented. The Morey is the only burner that has ever given complete satisfaction. In economy of gas, brilliancy of illumination, steadiness of light and simplicity and durability of construction, it is marvelous.
Yours truly,
617 Merchant street. JAMES GIBB.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Agency, S. F., Cal.—
GENTLEMEN: The trial that I have given the Morey Burner has resulted to my entire satisfaction. It gives a very nice, steady, even light, and find it equal to more than two ordinary burners.
Respectfully,
14 Spear street. CHAS. E. DUGAN.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency, S. F., Cal.—
DEAR SIRS: The Morey Incandescent Gas Burners placed in my residence give thorough satisfaction. The light is soft and abundant, increasing the ordinary lava tip light at least three times without consuming more gas. Very truly,
627 Twenty-first st. GEO. W. SCHELL.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Co., S. F.—
DEAR SIRS: We have replaced six ordinary burners in our store with two of your burners to our entire satisfaction. Nothing is the matter with the Morey Burner.
Sincerely yours,
731 Market street. THAIN BROS.

SAN FRANCISCO, April, 1895.
Morey Gas Burner Agency, S. F.—
GENTLEMEN: Have used your burner for some time. We find the same satisfactory and can recommend it as being the best up to date. Respectfully,
914 Market st NICOLL, the Tailor.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Co.—
GENTLEMEN: Replying as to how we find the Gas Burners, would say that they give the best satisfaction. The statements in your circulars are correct.
Yours truly,
427 Hayes street. W. RANKE & Co.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency, S. F.—
DEAR SIRS: The burners that I bought of you have now been in use quite a while and I am very much pleased with them. They certainly give over three times the light from the same gas. Will probably need two more soon. Yours truly,
507 Kearny street. C. HOULT & Co.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency—
DEAR SIRS: We like the Morey Burners very much. For example: One Morey Burner replaces three jets in our club room. They are gas savers sure.
KRAMER & PETERSEN.
621-623 California street.

SAN FRANCISCO, April 26, 1895.
Morey Gas Burner Agency—
DEAR SIRS: The Morey Gas Burner is a winner. I have tried nearly every burner and regulator that has come out and this is the first burner that seems to fill the bill. You are at perfect liberty to refer to my gas bills and to me to show their economy. Very truly,
CHARLES AUGUSTUS JONAS.
21 Third street.

SAN FRANCISCO, April 25 1895.
Morey Gas Burner Agency—
DEAR SIRS: We like the burner you sold us very much. We are getting a hundred per cent. more light and cannot see that our gas bill is any larger. It is a clear light to display goods by. Sincerely,
901 McAllister st. W. MO[illegible] & Co.

SAN FRANCISCO, April 21, 1895.
Morey Gas Agency, San Francisco.
DEAR SIRS: We like the Morey Burner It is just the thing for a tailor shop.
Yours, etc.,
526½ Hayes st. M. GOODMAN.

SAN FRANCISCO, April 21, 1895.
Morey Gas Burner Agency, S. F.—DEAR SIRS: Replying to your question as to how we like your burners, would say that we are using four in our place and further that your statements regarding their merits are correct. They give a clear, steady light and no smoke and are economical and highly satisfactory. You may send us two more. Very truly yours,
719 Market st. FERGUSON & CURLEY.

OAKLAND, April 9 1895.
C. E. Hills Esq., Agent Morey Gas Burner, Oakland, Cal.—
DEAR SIR: Regarding the Morey Burner we wish to say that we have given it, as well as many others, a very thorough test. It burns gasoline gas perfectly, and gives a stronger, clearer and steadier light with less gas than any other burner we know of.
Yours very truly,
B. FRANK HAND & Co.
The Universal Light and Fuel Machine,

A few testimonials from people in Oakland who have tried the Morey Gas Burner.

C. C. Miller, Boulevard Terrace, says—Your burner gives a grand light

J. H. Grindley, 1424 Eighth street, says—Your burner gives the best light we ever saw produced from gas.

Mr. Ellis, with Sperry Flour Co., says—We are more than pleased with the Morey Gas Burner. I would not believe it possible to get so much light from so little gas.

Pierce Hardware Co.—The Morey Gas Burner gives a better light than we ever had in our offices.

Mr. Hubbard, 118 Thirteenth street—I have tested the Morey gas burner on a chandelier with a Welsbach and believe the Morey Burner superior to all others.

Richard Tiddy, Bay City Market S. F.—I am delighted with the light produced by the Morey Gas Burner you put in for me; five times the light; 25 per cent less gas. I can see to read in any part of the room.

Val Schmidt, druggist, Polk and Jackson streets, S. F.—Your light is a grand success.

Mrs. Melvin, 1363 Franklin street, Oakland—Your burner gives a beautiful light; we are very much pleased with it.

Heron & Holcomb, 1050 Broadway—The Morey Burner gives the most light for the amount of gas consumed that we ever saw.

Mrs. Val Schmidt, 2216 Van Ness avenue—I am delighted with the Morey Gas Burner that you placed in my rooms. The light is so clear and soft, it is just lovely.

Exclusive territory granted on proper order. Oregon, Nevada, Washington and Arizona given as a whole. California allotted in districts. No such opportunity for agents ever presented.

Sample Lights, $3. Only one light sold to one person at that price.

SHOWS THAT WILL PLEASE

Fine Repertoire to Be Given by the Lyceum Company.

The Marionettes Start Up Tonight at the Oakland Theater.

It is perhaps an indication of the times that so many of the prominent playwrights of the world have lately taken to producing plays in which the question of the comparative rights of the sexes are freely discussed. The "new woman" is having her innings now in the public mind, and the stage naturally is a reflection of life around us. Until recently, however, the question of the sexes has been treated seriously upon the stage, and the idea of its availability as a humorous topic had seemed to escape observation.

Now it has been illustrated by the manner in which it is used in "The Case of Rebellious Susan," by Henry Arthur Jones, which the Lyceum Theater Company will present tomorrow evening at the Macdonough theater. It is rather a curious circumstance that Mr. Jones, whose previous stage work has all been of a serious nature, should have made his first essay into the field of humor with a topic which has never previously been treated other than seriously. His story is a case of reprisals between husband and wife, with the wife's guilt not proven, and even the audience left. It is most ingenius and highly amusing.

On Wednesday evening this company will produce the latest English society comedy, "An Ideal Husband."

The farewell performance on Thursday evening will be Pinero's latest success, "The Amazons."

For the special Wednesday matinee "The Wife" will be presented. The demand for seats is very large, ensuring large houses.

THE OAKLAND THEATER.

Messrs. Mace and Vonola have leased the Oakland theater for one week beginning tonight. They will present "The Royal Marionettes." A Saturday matinee will be given. These are the only "Marionettes" in America, and are new, beautiful, wonderful and refined, such as the old folks have seen and been delighted with in their younger days. These wonderful mechanical figures walk, talk, sing, dance, act and play musical instruments like real people. They imitate every action and situation of theatrical performance. This is an entertainment for two and one-half hours of mirth and laughter.

"THE CRIME OF A CENTURY."

W. R. Dailey, the well-known theatrical man, was in town today to make arrangements for the production of "The Crime of a Century" at the Oakland theater. This is the play that was stopped by Judge Murphy in San Francisco after the first act, but which the Supreme Court has, under a writ of ceritorari, now enabled Mr. Dailey to again produce until the case is heard in banc by them on September 2d.

The scenery of this show for the Oakland theater is a great stroke of enterprise on the part of Manager Collins, as it is certain to pack the house during its stay here. There is no fear of any legal intervention, as the Supreme Court order now protects the play.

POLICE ROUND-UPS.

Crime in All Its Variety as Seen at the City Hall.

The Sporting Life gang suffered an intrusion by the police force yesterday, and as a result several of its members were brought up before Judge Wood this morning.

Frank Nolan, a leading member, got on a drunk and started out to find a fight. He apparently succeeded, for when arrested by Officer Curtis he was sent to the hospital to have a few scalp wounds dressed. He pleaded not guilty to drunk and using vulgar language and his trial was set for August 14th.

Charles Lawsen and Frank Becht were taken in by Chief Lloyd and charged with vagrancy. Lawson and Becht protested their innocence. The court will deal further with their cases on the 14th.

Justin Rice, the cowboy preacher and his wife, Margaret, failed to appear for sentence. They were allowed liberty on their own recognizances some time ago and took the opportunity to leave the State. Mr. Melvin was sworn and told of seeing them in Portland, Or. He said they had told him they had no intention of returning to California, so he asked that the cases be dismissed. The court suspended judgment.

Gus Harman, a colored barber, went on a little time yesterday. This was the first occasion his feet had wandered from the paths of sobriety and decorum in seven years and, although he was charged with disturbing the peace and vulgar language, he was allowed to go upon payment of $5 fine.

J. M. Vail, charged with battery, compromised with the prosecuting witness and was allowed to go upon payment of $5 costs.

The passing of sentence on Charles Madison found guilty of battery, was continued until September 11th.

Jane Doe Soores, charged with battery, had her ball reduced from $30 to $5 and her case continued to August 13th to plead.

MANY CHANGES.

A New System Inaugurated in the High School.

With the opening of the Oakland High school many changes have been made, which Mr. McChesney and the teachers think are advantageous. The work will be simplified and more accomplished in the end.

Hitherto in the department of ancient languages Greek has been an extra study, breaking into the regular course of those who took it. Now there will be two terms of Greek, which will come in the regular classical course.

Geometry and algebra will be combined to a great extent. In the junior year they will alternate day by day, algebra three times a week and geometry twice. In the middle this ratio will be reversed. Before in the high middle two hours were spent daily on mathematics while only a few had mathematics at all in the low senior. From now on five terms will be devoted to this branch with an elective higher course in the high senior. Thus no pupil will have more than one hour a day.

The drawing, hitherto taking three years, Mr. Garin will condense and now the course will be finished in two years. The professor expects to accomplish the same results in less time.

English and history will work hand-in-hand, the works studied in English bearing more directly on history being studied. Last year history and English alternaated day by day in the low middle year. After this the low middle will be devoted to history, the high middle to English and again in the low senior history will be taken up. This however, will not take the entire term and the remaining time will be spent in English.

By these changes the faculty hope to save the pupil much work. The courses are more distinct and he will leave the High school more thoroughly educated in the branch he chose at the beginning of his junior year.

FOUND DEAD.

Joseph A. Pray, Once of Oakland, Meets a Violent End.

Joseph A Pray, formerly a well-known resident of this city, died in Los Banos, Merced county, last week, under circumstances which shocked that community, in which Pray was both well-known and esteemed. Pray was a bachelor and lived alone, though he was frequently assisted in "keeping house" by a neighbor named Flansburg. Last Monday night, while on his way to his home, after a hard day's work hauling hay he was invited to sup at the home of Mr. Flansburg, but declined, stating that it was better weather for drinking water than for eating.

Next morning when Flansburg called at Pray's house to leave a meat safe there, Pray's body was found stretched out on the floor with the feet toward the center of the room, the right hand on the left breast, and the head resting slightly against the wall. A thorough investigation of the remains, the premises and cooking utensils was made. A slight cut was found on the right side of the head, which was made by a long splinter on the wall. Some blood had flown from one of his nostrils, but on his person there were no marks of violence.

An inquest was held and a verdict was returned that death had resulted from ossification of one of the aortic arteries. The deceased leaves a mother, Mrs. H. T. Pray, three sisters, Mrs. E. W. Warren, Mrs. F. E. Miller, and Mrs. J. B. McVay, all of Oakland, and a brother, P. W. Pray, for years a compositor on the San Francisco Chronicle.

The funeral took place under the auspices of Mountain Brow Lodge No. 82, I. O. O. F. It was attended by Mr. Pray's mother and P. W. Pray and Mrs. E. W. Warren of this city.

AFTER AN AMAZON.

An Oakland Woman Who Is in Trouble With the Police.

The residents in the vicinity of Curtiss and Lydia streets have been enjoying a continuous word war and rock battle between the families of Welsh and Lynch, but for the present the feud is off. Lynch swore to a complaint today charging Margaret Welsh with disturbing his peace.

According to the tale of Lynch the fair Margaret is a veritable tartar and kept him and his family in a state of unpleasant excitement all the time.

"She was left alone some time ago," said Mr. Lynch, "and borrowed my little daughter to sleep with her. We lent her the child, but some time ago, when I went away, we wanted her to stay at home as company for her mother. Mrs. Welsh objected to our having her, but we insisted and she gave her up. Ever since then she has made life a burden. Every time we go into our back yard she throws rocks and coal at us until we are compelled to retreat."

A warrant was issued and Lynch left with an officer to point out to him the abode of the formidable Amazon.

DOLAN DROWNED.

A Lad Falls Into the Water at Webster Street Wharf.

Charles Dolan, a 16-year-old lad, fell into the water at the foot of Webster street and was drowned. But for the ignorance of two Italian fishermen Dolan might at the present time be alive. They saw him fall into the water and rowed to his assistance. When they reached him he was unconscious, and, they, thinking this syncope death, did not take him from the water, but tied the body to the stern of their boat and sent for the morgue officials. Life was not fully extinct when the coroner's deputies arrived, but their efforts to revive the lad proved unavailing and in a few moments he was dead. Dolan was an orphan and resided with an uncle at Fifth and Jackson streets. He

HOW TO MAKE A BICYCLE.

It Is Intricate and Costly and Requires Skilled Labor.

Five Hundred Distinct Pieces Go in a High Grade Wheel.

Bicycle manufacturing depends for its success chiefly upon skilled labor. When you skim along lightly and rapidly on your wheel you are apt to think that it is the strength of the component parts that enables you to do this. The strength of the parts is one element, the putting them together is a far more important element, and one that requires the greatest skill.

The price of a wheel in every instance represents the amount of skilled labor in its construction. The materials themselves cost but little. Probably $15 to $20 will represent the cost of material. The rest is labor. So when you buy a high-grade wheel you buy the best that intelligent artisanship can produce. There are but few, or possibly a dozen high-grade wheels made. The cheaper grades are legion.

The various parts of the bicycle must be absolutely perfect and capable of standing exactly their proportion of the whole strain. They must be adjusted with the nicety of a watch in order to get the most out of them. There are 500 parts in a bicycle, counting each spoke separately and the one hundred and fifty and odd maniature steel balls in the bearings. The rivets of the chain, the links, nuts and bolts number 138 separate pieces. The old saying of a chain being only as strong as its weakest link holds good in the bicycle. The chain is naturally a most important feature, ranking in importance with the tire and the rims.

The frame and most of the metal parts of a bicycle of the highest grade are made of Swedish steel, on which, of course, Uncle Sam collects a good, generous tariff. There is an English steel which is also good, but the Swedish has the call. Both are made by secret process. This steel is imported in the form of tubing, and is cut into parts of various lengths, which are brazed together to make the frame. The brazing is all-important to the rigidity of the frame. Without rigidity a wheel would never stand cross-country riding. The brazing is done under enormous heat, and the testing is repeated again and again.

In a bicycle factory, spokes, rims, sprockets, frames, etc., are all tested before they are adjudged to be ready for use. Each of these parts sustains strain that has been figured out to a nicety. The testing machine can exert a tension or compression of from a few ounces up to 100,000 pounds. When the full power is turned on its great jaws can tear apart a solid bar of steel as easily as a child peels a banana.

Each spoke has to stand so many pounds, the frame must do the same, the rim, the chain, the sprockets, hub, the front fork, pedals, cranks, handlebar and even the ball bearings must show that they are absolutely right. The coasting ability of a bicycle depends upon the "true" character of the bearings. To show how finely they are measured it will only be necessary to say that in the largest factories there is a machine which makes all the parts "true down to one-tenth thousandth of an inch. This is getting bicyclin down to a fine point, but the race for precedence among the big makers is fierce, and seemingly out of keeping with the general hilarity of the sport.

An interesting thing about a high-grade bicycle is what is known in mechanics as the safety factor. Thus in the great high-pressure modern guns the safety factor is twenty, or, in other words, the gun is made twenty times stronger than the strain to be put upon it. Ordinarily guns have a safety factor of ten; boilers of six, bridges of five and other mechanical porducts about four. The bicycle of the old style weighed sixty pounds, the high-grade machine of today weighs eighteen pounds and the safety factor has been reduced to only 1.25.

This extraordinarily low safety factor is in deference to the demand for lightness, which just now is being carried to an extreme. Another year the tendency will be to make fewer light machines. The figure 1.25 above means that if any part of the wheel is imperfect to the extent of one-quarter of its calculated strength, the machine may be crippled suddenly and the rider may have a bad fall.

It is doubtful if more than one or two manufacturers make the entire wheel. Some of them claim that they do, however. The fact is that the tires the wood rims, the chains and the saddles, and also the lanterns are in most instances made by specialists. This cannot well be otherwise, because the four first mentioned require special knowledge, being really the most important elements of all good wheels. There are any number of tires, but a greatly less number of rims. The wood rim is one of the great discoveries. The wood is preferably white ash or hickory. Some firms use three or four pieces, glued and pressed together—laminated is the trade word—and then curved. The connecting ends are fastened in various ways. It has been found that wood rims have more resiliency—that is, power of resisting shock—than have steel rims. It took years to find this out. Now there is talk of paper rims. But whether made of steel, wood or paper, no rim ever made is able to withstand a collision if it is struck under speed.

PURIFYING THE TOWN.

Chief Lloyd and a Posse Raids Becht's Rooms.

The room of Frank Becht on Washington street between Sixth and Seventh streets was raided yesterday by Chief Lloyd and a posse of officers. Becht and two companions were taken and charged with vagrancy in the city jail.

This is one of the many raids now contemplated by the chief. "There are too many of these 'holes in the wall,' where our toughest element congregate," said Mr. Lloyd, and I intend to break them up. They get into these rooms, smoke opium or use morphine and plan all kind of petty offenses.

It is not so much the damage they themselves do but the evil influence they have upon the younger lads. I intend to break every one of them up and chase the inmates out of town."

The Week's Failures.

The Bradstreet Mercantile Agency reports twenty failures in the Pacific coast states and territories for the past week as compared with twenty-three for the previous week and seventeen for the corresponding week of 1894. The failures for the past week are divided among the trades as follows: Three hotels, 3 general stores, 3 saloons, 2 groceries, two restaurants, 2 drugs, 1 cigars and tobacco, 1 publisher, 1 bank, 1 dry goods and 1 millinery.

Hibernians Celebrate.

The Wolfe Tone Club of San Francisco picnicked at Trestle Glen yesterday. Ex-Judge Cooney delivered an address and John Cooney delivered an officiated as floor manager during tthe dancing.

The Knights of the Red Branch, No. 2, held a celebration at Shellmound park yesterday.

SAVES THE EYES. SAVES THE GAS

THE

MOREY

INCANDESCENT GAS BURNER

It Has Revolutionized Gas Lighting!

Only Sixty Days on the Market and yet the Sale is Enormous.

No parts burn out. The mantels, screens, prisms, used in other burners, are not used in the Morey Burner at all; therefore no parts to repair. The Cheapest Burner used, giving the greatest amount of light for the smallest amount of gas consumed.

The secret of its scintillating brilliancy is **perfect combustion,** not one iota going to waste—every atom of gas being consumed.

No ghastly, greenish white light, but a natural, mellow, golden sunlight, soothing to the eyes and radiant with power.

The Morey Gas Burner is the best results of long years of study, discovery and invention; and is based solely upon scientific principles. THE HIGHEST POWER OF GAS LIES IN THE BURNER EMPLOYED. The secret of the Morey Burner is the combustion secured.

You may ask why does the Morey Burner give so much more light for the same amount of gas consumed. Our answer is this, gas when coming through an ordinary gas jet, mixes quickly with the air and passes off not giving time for the light to take up from the air all the oxygen necessary for its proper combustion, therefore it passes off and is wasted. But in the Morey Burner it passes through a perforated circle of 76 small needle-pointed perforations, and the current of air passing on all sides of the blaze supplies sufficient air for the light to take up all the oxygen necessary for its proper combustion, therefore no WASTE OF GAS, NO BLUE BLAZE; all turned to light.

TESTIMONIALS.

SAN FRANCISCO, April, 1895.
Morey Incandescent Gas Co., City—
GENTLEMEN: We are more than pleased with the lamp we recently purchased from you, and instead of using three burners, which we formerly were compelled to do in our private office, we now get a better light from the *one* which you put in.
As soon as we fix up our offices will use them altogether in each of the departments.
Please have one of your representatives call on us about the 15th of May.
Yours truly,
S. P. TAYLOR CO.

SAN FRANCISCO, April 26, 1895.
Morey Gas Burner Co., San Francisco.—
GENTLEMEN: In reply to your question as to how I like the burners, would say: I am using six of your burners in place of nine of the old style. I get a great deal more light and am very well satisfied in every way. You can refer to me if you wish. Yours respectfully,
H. SUTLIFF.

SAN FRANCISCO, April 21, 1895.
Morey Gas Burner Agency, S. F., Cal.—
DEAR SIRS: I have been in business in this city 35 years, during which time I have used every patent burner ever presented. The Morey is the only burner that has ever given complete satisfaction. In economy of gas, brilliancy of illumination, steadiness of light and simplicity and durability of construction, it is marvelous.
Yours truly,
617 Merchant street. JAMES GIBB.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Agency, S. F., Cal.—
GENTLEMEN: The trial that I have given the Morey Burner has resulted to my entire satisfaction. It gives a very nice, steady, even light, and find it equal to more than two ordinary burners.
Respectfully,
14 Spear street. CHAS. E. DUGAN.

SAN FRANCISCO, April 21 1895.
Morey Gas Burner Agency, S. F., Cal.—
DEAR SIRS: The Morey Incandescent Gas Burners placed in my residence give thorough satisfaction. The light is soft and abundant, increasing the ordinary lava tip light at least three times without consuming more gas. Very truly,
627 Twenty-first st. GEO. W. SCHELL.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Co., S. F.—
DEAR SIRS: We have replaced six ordinary burners in our store with two of your burners to our entire satisfaction. Nothing is the matter with the Morey Burner.
Sincerely yours,
731 Market street. THAIN BROS.

SAN FRANCISCO, April, 1895.
Morey Gas Burner Agency, S. F.—
GENTLEMEN: Have used your burner for some time. We find the same satisfactory and can recommend it as being the best up to date. Respectfully,
914 Market st NICOLL, the Tailor.

SAN FRANCISCO, April 25, 1895.
Morey Gas Burner Co.—
GENTLEMEN: Replying as to how we find the Gas Burners, would say that they give the best satisfaction. The statements in your circulars are correct.
Yours truly,
427 Hayes street. W. RANKE & CO.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency, S. F.—
DEAR SIRS: The burners that I bought of you have now been in use quite a while and I am very much pleased with them. They certainly give over three times the light from the same gas. Will probably need two more soon. Yours truly,
537 Kearny street. C. HOTTER & CO.

SAN FRANCISCO, April 24, 1895.
Morey Gas Burner Agency—
DEAR SIRS: We like the Morey Burners very much. For example: One Morey Burner replaces three jets in our club room. They are gas savers, sure.
KRAMER & PETERSEN.
621-623 California street.

SAN FRANCISCO, April 26, 1895.
Morey Gas Burner Agency—
DEAR SIRS: The Morey Gas Burner is a winner. I have tried nearly every burner and regulator that has come out and this is the first burner that seems to fill the bill. You are at perfect liberty to refer to my gas bills and to me to show their economy. Very truly,
CHARLES [illegible] JONAS.
21 Third street.

SAN FRANCISCO, April 25 1895.
Morey Gas Burner Agency—
DEAR SIRS: We like the burner you sold us very much. We are getting a hundred per cent. more light and cannot see that our gas bill is any larger. It is a clear light to dine by, good by. Sincerely,
931 McAllister st. W. MORITZ & CO.

SAN FRANCISCO, April 24, 1895.
Morey Gas Agency, San Francisco.
DEAR SIRS: We like the Morey Burner. It is just the thing for a tailor shop.
Yours, etc.,
523½ Hayes st. M. GOODMAN.

SAN FRANCISCO, April 21, 1895.
Morey Gas Burner Agency, S. F.—DEAR SIRS: Replying to your question as to how we like your burners, would say that we are using four in our place and further that your statements regarding their merits are correct. They give a clear steady light and no smoke and are economical and highly satisfactory. You may send us two more. Very truly yours,
719 Market st. FRIEDMAN & CONLEY.

OAKLAND, April 9 1895.
C. E. Hills Esq., Agent Morey Gas Burner, Oakland, Cal.—
DEAR SIR: Regarding the Morey Burner we wish to say that we have given it, as well as many others, a very thorough test. It burns gasoline gas perfectly, and gives a stronger, clearer and steadier light with less gas than any other burner we know of.
Yours very truly,
B. FRANK HAND & CO.
The Universal Light and Fuel Machine,
521 Fifteenth street.

A few testimonials from people in Oakland who have tried the Morey Gas Burner.

C. C. Miller, Boulevard Terrace, says—Your burner gives a grand light.

J. H. Grindley, 1424 Eighth street, says—Your burner gives the best light we ever saw produced from gas.

Mr. Ellis, with Sperry Flour Co., says—We are more than pleased with the Morey Gas Burner. I would not believe it possible to get so much light from so little gas.

Pierce Hardware Co.—The Morey Gas Burner gives a better light than we ever had in our offices.

Mr. Hubbard, 118 Thirteenth street—I have tested the Morey gas burner on a chandelier with a Welsbach and believe the Morey Burner superior to all others.

Richard Tiddy, Bay City Market S. F.—I am delighted with the light produced by the Morey Gas Burner you put in for me; five times the light; 25 per cent less gas. I can see to read in any part of the room.

Val Schmidt, druggist, Polk and Jackson streets, S. F.—Your light is a grand success.

Mrs. Melvin, 1363 Franklin street, Oakland—Your burner gives a beautiful light; we are very much pleased with it.

Heron & Holcomb, 1050 Broadway—The Morey Burner gives the most light for the amount of gas consumed that we ever saw.

Mrs. Val Schmidt, 2210 Van Ness avenue—I am delighted with the Morey Gas Burner that you placed in my rooms. The light is so clear and soft, it is just lovely.

Exclusive territory granted on proper order. Oregon, Nevada, Washington and Arizona given as a whole. California allotted in districts. No such opportunity for agents ever presented.

Sample Lights, $3. Only one light sold to one person at that price.
